Fabrigami Jill Stovall,Scott Wasserman Stern,Florence Temko,2013-12-24 Fold decorative origami objects out of cloth with this easy-to-use origami book. Fabrigami is the Asian art of folding fabrics to create three-dimensional objects ranging from the practical to the whimsical. Like paper, there are countless beautiful fabric designs to choose from, only fabric has the virtue of being extremely durable. Fabrigami began as origami legend Florence Temko's final project. Everyone knows that origami is the art of paper folding, but Temko had begun experimenting with folding fabric to make objects that are just as beautiful but more lasting than paper. Sadly, Temko passed away before the book was completed, but her collaborator, Jill Stovall, continued their work. Now, Stovall—with the help of Scott Stern, a rising young star of origami—brings Fabrigami to print for everyone to use and enjoy. This origami book begins by presenting instructions on how to treat fabric so it holds a shape when folded. Then Stovall shares a series of fun craft projects with simple origami-style diagrams that you can use to make a range of lovely objects. Stiffening the fabric requires some practice, but the folds are all easy enough to be considered origami-for-kids projects and are a great way to learn origami. Cloth origami projects include: Fan-tastic Fold Earrings Evening Wine Coat Florence's Hexagon Box Cloth Kimono Card Pleated Peacock

Waiting for a Star to Fall Kerry Clare,2020-10-27 A love story at its core, though one without an ending written in the stars. . . . Timely and insightful. —Karma Brown, #1 bestselling author of *Recipe for a Perfect Wife* For fans of Joanne Ramos, Josie Silver, and Emily Giffin, a gripping and powerful story that asks: Just how much are you willing to forgive in the name of love? Brooke has long been caught in the orbit of Derek, a rising political superstar. First he was her boss, then they were friends and she became his confidant, the one person he shared everything with. And even though she had feelings for him—it was hard to resist; he's charming and handsome, respected and beloved—she never dreamed he'd feel the same way. Derek is so much older and could have anyone he wanted. But it turns out that who Derek wants is Brooke, and suddenly none of the reasons they shouldn't be together matter. They fall in love. And even though Brooke has to keep the relationship a secret—stealing weekends away with him, late nights with takeout after long days at work, and business trips that are always a romantic whirlwind—being close to him and her dreams of their future make everything worth it. Then it all falls apart, and Brooke is left holding the pieces of the life they'd shared. Derek becomes embroiled in a scandal—the kind Brooke never could have imagined he'd be involved in—and she is forced to re-examine their relationship and make sense of the man she loves. Poignant, heart-stopping, and resonant, *Waiting for a Star to Fall* is a story about love, the things we choose to believe, and how sometimes the path to happily ever after has to start with ourselves.
