**Adventures among Ants** Mark W. Moffett,2010-05-05 Intrepid international explorer, biologist, and photographer Mark W. Moffett, the Indiana Jones of entomology, takes us around the globe on a strange and colorful journey in search of the hidden world of ants. In tales from Nigeria, Indonesia, the Amazon, Australia, California, and elsewhere, Moffett recounts his entomological exploits and provides fascinating details on how ants live and how they dominate their ecosystems through strikingly human behaviors, yet at a different scale and a faster tempo. Moffett's spectacular close-up photographs shrink us down to size, so that we can observe ants in familiar roles; warriors, builders, big-game hunters, and slave owners. We find them creating marketplaces and assembly lines and dealing with issues we think of as uniquely human—including hygiene, recycling, and warfare. *Adventures among Ants* introduces some of the world's most awe-inspiring species and offers a startling new perspective on the limits of our own perception. • Ants are world-class road builders, handling traffic problems on thoroughfares that dwarf our highway systems in their complexity • Ants with the largest societies often deploy complicated military tactics • Some ants have evolved from hunter-gatherers into farmers, domesticating other insects and growing crops for food

**Department of Death** Lev Raphael,2021-04-09 Raphael makes the most of the academic setting of his immensely enjoyable....Raphael's witty prose enhances a crafty plot. Publishers Weekly starred review Years ago Nick Hoffman was given a position in the English Department at the State University of Michigan because SUM wanted to hire his partner as writer-in-residence, but now he's been unexpectedly installed by his dean as chairman of that department. It's a wildly unpopular choice, and he's suddenly the focus of more animosity from his colleagues than he's ever dealt with before. He can't seem to make anyone happy and can't get a handle on his myriad new responsibilities as an administrator, a position he never wanted. Then tragedy strikes again way too close to home: Someone seeking his help is murdered, and under the shadow of another recent murder, Nick is a prime suspect. Hounded by campus police, the local press, and social media, Nick wonders if this could finally be the end of his career—that is, if he manages to stay out of prison. In the spirit of David Lodge, Francine Prose, Richard Russo and Jane Smiley, *Department of Death* is Lev Raphael's most blistering satire yet of the current perversity of academic life.

**Twelve Years a Slave** Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**Systems Engineering** Reinhard Haberfellner,Olivier de Weck,Ernst Fricke,Siegfried Vössner,2019-06-06 This translation brings a landmark systems engineering (SE) book to English-speaking audiences for the first time since its original publication in 1972. For decades the SE concept championed by this book has helped engineers solve a wide variety of issues by emphasizing a top-down approach. Moving from the general to the specific, this SE concept has situated itself as uniquely appealing to both highly trained experts and anybody managing a complex project. Until now, this SE concept has only been available to German speakers. By shedding the overtly technical approach adopted by many other SE methods, this book can be used as a problem-solving guide in a great variety of disciplines, engineering and otherwise. By segmenting the book into separate parts that build upon each other, the SE concept's accessibility is reinforced. The basic principles of SE, problem solving, and systems design are helpfully introduced in the first three parts. Once the fundamentals are presented, specific case studies are covered in the fourth part to display potential applications. Then part five offers further suggestions on how to effectively practice SE principles; for example, it not only points out frequent stumbling blocks, but also the specific points at which they may appear. In the final part, a wealth of different methods and tools, such as optimization techniques, are given to help maximize the potential use of this SE concept. Engineers and engineering students from all disciplines will find this book extremely helpful in solving complex problems. Because of its practicable lessons in problem-solving, any professional facing a complex project will also find much to learn from this volume.

*Get Her on Board* Nick O'Kelly,2010-05 The man with The Dream of sailing away on his own boat faces many challenges, but the biggest may be getting his wife to come along. *Get Her On Board* is a man's guide to sharing The Cruising Dream with his wife, and keeping her happy once she's on board.

The River Wife Jonis Agee,2008-05-27 From acclaimed novelist Jonis Agee, whom The New York Times Book Review called “a gifted poet of that dark lushness in the heart of the American landscape,” *The River Wife* is a sweeping, panoramic story that ranges from the New Madrid earthquake of 1811 through the Civil War to the bootlegging days of the 1930s. When the earthquake brings Annie Lark's Missouri house down on top of her, she finds herself pinned under the massive roof beam, facing certain death. Rescued by French fur trapper Jacques Ducharme, Annie learns to love the strong, brooding man and resolves to live out her days as his “River Wife.” More than a century later, in 1930, Hedie Rails comes to Jacques' Landing to marry Clement Ducharme, a direct descendant of the fur trapper and river pirate, and the young couple begin their life together in the very house Jacques built for Annie so long ago. When, night after late night, mysterious phone calls take Clement from their home, a pregnant Hedie finds comfort in Annie's leather-bound journals. But as she reads of the sinister dealings and horrendous misunderstandings that spelled out tragedy for the rescued bride, Hedie fears that her own life is paralleling Annie's, and that history is repeating itself with Jacques' kin. Among the family's papers, Hedie encounters three other strong-willed women who helped shape Jacques Ducharme's life—Omah, the freed slave who took her place beside him as a river

raider; his second wife, Laura, who loved money more than the man she married; and Laura and Jacques' daughter, Maddie, a fiery beauty with a nearly uncontrollable appetite for love. Their stories, together with Annie's, weave a haunting tale of this mysterious, seductive, and ultimately dangerous man, a man whose hand stretched over generations of women at a bend in the river where fate and desire collide. The River Wife richly evokes the nineteenth-century South at a time when lives changed with the turn of a card or the flash of a knife. Jonis Agee vividly portrays a lineage of love and heartbreak, passion and deceit, as each river wife comes to discover that blind devotion cannot keep the truth at bay, nor the past from haunting the present.

