Giant Creatures in Our World Camille D.G. Mustachio,Jason Barr,2017-09-29 Dismissed as camp by critics but revered by fans, the kaiju or strange creature film has become an iconic element of both Japanese and American pop culture. From homage to parody to advertising, references to Godzilla--and to a lesser extent Gamera, Rodan, Ultraman and others--abound in entertainment media. The Kaiju Film Jason Barr,2016-01-28 The Kaiju (strange monster or strange beast) film genre has a number of themes that go well beyond the big monsters stomping on cities motif. Since the seminal King Kong 1933) and the archetypal Godzilla (1954), kaiju has

mined the subject matter of science run amok, militarism, capitalism, colonialism, consumerism and pollution. This critical examination of kaiju considers the entirety of the genre--the major franchises, along with less well known films like Kronos (1957), Monsters (2010) and Pacific Rim (2013). The author examines how kaiju has crossed cultures from its original folkloric inspirations in both the U.S. and Japan and how the genre continues to reflect national values to audiences.

I Do Terrible Things John Goodrich, 2018-10-26 Donna doesn't know the old man with the sad face and yet there she is, beating him to death with a shovel. Is suppressed rage making her murder people in horrifying ways, or is she some sort of latent psychopath? She dreams of killing another man, and then another. The more people she kills, the more desperate she becomes to stop herself. Can she find the key and stop herself before she commits yet another gruesome murder? *** "I Do Terrible Things is a symphony of extreme horror. Goodrich masterfully draws the reader in and relentlessly turns the screws. Like a repeating melody, each chapter broadens and deepens the main character's profound but subtle descent into madness and violence. By the time I had reached the grand guignol finale I felt as trapped in the tale as she did." - Stephen Kozeniewsk, author of Brineater Jones "John Goodrich will appeal to fans of Laird Barron, Mary SanGiovanni, and Peter Straub." - Brian Keene "What happened to the quiet and unassuming man I thought I knew? Something demented is brimming, hidden behind an unassuming, innocent smile that freezes into a rictus just below the surface. He's serving up a seriously demented murder-rama thrillfest with a healthy dose of splatter. Death in the most insidious ways seem to fill every page. The pace, at times maddening, is handled skillfully, almost to the point of pain just before that wonderful release. I only hope someone this devastatingly disturbed is chained safely in his basement, his computer the only light." - Monica O'Rourke, author of Suffer the Flesh "John Goodrich's new novel, I Do Terrible Things, proves his debut, Hag, was no fluke. Beginning with a terrifying and surreal premise, this story of a woman who's a reluctant, but vicious killer in her dreams ramps up into a thrilling search for the truth that ends in a way that'd make the Greek tragedians wince. Trust me, once you start this one, you aren't going to want to sleep until it's finished." - Bracken MacLeod, author of Come to Dust and 13 Views of the Suicide Woods "Some of us don't get a 'cult fiction' sense from our reads very often, but you're likely to find it in John Goodrich. I Do Terrible Things offers up a meaty mix of Charles Willeford, John Skipp, and even Patricia Highsmith, all culminating into a nightmare of paranoia and crime that noir and horror fanatics will love. The results are unsettling, and at best, you'll be left with a sense of displacement that even your doctor will only be able to shrug at. Get on this book." - Larissa Glasser, author of F4

Gargantua & Pantagruel François Rabelais, 1955-01-01 This text parodies everyone from eminent classical authors and schoolmen to Rabelais's own acquaintances. But the brilliance of the book lies not merely in these learned references, but in the story into which they are woven.
