Typographic Systems of Design Kimberly Elam,2007-05-03 Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. *Typographic Systems* is the seventh title in our bestselling *Design Briefs* series, which has sold more than 100,000 copies worldwide.

1-Day Diet - the Fastest Diet in the World! Jennifer Jolan,Rich Bryda,2014-01-06 If you've dreamed of a way to safely and quickly lose weight while still eating foods you love, then this book by bestselling weight loss authors Jennifer Jolan and Rich Bryda could be exactly what you're looking for. The 1-Day Diet is changing the diet and weight loss world. Based on hard science, it works without constantly dieting for days, weeks, and months at a time... without planning special meals...without counting calories... and without needing to exercise. The idea behind this diet was first discovered by professional athletes (who wanted to lose body fat without starving or feeling tired) and then perfected for women by a world-class diet expert. In fact, it's not unusual to lose 2-5 pounds the first day and up to 30 pounds the first month without fat returning. The Best Part? You're only allowed to do the diet 1-3 days per week. The rest of the week you can eat all your favorite foods (even bad foods) as long as you follow a few simple guidelines. Some of the secrets in this fascinating book include: The science behind why it's almost impossible to fail here. (Even if everything else hasn't worked.) - How to diet 1 day a week to KEEP fat off forever. (No yo-yo effect or worrying about fat creeping back on.) - A simple 5-minute exercise that can double your weight loss speed on the 1-Day Diet. (Exercise is NOT required-but you can lose weight TWICE as fast by doing this simple exercise that takes only 5 minutes per day.) - How to use the 1-Day Diet Plan to cut your food bill almost in half. - How to prevent fat gain even while pigging out on holidays and weekends. - How the 1-Day Diet naturally eliminates cravings and thinking about food. - A spice that lowers blood sugar levels, makes you more insulin sensitive (that's really good thing), and helps you lose weight. - The 1-hour window to eat as bad as you want without gaining fat. (If you really want to indulge, eat your bad meals at this exact time to carbs turn into energy instead of fat.) - Why the 1-Day Diet is NECESSARY for pre-diabetic people... or who have full-blown diabetes. (Millions of people are pre-diabetic and don't even know it.) - Why typical dieting and exercise are often no match for CRAZY, out-of-control hormones... and how to fix your hormones so weight loss follows. - The culprit found in processed foods at a rate of 1,000,000 times higher than estrogen found in women's breasts! A disaster for weight loss. - How our foods became so nutritionally empty that it now takes 26 of this fruit to equal the nutrition of 1 of them from 1914! - You know second-hand smoke is bad for you, right? Well, this common food is like the equivalent of second-hand smoke. Bad news... and you're eating it without even knowing it. - Women hold fat because they have 1,000 TIMES the concentration of these versus men (a big reason why women usually have a harder time losing weight). - This cheap substance has 84 different minerals... the version you probably get has only 2. Adrian Frutiger - Typefaces Heidrun Osterer,Philipp Stamm,2014-05-08 The international creation of typefaces after 1950 was decisively influenced by the Swiss type designer Adrian Frutiger. His Univers typeface and the machine-readable font OCR-B, which was adopted as an ISO standard, are milestones, as is his type for the Paris airports, which set new standards for signage types and evolved into the Frutiger typeface. With his corporate types, he helped to define the public profiles of companies such as the Japanese Shiseido line of cosmetics. In all he created some fifty types, including Ondine, Méridien, Avenir, and Vectora. Based on conversations with Frutiger himself and on extensive research in France, England, Germany, and Switzerland, this publication provides a highly detailed and accurate account of the type designer's artistic development. All of his types - from the design phase to the marketing stage - are illustrated and analyzed with reference to the technology and related types. Hitherto unpublished types that were never realized and more than one hundred logos complete the picture. This second, revised and expanded study edition, which now has an index, makes Frutiger's achievement even more accessible.