**Reinventing Yourself in Your Retirement Years** Lee Gale Gruen,2020-11-10 Have you retired or are about to and have no clue what to do next? Don't succumb to isolation and depression as so many have. This book offers a detailed guide for retirees, those soon to retire, baby boomers, and seniors to reinvent themselves in this new stage of their lives by finding joy, excitement, and purpose in their retirement. It is not a one-size-fits-all approach but instead highlights how each individual can identify and locate gratifying activities and pursuits based on their own interests and comfort level. The author learned the secret the hard way and finally transitioned from retired probation officer to actress, author, public speaker, and blogger. Audience members at her lectures on senior reinvention began requesting a book on the subject. This is the result, and it contains the content of those talks as well as six years of posts from her free, online blog. Her lectures, blog, and this book are all titled, Reinventing Yourself in Your Retirement Years. The book details the author's own personal reinvention after she retired; why people fear retirement; why they eventually do retire; how you can find joy, excitement, and purpose in your retirement; how you can figure out what might be of interest to you personally; and what the secret is to customizing available choices to your particular personality. To help guide them, the reader is then given a long, detailed account of what is available to retirees in the community as well as where and how to find those activities and pursuits. There is a separate chapter on volunteer activities and another on employment opportunities for retirees and seniors. The final chapter offers six years of posts from the author's blog which she has been writing every two weeks since 2013 where she discusses her thoughts, observations, and experiences which she believes are universal to the retiree and senior populations. **My Father's Life** Editors of Chartwell Books,2021-02-16 Record your father's life story in this beautiful keepsake journal with 200 guided exercises and prompts that take him back through each stage of his life and its accompanying adventures. Fathers are our steady and protective heroes, who, sometimes, become lost when it comes to sentimental celebrations of their importance in our lives. In My Father's Life, both thought-provoking and lighthearted writing prompts and guided exercises are organized into chapters based on your father's life stages to help him record his life's memoir. Beginning with early childhood, questions like Are there any stories about your birth that were told to you by your parents or other family members? followed by early adulthood prompts such as What is something that you felt very strongly about when you were in your twenties? and then concluding with questions about his wisdom he has learned and would like to share like What is the best piece of advice you were ever given and who gave it to you?, the My Father's Life journal jump starts the reflective writing process to open his mind to dig deeper into who he is, where he started, and, most importantly, what he has learned. Complemented with poignant quotes about fathers throughout history, this beautifully designed journal will give your father everything he needs to record his life's experiences to not only shed light on the events that shaped him into the man he is today, but also to preserve his life's memories and stories for you and your family to learn from, become inspired by, and cherish for future generations. **The Choice Factory** Richard Shotton, 2018-02-12 Before you can influence decisions, you need to understand what drives them. In *The Choice Factory*, Richard Shotton sets out to help you learn. By observing a typical day of decision-making, from trivial food choices to significant work-place moves, he investigates how our behaviour is shaped by psychological shortcuts. With a clear focus on the marketing potential of knowing what makes us tick, Shotton has drawn on evidence from academia, real-life ad campaigns and his own original research. *The Choice Factory* is written in an entertaining and highly-accessible format, with 25 short chapters, each addressing a cognitive bias and outlining simple ways to apply it to your own marketing challenges. Supporting his discussion, Shotton adds insights from new interviews with some of the smartest thinkers in advertising, including Rory Sutherland, Lucy Jameson and Mark Earls. From priming to the pratfall effect, charm pricing to the curse of knowledge, the science of behavioural economics has never been easier to apply to marketing. *The Choice Factory* is the new advertising essential.

**Interspecies** Julie Livingston, Jasbir K. Puar, 2011 Industries of production and scientific research rely on the use of nonhuman animals and plants, remaking environments, populations, and even genetic information to suit human designs. This issue of *Social Text* considers the radical implications of questioning the exceptional status of humans among the planet's species. Responding to growing interest in animal studies and posthumanism, the contributors draw on racial, feminist, queer, postcolonial, and disability theories to probe the diversity of human relationships with other forms of biosocial life. *Interspecies* queries the politics of traditional species taxonomy and examines the ways humans use the material characteristics of other species to pursue their economic, political, and social aims. This collection goes beyond companionate species to examine less charismatic life forms: viruses, vermin, transgenic pigs, and commodified plants. Bringing together prominent scholars and artists from a range of fields, the issue examines the histories of species collection and display. In the context of current public health challenges, including the swine flu epidemic and the scarcity of donor organs, the contributors explore the limits of transgressing species boundaries that arise when human bodies contain other species, such as viruses or transplanted organs from genetically customized pigs. *Interspecies* analyzes the use of nonhuman species in the biopolitics of warfare and torture and examines how interspecies relationships shape conditions of colonialism, imprisonment, and violence. The issue also complicates romanticized narratives of human/nonhuman animal dynamics without resorting to oversimplified portrayals of human exploitation of animal and plant life. Julie Livingston is Associate Professor of History at Rutgers University. Jasbir Puar is Associate Professor of Women's and Gender Studies at Rutgers University. She is the author of *Terrorist Assemblages: Homonationalism in Queer Times*. Contributors: Neel Ahuja, Suzanne Anker, Ed Cohen, James Delbourgo, Sarah Franklin, Carla Freccero, Alphonso Lingis, Julie Livingston, Chakanetsa Clapperton Mavhunga, Jasbir Puar, Kingsley Rothwell, Lesley Sharp
