Perfect for fans of Elizabeth Lim, Kalynn Bayron and the films of Studio Ghibli. Kurara has never known any other life than being a servant onboard the Midori, a flying ship serving the military elite of the Mikoshiman Empire, a vast realm of floating cities. Kurara also has a secret — she can make folded paper figures come to life with a flick of her finger. But when the Midori is attacked and Kurara's secret turns out to be a power treasured across the empire, a gut-wrenching escape leads her to the gruff Himura, who takes her under his wing. Under Himura's tutelage, and with the grudging support and friendship of his crew, Kurara learns to hunt shikigami — wild paper spirits sought after by the Princess of Mikoshima. But what does the princess really want with the shikigami? Are they merely enchanted figures without will or thought, or are they beings with souls and minds of their own? As fractures begin to appear both across the empire and within Kurara's understanding of herself, Kurara will have to decide who she can trust. Her fate, and the fate of her friends — and even the world — may rest on her choice. And time is running out.

She may have escaped the massacre, but she is far from safe. The nobles don't respect her, her councillors want to control her, and with the mystery of who killed the king still unsolved, she knows that a single mistake could cost her the kingdom—and her life. Freya is determined to survive, and that means uncovering the murderers herself. Until then, she can't trust anyone. Not her advisers. Not the king's dashing and enigmatic illegitimate son. Not even her own father, who always wanted the best for her but also wanted more power for himself. As Freya's enemies close in and her loyalties are tested, she must decide if she is ready to rule and, if so, how far she is willing to go to keep the crown.
