DragonArt Jessica Neon Dragon Pepper, 2005-09-25 How to Draw a Dragon: Cautiously approach the dragon, offer it a piece of candy or a little sister, and draw while it happily munches away. From the artist behind the wildly popular NeonDragonArt.com, DragonArt will help you create mythical beasts that awe, delight, and disturb the sweet dreams of little ones. Armed only with your trusty pencil and ink pen, you will begin your artistic quest by conquering a super-easy dragon that even the densest of wyvern could draw. With pace quickened by this cool achievement, you shall forge bravely onward to discover simple secrets and spiffy tricks for making your creature friendly or fierce, sorrowful or cynical--drawing them from all different perspectives, in flight or at rest (so vain, those dragons--they love to strike a pose!) and incorporating various styles of heads, limbs, wings, horns, frills, scales, tails and other details to make your particular beast original, believable and so darn groovy. Because dragons enjoy having others around to terrorize, disembowel and occasionally hang out with, this book will also teach you how you to populate your alternate universe with a whole cast of fantastic creatures, including mythical griffins, guardian gargoyles and deadly basilisks. All this within the curiously compelling, beautifully beastly, and brightly colored pages you hold in your hands, which by now are no doubt trembling with keen anticipation. So quit dragon your feet! (Ugh, wyrms hate puns!) Buy this book now and make your wildest, wickedest, fire-breathingest fantasies come true!

Kurara has never known any other life than being a servant onboard the Midori, a flying ship serving the military elite of the Mikoshiman Empire, a vast realm of floating cities. Kurara also has a secret – she can make folded paper figures come to life with a flick of her finger. But when the Midori is attacked and Kurara's secret turns out to be a power treasured across the empire, a gut-wrenching escape leads her to the gruff Himura, who takes her under his wing. Under Himura's tutelage, and with the grudging support and friendship of his crew, Kurara learns to hunt shikigami – wild paper spirits sought after by the Princess of Mikoshima. But what does the princess really want with the shikigami? Are they merely enchanted figures without will or thought, or are they beings with souls and minds of their own? As fractures begin to appear both across the empire and within Kurara's understanding of herself, Kurara will have to decide who she can trust. Her fate, and the fate of her friends – and even the world – may rest on her choice. And time is running out.

**Kawaii How to Draw Really Cute Fantasy Creatures** Angela Nguyen, 2020-07 This fourth book in the 'Kawaii' series is packed with adorable creatures from a range of cultures and mythologies. In the hands of author-teacher Angela Nguyen, even a three-headed dog is drawn in a style that will have any young artist cooing! This book teaches young readers what kawaii is all about and how to draw any mythical animal in an adorable style. There are clear step-by-step diagrams that are great for visual learners and make it super-easy to follow the instructions. The wonderful beasts are organized by the terrain in which they are found: air, water and land. There is also a section devoted to how young readers can create their own creatures: elephants with tiny wings, bunnies with unfeasibly large ears, and 'mash-ups' like giant bats. Angela has created 'feature spreads' showing imagined landscapes where some of these creatures might safely graze. Taking cuteness to the next level, this wonderful resource makes drawing instantly achievable and great fun.
