Water+Ink Coloring Book Winter 2020 Kim Winberry, 2019-07-22 I begin my paintings with a sketch and application of colorful/bright pigment and water to the paper. I disrupt the blends with salt or water, watching as one color blossoms in water, as another color starts to travel across the paper. I utilize India Ink to demarcate changes, also adding swirls other artifacts, in the aim to achieve whimsy. My coloring books are my paintings! I run the paintings through filters and drop the color from them, leaving the lines so that you can add your own color. But wait, there's more... I've added an Augmented Reality component to this. Wonder what colors I used for that piece in the corner there? Take out your phone, download the Zappar app from your app store and zap the code. What happens? At the very least an image of the original painting will pop up and you can see what it looks like, side by side with the coloring page. Beyond that, you'll meet Mist, my liaison to the AR world. She will be a recurring character in all my AR work. Stay tuned and enjoy.

Humble Homes, Simple Shacks, Cozy Cottages, Ramshackle Retreats, Funky Forts Dr Derek Diedricksen, 2012-02-01 This *Old House* meets *Wayne's World* in this zany guide to designing and building tiny homes Derek Diedricksen has always had a love for small, modest houses ever since his father gave him the book *Tiny Tiny Houses* by Lester Walker for his tenth birthday. Combining his artistic abilities, wild imagination, and his passion for small houses, he self-published *Humble Homes, Simple Shacks, Cozy Cottages, Ramshackle Retreats, Funky Forts, and Whatever the Heck Else we could Squeeze in Here* in 2009. This book is a collection of Diedricksen's creative/imaginative sketches for building small houses, shacks, cottages, and forts. The sketches are accompanied with hand-written commentary, both instructive and comical. Derek's main purpose is to get your creative juices flowing and encourage you to get off the couch and use your hands. Believing that specific building plans squash creativity, he avoids too many detailed instructions, giving you the chance to put your own creative spin on your very own small abode (even if it is just in your imagination).

Slave Stealers Timothy Ballard, 2018 Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick

Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day underground railroad which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The Conductor; Abraham Lincoln--the Great Emancipator; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Fetishism in Fashion Lidewij Edelkoort,2013 This book delves into the fetishistic world of contemporary fashion to reveal a daring and instinctive future for style and culture. It investigates topics including the evolution of taste from birth to adulthood, the elevation of shoes through ever-higher heels, the psychology of branding, the effects of infantilism, the power of the color black, the fetishizing of objects, and the interaction of architecture, fashion, and the body. Talent is sourced from around the globe, focusing on innovative and original content that illustrates a dramatic shift in aesthetics.
