JR Anderson

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Cats Can Fetch ,2018-11-30 Cats Can Fetch is a 16 page adult comic about a nervous feline boy and a crush on him by an equally shy canine girl. However, the tables quickly turn when she lets him in on her secret that just might change the tone of their encounter, and future. Included in this printed copy are unused sketches, character pinups, and guest artwork of the characters! Comic by Fluff Kevlar

Typographic Systems of Design Kimberly Elam,2007-05-03 Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In Typographic Systems, Kim Elam, author of our bestselling books, Geometry of Design and Grid Systems, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. Typographic Systems is the seventh title in our bestselling Design Briefs series, which has sold more than 100,000 copies worldwide.

The Culture of Fear Barry Glassner,2009 In the age of 9/11, the War on Terror, financial collapse, and around-the-clock coverage of child abductions, our society is defined by fear. Glassner shows that it is our perception of danger that has increased, not the actual level of risk, and he exposes the price we pay for social panic.

A History of Art Lawrence Gowing,1995

International Law Lori Fisler Damrosch,2001 Updated with an emphasis on current issues, this classic casebook emphasizes developments in international law, with expertly edited cases and problems for class discussion. Cases and Materials on International Law offers a treatment of the subject for introductory and advanced classes and detailed readings and reference materials for those who wish to pursue topics in depth. The fourth edition enriches every chapter with new information on institutions contributing to the sources and enforcement of international law, including the World Trade Organization, the International Criminal Tribunals for Yugoslavia and Rwanda, the prospective International Criminal Court, and organizations in the fields of law of the sea and arms control. International criminal law now has a chapter of its own, and the casebook gives expanded treatment to human rights, environmental law, and economic law.

Sons of Gruumsh Christopher Perkins,2005 The first full-length Forgotten Realms adventure in three years! This adventure showcases the classic high fantasy for which the Forgotten Realms setting is known. Sons of Gruumsh features an epic quest to prevent war between the orcs of Thar and the cities of the Moonsea. Though set in the Forgotten Realms, Dungeon Masters can place this adventure anywhere in the Realms, or easily adapt it for their own D&D(R) campaigns. This adventure features encounters written to facilitate the use of D&D Miniatures and is designed for 4th-level characters.
