The South Ward Katharine Dooris Sharp,1891

Flim-Flam Man Jennifer Vogel,2010-06-15 Major motion picture Flag Day starring Sean Penn and his daughter Dylan Penn is based on this father-daughter story of a charming criminal-told by the daughter who loved him. One frosty winter morning in 1995, Jennifer Vogel opened the newspaper and read that her father had gone on the run. John Vogel, fifty-two, had been arrested for single-handedly counterfeiting nearly \$20 million in U.S. currency-the fourth-largest sum ever seized by federal agents-and then released pending trial. Though Jennifer hadn't spoken to her father in more than four years, the police suspected he might turn up at her Minneapolis apartment. She examined the shadows outside her building, thought she spotted him at the grocery store and the bus stop. He had simply vanished. Framed around the six months her father eluded authorities, Jennifer's memoir documents the police chase-stakeouts, lie detector tests, even a segment on Unsolved Mysteries-and vividly chronicles her tumultuous childhood while examining her father's legacy. A lifelong criminal who robbed banks, burned down buildings, scammed investors, and even plotted murder, John Vogel was also a hapless dreamer who wrote a novel, baked lemon meringue pies, and took his ten-year-old daughter to see Rocky in an empty theater on Christmas Eve. When it came time to pass his counterfeit bills, he spent them at Wal-Mart for political reasons. Culling from memories, photo albums, public documents, and interviews with the handful of people who knew the real John Vogel, this is an intimate and intensely moving psychological portrait of a charismatic, larger-than-life figure-as told by the daughter who nearly followed in his footsteps.

Cold War Modern David Crowley, Jane Pavitt, 2008

Modern life after 1945 seemed to promise both utopia and catastrophe. Both could, it seemed, be achieved at the 'push of a button'. Published to accompany a major V & A exhibition, 'Cold War Modern: Design 1945-1970', this book explores how the politics of the Cold War shaped architecture and design. Reassessing 'classic' designs and introducing many little-known objects.

Maggie's Recipe for Life Maggie Beer, 2024-07-03

With over 200 delicious recipes and the latest scientific research, bestselling author Maggie Beer and leading Alzheimer's researcher Professor Ralph Martins show us how to eat and live well to promote optimum brain health to help fight one of the most debilitating diseases of our later years. This second edition contains a new introduction and 13 recipes from the ABC TV series Maggie Beer's Big Mission. This book is so important to me. To have a healthy old age you must act now, whether you are 30 or 50. I have two great passions - sharing my love of cooking delicious, simple food and improving the health and nutrition of older people. I hope this cookbook does both but it's not for 'old' people, it's for you. I have been delighted to work with leading Alzheimer's researcher Professor Ralph Martins in recent years and I have learned that if we are to avoid Alzheimer's and other lifestyle diseases it is what we eat today that matters. These are my recipes for every day, for everybody, full of deep flavours and beautiful ingredients that will nourish you and your family. Nobody wants to eat worthy food that tastes like cardboard. For me, food without flavour is unthinkable! And so is the notion of restricting whole food groups. My recipe for life is to have a healthy attitude to eating -

it's all about balance, variety and choosing foods that give you the best chance of being in good health now and into your future. This is not a diet book - it's a way of life. This new edition includes recipes from my ABC TV show Maggie Beer's Big Mission. ~ Maggie Beer Maggie Beer and Professor Ralph Martins have teamed up to fight one of the most debilitating diseases of our later years. Based on the latest scientific research, Maggie has created more than 200 recipes that help provide the nutrients we need for optimum brain health. More than one million Australians are affected every day by Alzheimer's, directly or indirectly, but the good news is that you can eat well to age well, from this moment on. The proceeds from Maggie's Recipe for Life are shared between the Maggie Beer Foundation and the Lions Alzheimer's Foundation.

