FIREBOAT Maira Kalman, 2002-08-05 * "A hundred years from now, when people want to know what we told our children about 9/11, Kalman's book should be among the first answers."—Booklist, starred review * "Intelligently conveys those unfathomable events in a way that a picture book audience can comprehend. . . . With this inspiring book, Kalman sensitively handles a difficult subject in an age-appropriate manner."—Publishers Weekly, starred review * "Fireboat does many things. It sets forth an adventure, helps commemorate an anniversary, offers an interesting bit of history, celebrates the underdog, and honors the fire-fighting profession. Children and adults will respond to it in as many ways."—School Library Journal, starred review * "Exciting, uplifting, and child-sensitive. . . . Revisits the tragedy without the terror and conveys pride without preachiness.—The Bulletin of the Center for Children's Books, starred review * "Quintessential New York artist Kalman gives us an idiosyncratic but informative look at a Big Apple institution. . . . Kalman's use of the events of September 11 is honest and honorable, and rarely is she as straightforward as she is here."—The Horn Book, starred review This is the inspiring true story of the John J. Harvey—a retired New York City fireboat reinstated on September 11, 2001. Originally launched in 1931, the Harvey was the most powerful fireboat of her time. After the September 11 attacks, with fire hydrants at Ground Zero inoperable and the Hudson River's water supply critical to fighting the blaze, the fire department called on the Harvey for help. There were adjustments—forcing water into hoses by jamming soda bottles and wood into nozzles with a sledgehammer—and then the fireboat's volunteer crew pumped much-needed water to the disaster site. The John J. Harvey proved she was still one of New York's Bravest! Maira Kalman brings a New York City icon to life, celebrating the energy, vitality and hope of a place and its people.

Saved by the Boats Julie Gassman,2016-08 Presents the heroic sea evacuation of September 11, 2001 with narrative text and vivid illustrations--

My River Chronicles Jessica DuLong,2009-09-08 After journalist Jessica DuLong was laid off from her dot-com job, her life took an unexpected turn. A volunteer day aboard an antique fireboat, the John J. Harvey, led to a job in the engine room, where she found a taste of home she hadn't realized she was missing. Working with the boat's finely crafted machinery, on the waters of the storied Hudson, made her wonder what America is losing in our shift away from hands-on work. Her questions crystallized after she and her crew served at Ground Zero, where fireboats provided the only water available to fight blazes. Vivid and immediate, *My River Chronicles* is a journey with an extraordinary guide—a mechanic's daughter and Stanford graduate who bridges blue-collar and white-collar worlds, turning a phrase as deftly as she does a wrench. As she searches for the meaning of work in America, DuLong shares her own experiences of learning to navigate a traditionally male world, masterfully interweaving unforgettable present-day characters and events with four centuries of Hudson River history. A celebration of craftsmanship, *My River Chronicles* is a deeply personal story of a unique woman's discovery of her own roots—and America's—that raises important questions about our nation's future.

New York's Bravest Mary Pope Osborne, 2012-11-28 In the 1840s, there was a real volunteer firefighter named Mose Humphreys whose bravery was reknown throughout New York City. Plays about him began being performed on Broadway in 1848 and over the years his strength and heroics took on larger-than-life proportions, much like those of Paul Bunyan. Mary Pope Osborne has honed down the legends about him to a brief, dramatic, sometimes comical, but ultimately moving text of picture book length. Steve Johnson and Lou Fancher's stunning paintings capture this 8-foot-tall superhero rushing into burning buildings, saving babies and bankers, and wolfing down the feasts bestowed upon him by the grateful citizens of old New York-until the one big hotel fire after which he was never seen again. The author has included a historical note about the origins of this tall tale, and the book is dedicated to the 343 New York City firefighters who gave their lives to save others on September 11, 2001. Mary Pope Osborne included a longer, different version of this legend in her distinguished collection *American Tall Tales*.
