American Defenses of Corregidor and Manila Bay 1898–1945 Mark

Berhow,Terrance McGovern,2012-09-20 The Philippines were declared an American Territory on January 4, 1899, and fortification construction soon began on the islands in the mouth of Manila Bay. Among the sites built were Fort Mills (Corregidor), Fort Frank, and the formidable concrete battleship of Fort Drum. The defenses suffered constant Japanese bombardment during World War II, leading to the surrender of American forces. In 1945 the forts were manned by Japanese soldiers determined to hold out to the bitter end. This title details the fortifications of this key strategic location, and considers both their effectiveness and historical importance.

50 Battles That Changed the World William Weir,2018-05-29 An informative look at the military conflicts that most altered the course of history and civilization, from ancient times to the modern world. Rather than celebrating warfare, 50 Battles That Changed the World looks at the clashes the author believes have had the most profound impact on world history. Ranked in order of their relevance to the modern world, these struggles range from the ancient past to the present day and span the globe many times over. Some of the battles in this book are familiar to us all—Bunker Hill, which prevented

the American Revolution from being stillborn, and Marathon, which kept the world's first democracy alive. Others may be less familiar—the naval battle at Diu (on the Indian Coast), which led to the ascendancy of Western Civilization and the discovery of America, and Yarmuk, which made possible the spread of Islam from Morocco to the Philippines. With remarkable accounts of both famous and lesser-known clashes, *50 Battles That Changed the World* provides impressive insight into the battles that shaped civilization as we know it.

Pastoral poetry of the English Renaissance Sukanta Chaudhuri, 2019-01-21

This electronic version has been made available under a Creative Commons (BY-NC-ND) open access license. Renaissance pastoral poetry is gaining new interest for its distinctive imaginative vein, its varied allusive content, and the theoretical implications of the genre. This is by far the biggest ever anthology of English Renaissance pastoral poetry, with 277 pieces spanning two centuries. Spenser, Sidney, Jonson and Drayton are amply represented alongside their many contemporaries. There is a wide range of pastoral lyrics, weightier allusive pieces, and translations from classical and vernacular pastoral poetry; also, more unusually, pastoral ballads and poems set in all kinds of prose works. Each piece has been freshly edited from the original sources, with full apparatus and commentary. This book will be complemented by a second volume, to be published in 2017, which includes a

book-length introduction, textual notes and analytic indices.

George C. Marshall: Education of a General, 1880-1939 Forrest C.

Pogue, 2020-05-10 Born in Uniontown, Pennsylvania, George Catlett Marshall (1880-1959) attended the Virginia Military Institute and was named VMI's First Captain in his senior year, because of his character and sense of duty more than scholastic achievement. In 1902, while a second lieutenant, Marshall married Elizabeth Carter Coles. During World War I, Marshall demonstrated his superior skill for organization and leadership on the staff of General John J. Pershing, commander of the American Expeditionary Force in France. Between World Wars I and II, Marshall served as Pershing's aide in Washington, DC, with troops in China, as an instructor at Fort Benning, Georgia, and at other posts throughout the United States. Marshall married Katherine Boyce Tupper Brown in 1930 after the death of his first wife in 1927. He commanded the Vancouver Barracks in Vancouver, Washington between 1936 and 1938 and was appointed Army Chief of Staff by President Franklin D.

Roosevelt on September 1, 1939. "Pogue and Harrison show admirably how Marshall's early life prepared him for his later responsibilities – his beginning as a second lieutenant in the Philippines, his service on Pershing's staff in the First World War, three years in China in the Twenties, his exceptionally influential term at the Infantry Training School at Fort Benning, a period organizing CCC camps..., a time in exile when MacArthur sent him to the Illinois National Guard, thereby, as Marshall thought, ending his career, until Pershing's insistent pressure brought him back to Washington and Harry Hopkins, impressed by his cool efficiency, urged him on Roosevelt. Education of a General is carefully researched, well composed and judiciously written. The portrait of Marshall is sympathetic but by no means worshipful." – Arthur Schlesinger Jr., New York Review of Books "A highly readable and thoroughly satisfactory biography that provides as full and definitive an account of the general's career to 1939 as is likely to appear for a long time... The portrait that emerges from these pages is clearly that of an outstanding officer in both staff and command, with wide experience in a variety of posts and a record for performing the tasks assigned to him superlatively well... an outstanding work of scholarship and a definitive record of George Marshall's early years." – Louis Morton, The Journal of Modern History "This [book] will be interesting to the professional historian for its insights into the early career of a great soldier, for much new material on the development of the military profession

in the first half of the twentieth century, and also for its methodology... No effort was spared to make the work truly 'definitive'... a well-written volume that is, and will likely remain, the best thing on Marshall's formative year." – Harry L. Coles, *The Journal of American History*

"Simplicity of tactics; training for the unexpected; regarding as more important knowing when to make a decision than what the decision should be – these, and the ability to command by obtaining assent rather than by exacting formal obedience, were qualities characteristic of Marshall's own disposition. And they were tied up with the... conviction... that American Army officers must know how to command a citizen army... the present volume can help to explain why Marshall was a great war leader." – Kent Roberts Greenfield, *Political Science Quarterly*

"The volume traces in a superb and detailed manner the progress of the General from childhood to the time he assumed the duties as Chief of Staff, U.S. Army in 1939... This book is a most scholarly account of the trials and tribulations of an exceptional Army officer during the period prior to 1939, and clearly demonstrates how the right man got to the right place at the right time." – *Naval War College Review*

"A provocative history of the Army during the years of Marshall's rise... Because this is a book rich in research and information it raises questions as well as answers them. It promises to be one of the few indispensable works on the modern American Army." – Russell F. Weigley, *The Annals of the American Academy of Political and Social Science*

"Pogue...

presents logically the development of a junior officer... The annotations are bountiful and explicit, the bibliography of great value to historians, the persuasive rebuttal of widely circulated views of a decade ago most welcome. This well-organized and solidly written volume is good in itself and a welcome herald of the post-1939 volumes dealing with periods of great personal, national, and international controversy." – Mark S. Watson, The American Historical Review "A work very much worth attention... Mr. Pogue's book... is a fascinating story; it gives a detailed account of the way in which this rather cold and self-contained person became a gifted leader and master of men..." – Bruce Catton, American Heritage "This is a vastly thorough piece of research... a careful picture of the life and problems of an able American regular officer in the first third of the twentieth century." – C. P. Stacey, International Journal "A book which resembles its subject in simplicity, directness, and thoroughness... This is an excellent example of military-historical writing, and an important contribution to the history of our times." – H. A. De Weerd, The Virginia Quarterly Review
