Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Kiss of the Butterfly James Lyon,2013-04-01 "I sense it even now. People thirst for it; the entire country is mad with desire for it..."A dying man's cryptic letter catapults California college student Steven Roberts on a mystery-shrouded quest into the labyrinth of the war-torn Balkans. Singled out for the task by an enigmatic professor, Steven overcomes his doubts and plunges into the maelstrom to uncover long-lost clues to an ancient Emperor's deeply buried secret, a long-forgotten evil that slumbered for centuries only to reawaken ... and a love that defies death itself.Meticulously researched and set against the background of collapsing Yugoslavia, "Kiss of the Butterfly"

weaves together intricate threads from age-old Balkan folklore and modern events, to create a tapestry of passion and betrayal, obsession and desire, the thirst for life and the hunger for death. “Kiss of the Butterfly” is a literary thriller rooted in actual events. In the year of his death, 1476, the Prince of Wallachia Vlad Dracula committed a bloody massacre under the cloak of medieval Bosnia's forested mountains in the town of Srebrenica. History repeated itself 500 years later in July 1995 in Europe's worst massacre since World War Two. For most people, the two events seemed unconnected... Until now. “A fast-paced adventure into a modern heart of Balkan darkness... A truly original take on the blood-sucking undead.” –Publishers Weekly “No capes, no glitter: a vampire novel for readers who value sturdy mythology and a sophisticated understanding of history, along with warmblooded, human connections... skillful... authentic... fascinating... inspired... Lyon executes it perfectly... vivid... engaging...” –Kirkus Reviews

I Guarantee It George Zimmer, 2021-09-21 America knew George Zimmer for one of the most famous slogans in television advertising history: “I guarantee it.” Zimmer rode his promise to lead the Men’s Wearhouse to unimagined success as a retail giant. Now, years removed from his stunning dismissal as leader of the company he founded, **I Guarantee It** recounts the journey of Zimmer’s rise, the fall of the Men’s Wearhouse, and his personal renewal. For forty-one years, George Zimmer forged a relationship with American men who wanted to like the way they looked without getting too fussy about it. He made them a promise that came straight from the shoulder: “I guarantee it,” he said, and it was ironclad. By the millions, customers walked into The Men’s Wearhouse stores in all fifty states and Canada, where they received “quality, service, and a good price,” where they bought suits, ties, sports coats, and slacks by the tens of billions of dollars. Then a backstabbing — the handpicked board of directors fired Zimmer from the company he had created and developed into the most successful men’s specialty store in world history. Eight years

later, Zimmer is back to tell his story: a man raised by a prosperous and loving family, a fun-loving son of the sixties, a merchant, an entrepreneur, a pitchman for the ages. Zimmer's ouster devastated but did not destroy him. His is a story of hard work and resilience, about a life in business that succeeded beyond belief and followed the Golden Rule. It's a story that will teach and inspire. He guarantees it.

Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. *Typographic Systems* is the seventh title in our bestselling *Design Briefs* series, which has sold more than 100,000 copies worldwide.
