The Legend of Final Fantasy VII Nicolas Courcier,Mehdi El Kanafi,2019-02-19 What gamer hasn't tried Final Fantasy VII? The game, released in 1997, is now the standard-bearer of a whole generation, and it's also the one which catapulted Sony's PlayStation onto center stage. To celebrate this mythic video game's 15th anniversary, Third Editions wanted to throw itself back into this unbelievable universe. This carefully crafted publication takes a look back at all the titles that helped forge Final Fantasy VII's mythology (including the Compilation of FF VII), and deciphers their content through examination and original analysis. This book was written by Nicolas Courcier and Mehdi El Kanafi, former authors and now publishers. The first print was release in 2011. An essential book to (re) discover the universe of the mythical series Final Fantasy! EXTRACT To celebrate one of the most important RPGs in the history of video games, Third Editions has decided to publish a tribute book: a heartfelt edition, but also one that truly analyzes the games that revolve around this legendary RPG. Indeed, the subject of this book is not only Final Fantasy VII, but the entire Compilation of Final Fantasy VII, from Advent Children to Before Crisis, including Crisis Core and Dirge of Cerberus, without forgetting Last Order. To get this journey off on the right foot and refresh your memory, we begin by summarizing the Final Fantasy VII saga. For the first time ever, the full story will be told in chronological order: from the Planet's origins to the awakening of Genesis, as depicted in the secret ending of Dirge of Cerberus. Once the entire saga has been told, we will take you behind the scenes so that you can discover how the video game compilation was created. You will learn about the people whose unexpected decisions changed the game's design. We will also provide a number of anecdotes pertaining to the game's overall development. A complete interpretation will then be offered for each title, paving the way for numerous reflections. ABOUT THE AUTHORS Nicolas Courcier and Mehdi El Kanafi - Fascinated by print media since childhood, Nicolas Courcier and Mehdi El Kanafi wasted no time in launching their first magazine, Console Syndrome, in 2004. After five issues with distribution limited to the Toulouse region of France, they decided to found a publishing house under the same name. One year later, their small business was acquired by another leading publisher of works about video games. In their four years in the world

of publishing, Nicolas and Mehdi published more than twenty works on major video game series, and wrote several of those works themselves: Metal Gear Solid. Hideo Kojima's Magnum Opus, Resident Evil Of Zombies and Men, and The Legend of Final Fantasy VII and IX. Since 2015, they have continued their editorial focus on analyzing major video game series at a new publishing house that they founded together: Third. Grégoire Hellot is a French freelance journalist who specializes in video games. He began his career in the field more than twenty years ago when he joined Joypad magazine. As a pioneer dealing in Japanese video games, he has contributed to the French public's acceptance of these unique titles. Today, he contributes to the Gamekult website and is also the Managing Director of Kurokawa Editions, created in 2005 by the publishing house Univers Poche. Grégoire is also known for his role as the Silver Mousquetaire in the TV series France Five.

The Legend of Final Fantasy VIII Rémi Lopez,2019-02-19 The eighth episode of the incredible story of Final Fantasy. A legendary episode of the Japanese RPG, Final Fantasy VIII is fully decoded in this book. Discover a complete analysis of one of the most famous saga of the world of video games, embellished with a reflection on the report of the fans to the series. To read as soon as possible! EXTRACT The work on Final Fantasy VIII began in 1997, just after Final Fantasy VII was completed, and the game's development ran concurrently with that of Parasite Eve. Although Final Fantasy VII marked a genuine turning point in the series, the designers were hardly lackadaisical when it came to the eighth episode's production and staging. In fact, they worked doubly hard to avoid disappointing fans after their adventure with Cloud. First, the decision was made to use the same console: the Sony PlayStation. Since the seventh episode was a smashing success, the major personalities who had presided over its creation were reassembled to create the new game. Thus, the team consisted of the renowned Hironobu Sakaguchi, Yoshinori Kitase (as director), Kazushige Nojima (as scriptwriter), Yûsuke Naora (as artistic director), and Tetsuya Nomura (as character designer). And, of course, the distinguished composer Nobuo Uematsu was once again chosen to create the episode's magnificent soundtrack in its entirety.

Final Fantasy 7 Remake Story Carola Fantasia,2021-01-09 Final Fantasy 7 Remake Story Episode 1. The Cool Soldier Chapter 0 - Planet Gaia Chapter 1 - The Destruction of Mako Reactor 1 Chapter 2 - Fateful Encounters Chapter 3 - Home Sweet Slum Cloud Strife is a mercenary formerly of the Shinra Electric Power Company's elite special forces known as SOLDIER, hired by a cell of the eco-terrorist group called Avalanche to aid them in the bombing of Mako Reactor 1. Both Avalanche and the cell's leader, Barret Wallace, embrace the ideals of planetology that posits that the planet is a living organism and that Shinra's harvesting of the planet's life force will lead to the end of the world. Cloud, Barret, Jessie, Biggs and Wedge infiltrate the reactor, and Cloud sets up a bomb developed by Jessie at the core. They get out within the time limit, unaware that President Shinra was watching their every move and that he had the reactor core self-destruct when Jessie's bomb failed to properly detonate. The area surrounding the reactor is devastated by the blast. Cloud and the Avalanche members scatter into the streets and agree to meet up at the train going back to the slums. While moving through the shocked crowds, Cloud hallucinates a meeting with Sephiroth, a rogue First Class SOLDIER whom Cloud remembers killing in the past. Cloud cannot believe that Sephiroth is still alive, now seemingly able to distort reality and send Cloud into a vision where everything around him is burning. Cloud snaps out of the illusion and meets a woman selling flowers being attacked by invisible monsters. Unable to see the cloak-like entities until the flower girl grabs his hand for help, Cloud's reaction alerts the Shinra Public Security forces. The woman runs away and Cloud is chased by Shinra troops to the railway bridge from where he jumps onto the passing train, reuniting with the others. They head to the Sector 7 slums where Barret's Avalanche cell has a hideout in the Seventh Heaven bar owned by Tifa, Cloud's childhood friend who reconnected with Cloud after he came to Midgar for work and enlisted his services to Avalanche despite Barret's reservations. The bombing having been much more destructive than Jessie had anticipated frazzles both her and Tifa, but Barret is ready to move onto the next bombing mission, though he is not interested in hiring Cloud's services again. Tifa suggests Cloud make a name for himself as a mercenary at the Sector 7 slums, and gets him an apartment next to hers. Overnight Cloud hears moaning from the room next door, and when investigating finds it belongs to a delirious man wearing a dark cloak whom he hallucinates as Sephiroth. As he is about to attack, Tifa stops him, and Cloud realizes it was another hallucination. Tifa helps Cloud find work around the slums, and they find Tifa's friend Johnny being taken by Shinra's Public Security under suspicion of being connected to Avalanche. Though Johnny is not part of the group, Tifa fears he might still spill something, and Cloud and Tifa save him by taking out the Shinra soldiers holding Johnny under arrest. Cloud is about to kill Johnny to make sure he will not expose Avalanche, but a shocked Tifa stops him and Johnny instead flees Sector 7, vowing to never return. Though Barret has rejected Cloud's participation onto the next bombing mission, Jessie hires him to help procure a new blasting agent from a Shinra warehouse, still thinking that her haywire bomb is what caused the previous carnage and civilian casualties.
