The Return of the Mother Andrew

Harvey, 2013-08-20 Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, *The Return of the Mother* is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. *The Return of the Mother* offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our

dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. *The Return of the Mother* is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.

Order of the Stick #6 - Utterly Dwarfed Giant in the Playground,2020-01-21 Here comes the sixth volume of *The Order of the Stick*, the fantasy-comedy webcomic that everyone agrees gets longer with each book released! In *Utterly Dwarfed*, the Order is on their way north to save the world in style, thanks to their new friends on a cool pirate airship. Little do they suspect that while

they deal with monsters and the usual plot stuff, one of their own is facing a battle inside their own mind! (It's Durkon, obviously.) And when the gods themselves start taking a closer interest in Roy's band of misfit heroes, this action-packed adventure ends up having repercussions so big, we couldn't fit them on the page! With almost five years of comics, this mammoth collection is our longest book yet (not counting the previous one). Made in the USA.
