Dust World B. V. Larson,2014-04-09 The Galactics arrived with their Battle fleet in 2052. Rather than being exterminated under a barrage of hell-burners, Earth joined a vast Empire that spans the Milky Way. Our only worthwhile trade goods are our infamous mercenary legions, elite troops we sell to the highest alien bidder.In 2122 a lost colony expedition contacts Earth, surprising our government. Colonization is against Galactic Law, and Legion Varus is dispatched to the system to handle the situation. Earth gave them sealed orders, but Earth is thirty-five lightyears away. The Legion commanders have a secret plan of their own. And then there's James McGill, who was never too good at listening to authority in the first place...In DUST WORLD, book two of the Undying Mercenaries Series, McGill is promoted to Specialist and sent to a frontier planet outside the Empire. Earth's status within the Empire will never be the same.

Happiness 6 Shuzo Oshimi,2017-12-19 A supernatural story of sexual awakening, growing up, and suburban vampirism, Happiness follows a dorky boy who is attacked by a girl in an alley. She sucks his blood and gives him a choice: life or death. He chooses life, but finds himself nearly overwhelmed by a new thirst and a fascination with the necks of his classmates... Praise for Flowers of Evil: A shockingly readable story that vividly--one might even say queasily--evokes the fear and confusion of discovering one's own sexuality. Recommended. -The Manga Critic A page-turning tale of sordid middle school blackmail. -Otaku USA Magazine By loving this manga I recognize what a sick and twisted individual I have become. While I can still say that I am not truly deviant, Flowers of Evil is a great reminder of my own thirst for power and my own personal corruption. -Otaku Champloo

Praise: Urban fantasy has a special place in my heart, and the Occult Detective is perhaps the fundamental urban-fantasy archetype. An anthology of this kind is can serve two purposes: The first is to provide a taste of the genre to those that might otherwise be unfamiliar with it, and the second is to provide fans of the genre a chance to discover writers they may not have already come across. It was well worth the read and I would recommend it wholeheartedly for any fan of the urban fantasy/occult detective genre; even more so if you are unfamiliar with the genre and would like a taste as to what it's all about. - Nick Bronson -- Urban Fantasy readers will love this book, and it is a first-rate group of stories. - Paul Lappan, Reviewer

This volume of specially written essays by leading philosophers investigate the nature and value of depiction and its role in our understanding of the world.
