Caroline Clifton-Mogg

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

A Space of My Own: Inspirational Id Caroline Clifton-Mogg,2011 For some of us it's a small desk in the corner of a kitchen or living room, for others it's a self-contained home office, but we all need a space we can call our own - where we can catch up on emails, tackle household admin or enjoy some crafting. In A Space of My Own, Caroline Clifton-Mogg shows you how to make the most of your personal work space. Part 1 explores The Elements that make up a successful work area, from choosing the right Furniture for comfort and the right Lighting for the task, to attractive Storage to keep things conveniently at hand and Decoration to create an environment that truly brings out the creativity in you. Part 2 is about The Spaces as a whole, showing examples of Home Offices, Shared Work Spaces, Sewing and Craft Rooms and Space for Children and Teens. Featuring case studies of successful examples of all four areas, it provides ideas and inspiration which can be easily translated into your own home. Because personal work space should be both practical and inspiring, and, quite simply, the more it is designed around your needs and tastes, the more inspired you will be. * Creating space within the home to work or craft is a growing trend. * Includes inspirational case studies and hundreds of tips and ideas from highly-respected interiors journalist Caroline Clifton-Mogg. * Includes more than 250 beautiful, inspirational photographs of studies, home offices and craft rooms.
