Twist and Tess Miguel A. Gañan, 2020-10-20 With a prologue by Tomoko Fuse, the worldwide renowned Japanese origami master, the book contains 26 of my favourite tessellations, along other designs derived from those models (3 boxes and 2 omiyage/tato). The book starts with an introduction to the origins and history of tessellations and describes the techniques and materials needed by those who want to begin with this kind of origami. The models are sorted based on the twists used in each one and include suggestions based on my own folding experience. For each model, a CP (crease pattern) is included, along with step by step instructions to fold it. Those instructions contain diagrams and their

related text. At the end of each model you can see the picture of the finished model (usually in the extended version). Scattered between the different models, the reader can see the original hand drawn diagrams by Alejandra Zapico, that were the base of the final computer drawn diagrams. At the end of the book, there are several appendices, such as a small english-spanish origami dictionary, the symbol guide for those used in the book and several references related to tessellations.

Africa Calling, Nighttime Falling Danny Adlerman, 2018 A girl imagines herself in Africa with lions, elephants, monkeys, rhinos, zebras, and other animals, who are likewise preparing for sleep. Includes brief descriptions of the animals, a map of their habitats in Africa, and sheet music.

Captain Underpants and the Attack of the Talking Toilets Dav Pilkey, 1999-04-01 Principal Krupp once again turns into the superhero Captain Underpants in order to save the world, and Jerome Horwitz Elementary School, from the evil talking toilets and the Turbo Toilet 2000.
