The Wish Nicholas Sparks,2021-09-28 What if the person you needed most, turned up when you least expected them? The international #1 bestselling author of The Notebook, Nicholas Sparks is back with his most epic story yet Maggie hasn't told this story in years. More than two decades ago, she fell in love. She was sixteen and far from home, waiting to give her baby up for adoption. Bryce showed Maggie how to take photographs and he didn't judge her for the way her belly swelled under her jumper. They had the perfect first kiss. Theirs was a once-in-a-lifetime kind of love. Now, as Maggie sits by the Christmas tree in her gallery telling her story, surrounded by the photographs that made her

famous - the photographs Bryce never saw - her new gallery assistant asks her a question. If she had one wish, what would she wish for this Christmas? Maggie always thought she knew the answer to that question. But before she can say 'I'd go back to that winter with Bryce', she stops herself. It is all she has ever wanted but suddenly here, on this dark night under the twinkling stars, there is something else she wants. She wants to find her baby. A heart-wrenching and uplifting story about discovery and loss, The Wish is a reminder that time with those precious to us is the greatest gift of all. * Praise for Nicholas Sparks: 'This one won't leave a dry eye' Daily Mirror 'A fiercely romantic and touching tale' Heat 'An A-grade romantic read' OK! 'Pulls at the heartstrings' Sunday Times 'An absorbing page-turner' Daily Mail

Engineering and the Mind's Eye Eugene S.

Ferguson, 1994-03-29 In this insightful and incisive essay, Eugene Ferguson demonstrates that good engineering is as much a matter of intuition and nonverbal thinking as of equations and computation. He argues that a system of engineering education

that ignores nonverbal thinking will produce engineers who are dangerously ignorant of the many ways in which the real world differs from the mathematical models constructed in academic minds.

The Gifts That Bind Us Caroline O'Donoghue, 2022-06-07

Magic-sensitive Maeve and her friends face off against an insidious threat to their school and their city in this spellbinding sequel to *All Our Hidden Gifts*. It's senior year, and Maeve and her friends are practicing and strengthening their mystical powers, while Maeve's new relationship with Roe is exhilarating. But as Roe's rock star dreams start to take shape, and Fiona and Lily make plans for faraway colleges, Maeve, who struggles in school, worries about life without them—will she be selling incense here in Kilbeg, Ireland, until she's fifty? Alarm bells sound for the coven when the Children of Brigid, a right-wing religious organization, quickly gains influence throughout the city—and when its charismatic front man starts visiting Maeve in her dreams. When Maeve's power starts to wane, the friends realize that all the local magic is being drained—or rather, stolen. With lines increasingly blurred between friend and foe, the supernatural and the psychological, Maeve and the others must band together to protect the place, and the people, they love.

A thrilling sequel to All Our Hidden Gifts.
