Cthulhu Alphabet (Hardback) Goodman Games, 2020-03-24 An A-to-Z reference for Lovecraftian mythos design! A is for Angles, B is for Books and C is for Cultists. Game masters of any rule system will find twisted inspiration for creating madness-inducing game ingenuity from ancient, underground worlds. This tome contains haunting text and cleverly authored random tables to help you create necronomic stories of forbidden traits, dangerous powers, and lore transcribed from the ravings of madmen. Beware the fear-provoking illustrations by artists in the thrall of the elder gods that will haunt your dreams. All of this, and more, from the libraries of Miskatonic University and Goodman Games! This grimoire is compatible with all fantasy and horror role playing games. Made in the USA.

One-Hour Wargames Neil Thomas, 2014-09-03 A fun and practical new approach to wargaming that lets you complete a game in about an hour—includes rule sets and scenarios for most popular periods. One of the biggest problems facing wargamers is finding the time to actually play. Most commercially available games require several hours to set up and see to a conclusion; some can even take a whole day or weekend to complete. Apart from time, lack of space can also keep wargamers from enjoying their favorite pastime. In One-hour Wargames, veteran gamer and rule-writer Neil Thomas has addressed both problems. Now it is practical to play a satisfying game in around an hour on a normal dining table or living room floor. The book contains 8 all-new sets of very

simple rules for various periods—from Ancient to WW2—and thirty stimulating scenarios which can be played using any of them. All the rules and scenarios are intended to be played on a 3ft x 3ft battlefield. The rules only require a small number of miniatures, so this really is an ideal way for new gamers, or veterans trying a new period, to get started with minimal investment of time and money. Also ideal for a quick game in the evening with a friend. Also included are sections on campaigns and solo games.

Oathmark Joseph A. McCullough, 2020-04-30 Empires have fallen, and the land is broken. The great oathmarks that once stood as testaments to the allegiances and might of nations have crumbled into ruin. In this lost age, fealty and loyalty are as valuable as gold and as deadly as cold iron, and war is ever-present. Created by Joseph A. McCullough, designer of Frostgrave and Frostgrave: Ghost Archipelago, *Oathmark* is a mass-battle fantasy wargame that puts you in command of the fantasy army you've always wanted, whether a company of stalwart dwarves or a mixed force with proud elves, noble men, and wild goblins standing shoulder-to-shoulder in the battle-line. Fight through an integrated campaign system and develop your realms from battle to battle, adding new territories, recruiting new troop types, and growing to eclipse your rivals... or lose what you fought so hard to gain and fall as so many would-be emperors before you.

Soul-Strung Rachel Hobbs, 2021-11-07 Ruby and Drayvex are back and better than ever in *Soul Strung!* - Goodreads ★★★★★ Battleworn Ruby is

putting her darkest days behind her, and where better to start again than the bustling Callien city? Too good to be true, when the demon of her past comes crashing back into her life, the warning he carries with him leaves it in pieces. Where Drayvex goes, chaos and mayhem trail in his wake. And she's bound to him tighter than ever before. Scheming Drayvex has been busy: chasing the demon turned traitor from world to world, keeping furtive tabs on the girl with a piece of his soul; oh, and running a demon empire. Concerned Ruby will be discovered alive, he enlists her on a hunt for the lapis temporis, an object that can quite literally turn back time, to fix old mistakes and kill their mutual enemy in the past. He's done playing games. Power-starved Saydor is on the run. Converting to his cause one underdog at a time, his eyes and ears are everywhere. You can't kill what you can't find, and Saydor's covert talent is deadly. The bigger you are, the harder you fall. And he's just getting started. But when you're playing for time itself, how do you know when you've been here before?
