The FN FAL Battle Rifle Bob Cashner,2013-08-20 Of all the infantry small arms developed during World War II, one that generated the most interest was the German 'assault rifle', the StG 44 Sturmgewehr. This innovative weapon inspired the Soviet AK-47 in 7.62x39mm calibre. In the West, the NATO countries looked hard at new weapons to upgrade their own infantry arsenals and counter the AK-47, resulting in the design of the Fusil Automatique Léger or FAL. It proved to be a successful battle rifle and was soon adopted by the military and police forces of no fewer than 93 nations. The FAL dominated the militaries of the West to such a degree that its nickname became the Right Arm of the Free World. The FAL fulfilled every role it was asked to perform and remains a viable and well-respected weapon to this day.

Introductory Grammar of Amharic Wolf Leslau,2000 This book closes the gap for beginners who want to study the Amharic language and had difficulties in

finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's *Traite de langue amharique* (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists. The grammar that comes closest to the concept of a beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give examples and does not introduce the student to the intricacies of the language. The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

Storm To Spring Atima Kim,2021-10-05 Lover. Fighter. Survivor. Yeena's spent years trying to tame the storm that rages inside of her, hiding and locking away emotion and making herself into a shell as cold and as ruthless as a winter wind. She's gotten by on just surviving and keeping everyone at arm's length, but the one thing that threatens to chip away at her rock-solid

defenses is now upon her- choosing her consort. Bound to a generational pact, Yeena fulfills her part as a future matron by setting out to make a tour of the eastern covens, meeting with each eligible young lord who wishes to win her favor. She saves the best for last, going to stay with a longtime lover in Nakoya. Hiro is stable enough, in Yeena's opinion, and even if she can't call the feelings she has for him deep in any capacity, she can see no problem with choosing him as consort. Everything changes with the capture of a particularly lively Andan trespasser, a spring witch who appears under mysterious circumstances that he stubbornly refuses to explain, even under threat of torture. Being the only one that is able to communicate with the prisoner, Yeena tries to negotiate and finds herself more involved with the spring witch prisoner than she ever intended to be. In a bid to win his freedom, Yeena offers him a choice; to become her consort instead and live freely and safely among her coven in Miang. What Yeena doesn't count on is the magnitude of the secret the young elemental has been hiding, and of the immediate impact it will have upon her life and the lives of her people. Nor does she anticipate that in taking Yijeong- the spring witch- as her consort, she will have to find her own strength as a matron. In order to protect her new consort and the bond that is slowly forming between them, Yeena will have to face down her demons and come to terms with what it means to really survive, and to love again.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant

military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Was his time in *Black Hollow* an accident, or was it only the beginning of some greater machination? As *Black Hollow*'s bloody stain spreads beyond its wooded borders, Miya fights to evade a past she barely understands. The Dreamwalker's legacy is a vise grip, and it isn't letting go. Primordial horrors draw near, fables come alive, and long-buried histories rise from the grave, ready to hunt. Sharpen

your claws and bloody your teeth. There's fear to be sown. hr "Vrana's lyrical writing is a mix of poetry, chaos, violence, and energy. An epic, macabre folktale for a new generation." – Kim Smejkal, author of INK IN THE BLOOD "Good vs. evil is cleverly turned on its head as Vrana pulls readers down the rabbit hole into her strange, folkloric world." – Publisher's Weekly "Everything about this book has a dark and spellbinding edge...an emerging threat in your peripheral vision, a creeping dread. Horror, supernatural, and fantasy push the threads of realism to its very edges." – The Coy Caterpillar Reads Book Reviews "Darker, more impactful, more complex, with rich and interesting character development and the delightful writing of Miss Vrana, THE ECHOED REALM is the perfect conclusion to one of the best duologies I've had the pleasure to read." – Verified Reviewer "THE ECHOED REALM may have closed off The Chaos Cycle, but it's still going to be playing back in my mind for a long time to come." – Verified Reviewer hr The Chaos Cycle Duology is best enjoyed in this order: Book 1: The Hollow Gods Book 2: The Echoed Realm

The Hollow Gods A. J. Vrana, 2020-07-28 2023 Ontario Author Project Winner in Adult Fiction Rich with folklore and paranormal intrigue, *The Hollow Gods*

is an atmospheric supernatural thriller that will satisfy lovers of Hannah Whitten's FOR THE WOLF, especially those craving a fable with a darker touch. hr Black Hollow is a town with a dark secret. For centuries, residents have foretold the return of the Dreamwalker—an ominous figure from local folklore said to lure young women into the woods and possess them. Yet the boundary between fact and fable is blurred by a troubling statistic: occasionally, women do go missing. And after they return, they almost always end up dead. When Kai wakes up next to the lifeless body of a recently missing girl, his memory blank, he struggles to clear his already threadbare conscience. Miya, a floundering university student, experiences signs that she may be the Dreamwalker's next victim. Can she trust Kai as their paths collide, or does he herald her demise? And after losing a young patient, crestfallen oncologist, Mason, embarks on a quest to debunk the town's superstitions, only to find his sanity tested. A maelstrom of ancient grudges, forgotten traumas, and deadly secrets loom in the foggy forests of Black Hollow. Can three unlikely heroes put aside their fears and unite to confront a centuries-old evil? Will they uncover the truth behind the fable, or will the cycle repeat? The writing sizzles with menace, and the dark mythology A.J. Vrana weaves from dreams and nightmares is unlike any I've ever encountered, in and out of books. — Katya de Becerra, author of OASIS and WHAT THE WOODS KEEP Utterly consuming with palpable emotion, an engaging mystery, and absolutely delicious tension, this is one that lingers after you've turned

the final page, an itch that needs to be scratched. – Verified Reviewer I would highly recommend this book for anyone with interest in folklore, magical realism, and a dark touch of horror. An absolutely stunning debut from this author. I have pre-ordered my own copy of the book, and I am very much looking forward to the second book in The Chaos Cycle. – Verified Reviewer The Hollow Gods is a striking debut about guilt, grief, and how the past sometimes finds a way to come back to haunt us. The roots of this story will be familiar to those who enjoy reading about fairytales and folklore, but Vrana has added her own touch to the genre that allows this novel to hold its own against the greats. – Verified Reviewer A gem of a book. Can't wait for the next one. – Verified Reviewer Vrana crafts a unique local mythology and draws from existing lore to create a sense of creeping dread. – Publisher's Weekly
