**How to Make Paper Dinosaurs** Mari Ono, Hiroaki Takai, 2018-09-11 Go back to the days when dinosaurs ruled the earth with *How to Make Paper Dinosaurs*, the great origami book containing 25 prehistoric paper-folding projects to sink your teeth into. With big dinosaurs, small ones, ocean-dwellers, and high flyers, there are origami projects here to entertain any dino lover. Try your hand at the flying Pteranodon or fold one of the largest land animals that ever existed, the Apatosaurus. From the Cretaceous period you can make the king of dinosaurs, the Tyrannosaurus Rex, and from the Jurassic age comes the spiny Stegosaurus. Every project has simple step-by-step instructions and clear photographs, as well as helpful arrows showing you where to fold. Each design is allocated a skill rating—start with an easy one and once you've mastered that move on to something a bit more challenging. The book includes 50 specially designed pieces of origami paper so you can start folding right away.

**Oathmark** Joseph A. McCullough, 2020-04-30 Empires have fallen, and the land is broken. The great oathmarks that once stood as testaments to the allegiances and might of nations have crumbled into ruin. In this lost age, fealty and loyalty

are as valuable as gold and as deadly as cold iron, and war is ever-present. Created by Joseph A. McCullough, designer of Frostgrave and Frostgrave: Ghost Archipelago, Oathmark is a mass-battle fantasy wargame that puts you in command of the fantasy army you've always wanted, whether a company of stalwart dwarves or a mixed force with proud elves, noble men, and wild goblins standing shoulder-to-shoulder in the battle-line. Fight through an integrated campaign system and develop your realms from battle to battle, adding new territories, recruiting new troop types, and growing to eclipse your rivals... or lose what you fought so hard to gain and fall as so many would-be emperors before you.

Francis Ford Coppola's The Godfather Trilogy  
Nick Browne, 1999-11-13 The Godfather trilogy is among the most significant works of Hollywood cinema of the last quarter century. They provide a richly complex look at a whole segment of American life and culture spanning almost the whole century. In six essays, written especially for this volume, The Godfather trilogy is re-examined from a variety of perspectives. Providing analyses on the form and significance of Coppola's achievement, they demonstrate how the filmmaker revised the conventions of the American crime film in the Viet Nam era, his treatment of the capitalism of the criminal underworld and its inherent violence, the power struggles within Hollywood over the film, and the contribution of opera to the epic force and cinematic style of Coppola's vision of an American criminal dynasty. The Godfather articulates the themes, styles,

mythologies, performances, and underlying cultural values that have made the film a modern classic.
