The Magician King Lev Grossman, 2011-08-09 Lev Grossman's new novel **THE BRIGHT SWORD** will be on sale July 2024 Return to Fillory in the riveting sequel to the New York Times bestseller and literary phenomenon, *The Magicians*, now an original series on SYFY, from the author of the #1 bestselling *The Magician's Land*. Quentin Coldwater should be happy. He escaped a miserable Brooklyn childhood, matriculated at a secret college for magic, and graduated to discover that Fillory—a fictional utopia—was actually real. But even as a Fillorian king, Quentin finds little peace. His old restlessness returns, and he longs for the thrills a heroic quest can bring. Accompanied by his oldest friend, Julia, Quentin sets off—only to somehow wind up back in the real world and not in Fillory, as they'd hoped. As the pair struggle to find their way back to their lost kingdom, Quentin is forced to rely on Julia's illicitly learned sorcery as they face a sinister threat in a world very far from the beloved fantasy novels of their youth.

His other known written works include several monographs on magic and the mystification arts. Krampus and Other Yuletide Tales Faina Lorah,2020-11 Some traditions should never be lost, like scaring your children into behaving well and teaching them to trick demons during the cold winter. Introducing *Krampus and Other Yuletide Tales*, a collection of wonderful macabre folk tales that have been nearly lost forever...until now. Featuring thirteen wintery stories and over sixty hauntingly beautiful illustrations, this book contains the kind of thrilling tales that will bring the family together and keep them up at night. So snuggle up with Snegurochka, the snow maiden who melts away as soon as she finds real love. Cozy up around the fire and read the story of Frau Perchta, a witch who happily slices open the bodies of misbehaving children. Watch your kids' eyes light up as they hear about Father Frost, the original present-giving bearded man who would rather freeze them to death than wastefully put a lump of coal in their stockings for being rude. Krampus is coming to town and everybody is on his naughty list. This is not your grandmother's collection of stories. These belong to her grandmother, the babushka, who knew how to celebrate Yule right: a bountiful feast paired with a little tale of murder.

MARS

When Edgar Rice Burroughs (1875-1950) wrote *Dejah Thoris, A Princess of Mars*, in 1911, he had no idea that he was opening a new era in the science fiction field. His account of fifteen-foot green men, eight-legged beasts, oviparous females, and swordswinging red men was an immediate success. And the public clamored for more. Over a period of thirty years, Burroughs wrote ten Martian tales... the story of life and death, romance and tragedy on the Red Planet is undoubtedly one of the greatest series of all time. Burroughs created a world of dead seabeds, towering mountains, polar ice caps, underground rivers ... he peopled the planet with four different human races and one semihuman. He gave Mars a history, several phases of civilization and an assortment of religions. He added dauntless heroes, beautiful maidens, evil villains and fearful monsters?all the ingredients necessary for a series of thrilling adventures on any world! Featuring over two dozen illustrations, including maps of the North and South Poles of Barsoom, as well as of the planet's Western and Eastern Hemispheres?AND IT'S ALL HERE IN THE ONLY OFFICIAL GUIDE TO BARSOOM