Yellow Villa, The Amanda Hampson, 2019-01-22 Mia and Ben, an Australian couple in their early 30s, have been together since high school. Their shared life had a promising start but stalled when they were unable to conceive - something they never anticipated. They have relinquished one dream and embraced another, selling their Sydney flat and purchasing an old yellow house in the picturesque village of Cordes-sur-Ciel in South-West France. They soon meet sophisticated neighbours Dominic and Susannah, a British couple in their 60s who welcome them warmly but whose own relationship is at crisis point. Mia and Ben are immediately star-struck and impressed by their lavish hospitality. When Mia's mother comes to stay, she soon realises that Dominic and Susannah are not what they seem. Relationships between all parties become strained. Trust is broken and the older couple play increasingly complex mind games. Gradually Dominic and Susannah's secrets begin to surface, revealing details of the scandal they left London to escape and the truth behind their self-imposed exile in

France. Reeling from these revelations, Mia and Ben no longer trust their own instincts. The peaceful idyll of their French life has unravelled. Can Dominic and Susannah escape each other, and can Ben and Mia they find their way back to each other and the dream they shared?-- Back cover.

The Olive Sisters Amanda Hampson, 2005-09-26 'I open the gate and walk into the field . . . As the sun pours a river of light down this valley, I realise there are hundreds and hundreds of trees and I've seen those silver leaves before, not here in Australia, but shimmering in the groves that grace the terraced hillsides of Tuscany.' When Adrienne's marketing company goes down, her lifestyle does too. She retreats from the city to the beautiful, abandoned olive grove once owned by her Italian grandparents. A 'tree change' isn't what Adrienne has in mind, however, and life in the country delivers some surprises as she confronts the past and learns the secrets of the Olive Sisters . . . Old loves, new loves, warm toast and rich traditions are all part of the delicious blend of this absorbing story.

American Like Me America Ferrera, 2019-09-03
INSTANT NEW YORK TIMES BESTSELLER From award-winning actress and political activist America Ferrera comes a vibrant and varied collection of first-person accounts from prominent figures about the experience of growing up between cultures. America Ferrera has always felt wholly American, and yet, her identity is inextricably linked to her parents' homeland and Honduran culture. Speaking Spanish at home, having Saturday-morning-salsa-dance-parties in the kitchen, and eating tamales alongside apple pie at Christmas never seemed at odds with her American identity. Still, she yearned to see that identity reflected in the larger American narrative. Now, in *American Like Me*, America invites thirty-one of her friends,

peers, and heroes to share their stories about life between cultures. We know them as actors, comedians, athletes, politicians, artists, and writers. However, they are also immigrants, children or grandchildren of immigrants, indigenous people, or people who otherwise grew up with deep and personal connections to more than one culture. Each of them struggled to establish a sense of self, find belonging, and feel seen. And they call themselves American enthusiastically, reluctantly, or not at all. Ranging from the heartfelt to the hilarious, their stories shine a light on a quintessentially American experience and will appeal to anyone with a complicated relationship to family, culture, and growing up.

Adrian Frutiger - Typefaces Heidrun

Osterer, Philipp Stamm, 2014-05-08 The international creation of typefaces after 1950 was decisively influenced by the Swiss type designer Adrian Frutiger. His Univers typeface and the machine-readable font OCR-B, which was adopted as an ISO standard, are milestones, as is his type for the Paris airports, which set new standards for signage types and evolved into the Frutiger typeface. With his corporate types, he helped to define the public profiles of companies such as the Japanese Shiseido line of cosmetics. In all he created some fifty types, including Ondine, Méridien, Avenir, and Vectora. Based on conversations with Frutiger himself and on extensive research in France, England, Germany, and Switzerland, this publication provides a highly detailed and accurate account of the type designer's artistic development. All of his types - from the design phase to the marketing stage - are illustrated and analyzed with reference to the technology and related types. Hitherto unpublished types that were never realized and more than one hundred logos complete the picture. This second, revised and expanded study edition, which now has an index, makes Frutiger's achievement even more accessible.
