[THE BLACK RIVER CHRONICLES] David Tallerman, Michael A Wills, 2017-10-12 Digital Fiction - Large Print Paperback Edition ...Superb pacing, competent writing, well-described action, fun situations, and appealing characters... Well-crafted fantasy fiction about a team of young trainees tackling dangerous missions. -- Kirkus Reviews (22 Nov 2016) You know these characters: the ranger, the fighter, the wizard, the rogue. But haven't you ever wondered how they learned to be those things? Three months into his studies at the Black River Academy of Swordcraft and Spellcraft, Durren Flintrand is shocked by the news that from now on he'll be assigned to a party, and that his only hope of progressing beyond the lowly rank of level one is to succeed with his new companions. However, Durren has a secret that may make that impossible, and his three partners have problems of their own. Wizard Areinelimus is terrified of her own magic. Rogue Tia has no patience at all with others. And warrior Hule is just an idiot. In fact, when a disembodied, floating eyeball is your most competent party member, you know you have serious problems. To stand a chance of succeeding, they need to work together, and that means learning to tolerate each other, while surviving a world of angry rat people, murderous sorcerers and homicidal unicorns. But even if they can somehow find a way to get along, dark and ancient forces are stirring, ones no level one students should ever have to confront... The Black River Chronicles is a new fantasy series from David Tallerman and Michael Wills. Set in an academy for young adventurers in training, the Black River Academy, our new dungeon crawlers set out to learn the ropes. Follow them in their adventures and misadventures and see if they save the day, or flunk out of school before earning their next level. Kirkus Reviews - Well crafted fantasy fiction... [TWELVE YEARS A SLAVE] Solomon Northup, 2024-01-04 Filmatised in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

¶ [ACHTUNG-PANZER!](#) Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

¶ [PHOENIXCRY](#) Kt Strange, 2018-09-12 My goals for my final year at university were: 1) Kick ass at my internship 2) Keep hiding from my family 3) Stop frying my phone battery by accident with my powers. Then I walked into the first day of my internship at a hot indie record label to find that my old life had collided with my new one. Five hot guys in a band called Phoenixcry, I'm supposed to manage them, and oh yeah, PS, they're werewolves. I've left the magic world behind, but I'm still a witch and witches and werewolves don't mix. But doing the wrong thing was always my M.O., so now I'm out on the road with a band full of sexy, growly werewolves. But the magic world is one step behind us: there are hunters on our trail, and if they catch us the boys are dead and I'm back at home under lock and key. Oh, one more thing, I think I'm falling in love with them. Not just one of them, all of them, and to make it super complicated, I think they feel the same way. So I had to revise my goals for this year: 1) Kick ass at my internship 2) Don't fall in love with the band 3) Stay alive sounds easy, right? ====== Meet Darcy Llewellyn, fourth year university student, music intern, and secretly a witch. This is the story about how she meets and falls in love with the werewolves that make up the band Phoenixcry: Finn Gunner, Elias Gunner, Charlie Gage, Wesley Ace Rivers, and Cash Legend. This steamy reverse harem romance is over 80,000 words in length, and is the first in a series about Darcy Llewellyn and her pack of werewolf lovers.

**[P]** **ALIENS IN WONDERLAND ALPHA**, 2010-02 An informative in-depth look at the lives of several extraterrestrials (E.T.'s), extraterrestrial biological entities (E.B.E.'s), and aliens, what their lives are like on their planets in their galaxies, what their spaceships are like, and how they are connected to us here on Earth. In addition, the book delves into how they are important to our religion and military strength. This novel also looks at some historical revelations, future predictions, and current happenings including an interesting collection of anecdotes regarding an ex-CIA agent who gets his wishes granted. It's the author's intention to, at the very least, bridge the gaps that exist between the religions of our generation. One gap is between our present long standing accepted knowledge of our concept of God, and our comprehensible real God. As well, a gap exists between how we are told we should interpret and demonstrate the meaning of God and how we show our faith and prove our belief in the living Creator. These are some things that the author thinks everyone needs to know about God, Satan, and UFOs. This book has been a long time in the making, twenty years, but somehow it still manages to remain ahead of its time, in most cases.
