Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his

days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

AmGov Christine Barbour,2019-02-12 All the fundamentals. No fluff. Learn more with less! A truly revolutionary American Government textbook, Christine Barbour's *AmGov: Long Story Short*, responds to the needs of today's students and instructors through brevity and accessibility. The succinct ten chapters are separated by tabs that make it easy to skim, flip, revisit, reorient, and return to content quickly. Reading aids like bullets, annotations and arrows walk students through important facts and break up the material in short, engaging bites of information that highlight not only what is important but why it's important. Though brief, this core book is still robust enough to provide everything that students need to be successful in their American Government course. Whether for the on-the-go student who doesn't have time to read and digest a lengthy chapter, or the instructor who wants a book that will stay out of their way and leave room for plenty of supplementary reading and activities, *AmGov* provides a perfectly simplified foundation for a successful American Government course.

Room 555 Cristy Watson,2019-01-29 Fourteen-year-old Roonie loves hip-hop almost as much as she loves her grandmother. Roonie cannot wait to compete in her school's dance competition. But as her grandmother's health deteriorates, Roonie becomes more and more reluctant to visit her in the care home. These feelings of guilt and frustration cause Roonie to mess things up

with her hip-hop dance partner and best friend, Kira. But while doing some volunteer hours in the hospital geriatric ward, Rooney meets an active senior recovering from a bad fall. Their shared love of dance and the woman's zest for life help Rooney face her fears, make amends with Kira and reconnect with Gram before it's too late.

Suburban Remix Jason Beske, David Dixon, 2018-02 Investment has flooded back to cities because dense, walkable, mixed-use urban environments offer choices that support diverse dreams. Auto-oriented, single-use suburbs have a hard time competing. Suburban Remix brings together experts in planning, urban design, real estate development, and urban policy to demonstrate how suburbs can use growing demand for urban living to renew their appeal as places to live, work, play, and invest. The case studies and analysis show how compact new urban places are being created in suburbs to produce health, economic, and environmental benefits, and contribute to solving a growing equity crisis.

Dracula. Olive Edition Bram Stoker,2024-08 Bram Stoker's timeless gothic tale, now available as a Harper Perennial Olive Edition. Originally published in 1897, Dracula is one of the most enduring and influential works of literature ever written, spawning countless adaptations and reimaginings from every generation of readers. Stoker's epistolary novel follows young English lawyer Jonathan Harker who arrives in Transylvania to meet with Count Dracula, one of his firm's clients. Feared by the locals, the count is indeed a mysterious man, stranger than Harker could ever imagine--a vampire who lives on human blood. After Harker fails to kill Dracula, the vampire travels to England, where he threatens the lives of Harker's fiancée, Mina, and her friend, Lucy. When Harker finally returns home, he reunites with Mina, and the brave pair risk everything to destroy the fiendish monster. Told through letters, diary entries, and newspaper articles, Dracula is ingrained in the collective imagination and remains as haunting and eerie today as when it was published more than a hundred years ago.

Catwoman (2018-) #19 Joelle Jones,2020-01-08 The fight between Catwoman and Raina Creel turns personal, as the Creel goons descend on the pawn shop. Their target? Catwoman's right-hand man, Carlos. If your opponent has better weapons than you, it makes sense to take out the supplier. Especially when you have a new enforcer coming into town to put the hammer down.

Exquisitely illustrated with full color photographs, After Promontory divides the western United States into three regions—central, southern, and northern—and offers a deep look at the transcontinental routes of each one. Renowned railroad historians Maury Klein, Keith Bryant, and Don Hofsommer offer their perspectives on these regions along with contributors H. Roger Grant and Rob Krebs.
