**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Mage Knight 2.0 Starter Set** Various,Wizkids LLC,2003-11-01 Plunder, struggle, and betrayal have redrawn the maps of the Land. Now Mage Knight is all new! *Communicating Process Architectures 2001* World Occam and Transputer User Group. Technical Meeting,World Occam and Transputer User Group, Technical Meeting,2001 Concurrency is an integral part of everyday life. The concept is so ingrained in our existence that we benefit from it without realizing. When faced with a taxing problem, we automatically involve others to solve it more easily. Such concurrent solutions to a complex problem may, however, not be quite straightforward and communication becomes crucial to ensure the successful solution of the problem.

If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, If Anything Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

**Russia Under the Old Regime** Richard Pipes,1992 The author traces with compelling detail the evolution of the Russian state, where the Tsar claimed to own the land and its inhabitants as if they were his own personal property. Professor Pipes analyzes the political behavior of Russia's peasantry, nobility and bourgeoisie as well as its clergy, showing why none of them could limit the absolute power of the state. He discusses how the intelligentsia challenged the Tsars' power, leading to increased repression and Russia's development as a bureaucratic police state. This sweeping epic brings Russia's turbulent history to life and helps us better understand the roots of modern Russia.

**The Mammoth Book of Awesome Comic Fantasy** Mike Ashley,2014-04-11 A new and truly awesome collection of comic fantasy masterpieces! It isn't often you find a posse of Greek goddesses putting down insurrection among unruly classical mortals, stranded aliens escaping earth in a church converted into a rocket, or a light-fingered time-traveller attempting to steal the universe - but here they all are, in another selection of bizarre comic fantasies.

Frostburn Wolfgang Baur,James Jacobs,George Strayton,2004 A complete guide to playing D&D in the ice and snow. This 4-color supplement begins a new series of releases that focus on how the environment can affect D&D gameplay in every capacity. Frostburn contains rules on how to adapt to hazardous cold-weather conditions, such as navigating terrain with snow and ice and surviving in bitter cold or harsh weather. There are expanded rules for environmental hazards and manipulation of cold weather elements, as well as new spells, feats, magic items, and prestige classes. New monsters associated with icy realms are included, as well as variants on current monsters. There is enough adventure material included for months of gameplay.

*Dissenting Opinions* Michael Sexton,2020-06-17 The term dissenting opinions is normally used in the law to describe the judgments of those members of appellate courts who take a different view in a particular case from their colleagues who form the majority and effectively decide the question before the court. I have used it, however, in relation to this collection of articles and book reviews published over several decades because they proposed in the main a departure from what might be characterised as the conventional wisdom, that is, the views and values of those who preside over most public and private intuitions in Australia, including much of the media. I do not suggest for a moment that there has been any disadvantage to myself as a result of these publications but I have suggested in some of the pieces concerning the relatively recent phenomenon of political correctness that this climate of conformity has had a chilling effect on public debate. And that young people embarking on their careers now have to be wary of expressing unconventional opinions. This is even - and perhaps particularly - so in universities which historically were places where established ideas were always open to challenge. Although some of these pieces are from earlier periods, most concern questions that are still controversial and can be taken as a contribution to those on-going discussions. Most importantly, however, they represent the hope that there will be much greater scope in the immediate future for the full-blooded public debate of social, economic and political issues in Australia.