The Four Magic Moves to Winning Golf Joe Dante,2009-03-25 The legendary golf instructional, available again. This is, along with Harvey Penick's Little Red Book, THE book Golf professionals turn to. Thirty years ago I was recommending Joe Dante's book The Four Magic Moves To Winning Golf as a must read for aspiring PGA professionals. What Dante said in '62 has influenced many of the game's finest teachers. Dante was a visionary.--Gary Wiren, author of New Golf Mind When published, The Four Magic Moves To Winning Golf radically changed the way many players thought about the golf swing. Dante's system showed how simple it was to improve one's game, and at the same time gave the golfer one of the most comprehensive analyses of swing mechanics ever published. Now, thirty-three years after its original publication, Main Street is proud to reissue this classic instructional. Dante begins by sweeping out all the misconceptions of the game. If good golf is to be learned and the poor player is to improve, a purging must take place, painful as it may be. Dante discusses a few basics of grip and stance, and then he gets to the heart of his book, the four magic moves. As he reveals each of the moves, Dante focuses on the physical checkpoints so that any golfer can make sure that his or her swing is on the right track. The Four Magic Moves To Winning Golf is straightforward and easy to understand, yet unlike other golf books it is irreverent and audacious in its approach to mastering the game. The publication of this rediscovered classic is sure to establish Joe Dante's reputation as one of golf's greatest teachers.

Lifelines Nathan Walter,Rod Sturdy,Paul Whitehouse,Luke Jennings,Hugh Miles,2023-01-31 Angling. Is there anything better? Setting up for a day's fishing at a favourite haunt, the beautiful countryside an enchanting backdrop to the anticipated aquatic battle that lies ahead. The dip of a float or a twitch on the rod top indicating some unseen interest in the angler's bait, before the float plunges under or the rod top rips round... now let the battle commence! Of course, angling offers so much more than the ultimate outcome of a fish or two. The serenity, the beauty and the solitude that our waterways offer the intrepid piscator are truly amazing. Angling is spiritual; it's therapeutic and it manifests healing properties for the mind. There is an innate desire to fish in all of us that dates back through thousands of years of mankind's development; many anglers truly believe they were born to fish. These sentiments are shared amongst the contributors to Lifelines. In all, twenty-eight actors, entertainers, filmmakers, authors, journalists and anglers bring you a selection of short stories centred around angling. Some are true, others are works of fiction. Comedian, actor and one half of Mortimer and Whitehouse: Gone Fishing Paul Whitehouse reminisces on his experiences on the middle Dee one burning hot August weekend, Luke Jennings (creator of Villanelle and bestselling author of the Killing Eve series) takes us into the realms of the supernatural, and international wildlife filmmaker and Passion for Angling director Hugh Miles tells of a fatal encounter with the pumas of South America. Whether you're an angler or not yourself, you are sure to enjoy these and many other fantastic contributions. There's even a winter's ghost story to keep you company on a cold and windy night! This is the perfect book to dip in and out of (if you can put it down) and has been expertly compiled by authors Nathan Walter and Rod Sturdy, who have chosen to donate all profits from the book to good causes, including the John Wilson Fishing Enterprise (jwfe.co.uk) which helps children and adults deal with mental health issues through angling. Tight Lines!

Fun Home Alison Bechdel,2007 A fresh and brilliantly told memoir from a cult favorite comic artist, marked by gothic twists, a family funeral home, sexual angst, and great books. This breakout book by Alison Bechdel is a darkly funny family tale, pitch-perfectly illustrated with Bechdel's sweetly gothic drawings. Like Marjane Satrapi's Persepolis, it's a story exhilaratingly suited to graphic memoir form. Meet Alison's father, a historic preservation expert and obsessive restorer of the family's Victorian home, a third-generation funeral home director, a high school English teacher, an icily distant parent, and a closeted homosexual who, as it turns out, is involved with his male students and a family babysitter. Through narrative that is alternately heartbreaking and fiercely funny, we are drawn into a daughter's complex yearning for her father. And yet, apart from assigned stints dusting caskets at the family-owned fun home, as Alison and her brothers call it, the relationship achieves its most intimate expression through the shared code of books. When Alison comes out as homosexual herself in late adolescence, the denouement is swift, graphic -- and redemptive.
