**Twelve Years a Slave** Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Sounds and the City B. Lashua,K. Spracklen,S. Wagg,2014-05-27 This book explores the ways in which Western-derived music connects with globalization, hybridity, consumerism and the flow of cultures. Both as local terrain and as global crossroads, cities remain fascinating spaces of cultural

contestation and meaning-making via the composing, playing, recording and consumption of popular music.

*Some Of Myself* Suzanne D Williams,2022-02-14 I can't do this again, she cried. I can't. It'll be like last time, and my life will be ruined. I just wanted to start over. Shh. No, it won't. You have me. The last thing Eden Riske expected when she came home was the discernment of fellow teacher Austin Lowell. However, it seems even his presence can't stop the rumors swirling around her or the hatred of someone determined to do her harm. But this job is supposed to be her salvation, her way out of her troubled past. Except now, everything is falling apart, and the one thing that might destroy her is the very secret she's held inside for so long.

*Celestial Being* Noboru Kimura,Hajime Yada,Yoshiyuki Tomino,2010 The novelization of the hit anime series! The year is 2307 A.D. Although fossil fuels have been depleted, humanity has obtained a new source of energy to replace them in the form of a large-scale solar power generation system based on three huge orbital elevators. However, the benefits of this system are available only to a handful of major powers and their allies. The three orbital elevators belong to three superpower blocs. These superpower blocs continue to play a grand zero-sum game for the sake of their own prestige and prosperity. In this world of never-ending conflict, a private armed organization appears, dedicated to the elimination of war through armed force. Its name is Celestial Being, and it is in possession of Gundam mobile suits. With these Gundams, it begins armed intervention into all acts of war.

*Solidarity in Biomedicine and Beyond* Barbara Prainsack,Alena Buyx,2017-01-19 In times of global economic and political crises, the notion of solidarity is gaining new currency. This book argues that a solidarity-based perspective can help us to find new ways to address pressing problems. Exemplified by three case studies from the field of biomedicine: databases for health and disease research, personalised healthcare, and organ donation, it explores how solidarity can make a difference in how we frame problems, and in the policy solutions that we can offer.

*I Will Survive* Gloria Gaynor,2014-03-11 *I Will Survive* is the story of Gloria Gaynor, America's Queen of Disco. It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including Honey Bee, I Got You Under My Skin, Never Can Say Goodbye, and the song that has immortalized her, *I Will Survive*, which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

**Doom 3: Worlds on Fire** Matthew Costello,2008-02-26 The year is 2144...and the battle over Earth's precious resources has raged for a century. With global economies in ruins and all-out world war more than a possibility, the U.S government turned to the Union Aerospace Corporation, giving it carte blanche on the legendary red planet of Mars in a desperate bid to construct an off-world outpost that might provide resources, a military advantage...as well as something so secret that even members of government don't have a clue about it.... Special Ops Marine Lieutenant John Kane was once a careerist simply glad to have a job, and couldn't care less about politics just as long as Uncle Sam's check cleared. But that was before he listened to his conscience and disobeyed a direct order. Busted down to private, Kane has been reassigned to the U.S. Space Marines -- the private army of the UAC -- with the prospect of becoming little more than a glorified security guard on Mars.... Now Lt. Kane's fate leads him to Mars City -- part environmental community, part lab center, and all owned and protected by the UAC. It's a strange world with a fatal environment, and the thousands who live and work within the city have already begun to think of themselves as Martians. And away from Mars City, at the strange ancient sites uncovered on the planet, a small squad of marines stand guard while scientists uncover wall glyphs and search for artifacts, having already found something that is so far amazing and inexplicable -- including the relic called U1, nicknamed the Soul Cube -- and unknown to all, the bringer of destructive chaos and unspeakable horror....

*Tacky* Rax King,2021-11-02 An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column Store-Bought Is Fine” Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to good taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, Sex and the City, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in You Wanna Be On Top, Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor.
