**Private Empire** Steve Coll, 2012-05-01 From the award-winning and bestselling author of *Ghost Wars* and *Directorate S*, an “extraordinary” and “monumental” exposé of Big Oil (The Washington Post) Includes a profile of current Secretary of State and former chairman and chief executive of ExxonMobil, Rex Tillerson In this, the first hard-hitting examination of ExxonMobil—the largest and most powerful private corporation in the United States—Steve Coll reveals the true extent of its power. *Private Empire* pulls back the curtain, tracking the corporation’s recent history and its central role on the world stage, beginning with the Exxon Valdez accident in 1989 and leading to the Deepwater Horizon oil spill in the Gulf of Mexico in 2010. The action spans the globe—featuring kidnapping cases, civil wars, and high-stakes struggles at the Kremlin—and the narrative is driven by larger-than-life characters, including corporate legend Lee “Iron Ass” Raymond, ExxonMobil’s chief executive until 2005, and current chairman and chief executive Rex Tillerson, President-elect Donald Trump's nomination for Secretary of State. A penetrating, news-breaking study, *Private Empire* is a defining portrait of Big Oil in American politics and foreign policy.

**The Business of Electronics** A. Kumar Sethi, 2013-11-19 Electronics is an ever-changing field with an entrepreneurial spirit and a rich history, populated by some of the world's most famous companies and personalities. *The Business of Electronics* details the field's complex ecosystem in all its

trials and tribulations. It looks at companies such as Apple, IBM, Samsung, and Nokia, as well as now-extinct companies such as Honeywell Bull (France) and Sinclair Computers (UK) that contributed to technology and business. Sethi shows us how a handful of US companies led the charge in designing equipment that could make millions of small, reliable components; how Nokia started in the timber business; the history of inventors like J.C. Bose, a pioneer in radio communication (who inadvertently made Guglielmo Marconi famous); and why there are numerous companies and creators that never made it or that we have never heard of. This all-encompassing book not only explores the vibrant history of electronics, it uses case studies to examine the companies and people that made history and explain how we ended up where we are today.

#### Twelve Years a Slave Solomon Northup, 2024-01-04

Filmatised in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a

planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

*The Allegheny Midland* Tony Koester, 2010 The renowned HO scale Allegheny Midland layout is analyzed in detail in this fascinating book by Tony Koester. Built by Tony, over the course of 25 years, the legendary layout has provided many lessons about what worked and what didn't work. You'll be sure to enjoy Tony's unique insight and perspective.

**Gurps WWII Iron Cross** ,2002-07 Fantasirollespil.

**The Boy Governor** Don Faber, 2012-09-14 The definitive biography of the youngest state governor in American history

**Gurps WWII Core Rulebook** Gene Seabolt, 2018-06-29 Prepare for your finest hour as GURPS explores the defining event of the 20th century - World War II. GURPS WWII provides an overview of the war that transformed the globe, reviews of the nations and armies in the thick of the fighting, and descriptions of their primary weapons and vehicles. It also includes a modular vehicle-design system for tailoring equipment in alternate-history campaigns or simply perfecting the unstoppable tank! This is the core book for a complete line of GURPS WWII volumes. These further illustrate specific nations and theaters, the naval and air wars, additional equipment, and much more.

**Justice a Poem** ,1774

Detroit's Historic Places of Worship Marla O.

Nieto, Ted Lin And Praveen Sadhu Discuss.

*Detroit Surgeons* Larry W. Stephenson,2011

**Estimating Market Value and Establishing Market Rent at Small Airports** Aviation Management Consulting Group, Inc,Aeroplex Group Partners,Decker Associates,DKMG Consulting,Hangar Network,2020 Staff from smaller airports typically lack specialized expertise in the negotiation and development of airport property or the resources to hire consultants. ACRP Research Report 213 provides airport management, policymakers, and staff a resource for developing and leasing airport land and improvements, methodologies for determining market value and appropriate rents, and best practices for negotiating and re-evaluating current lease agreements. There are many factors that can go into the analysis, and this report reviews best practices in property development.--Foreword.
