**Michael Lee West**

*Halloween* Nicholas Rogers, 2003 A wide-ranging, illustrated look at the history of Halloween illuminates the holiday from ancient Celtic ritual to billion-dollar industry. 32 halftones & line illustrations.

Mad Girls In Love Michael Lee West, 2009-10-13  
Michael Lee West's indomitable G.R.I.T.S. (Girls Raised in the South) are back -- enduring rough times with all the grace and outrageous flair expected of true Southern heroines. Bitsy Wentworth -- fleeing yet another relationship nightmare in a "borrowed" red Corvette, with her baby daughter and a recently acquired "demon child" -- has an APB out on her for attempted murder (she broke her ex-husband's nose with a frozen slab of ribs that she purchased at the Piggly Wiggly). Her mama, Dorothy, is writing letters to First Ladies from inside the Central State Asylum, while Aunt Clancy Jane has completed her inevitable progression from hippie to local Crazy Cat Lady. Three generations of unforgettable Crystal Falls, Tennessee, women -- and the men they attract, enrage, and confound -- are courageously plowing through tumultuous lives of compound disaster . . . and hoping the chaos the next wrong step leads to won't be insurmountable.

**Barack Obama's America** John White, 2018-03-22  
White's Barack Obama's America eloquently captures both the important nuances of the current political scene and its long-term consequences. ---Richard Wirthlin, former pollster for Ronald Reagan This delightfully written and accessible book is the best available account of the changes in culture, society, and politics that have given us Barack Obama's America. ---Stan Greenberg, pollster for Bill Clinton and Chairman and CEO of Greenberg Quinlan Rosner Research From one of the nation's foremost experts on how values shape our politics, a clear and compelling

account of the dramatic shifts in social attitudes that are transforming American political culture. White's masterful blend of narrative and data illuminates the arc of electoral history from Reagan to Obama, making a powerful case for why we are entering a new progressive political era. ---Matthew R. Kerbel, Professor of Political Science, Villanova University, and author of *Netroots* John Kenneth White is bold. He asks the big questions . . . Who are we? What do we claim to believe? How do we actually live? What are our politics? John Kenneth White writes compellingly about religion and the role it played in making Barack Obama president. White's keen insight into America's many faiths clarifies why Barack Obama succeeded against all odds. It is a fascinating description of religion and politics in twenty-first-century America---a must-read. ---Kathleen Kennedy Townsend, former Lieutenant Governor of Maryland and author of *Failing America's Faithful* In Barack Obama's America, John Kenneth White has written the political equivalent of Baedeker or Michelin, the definitive guide to and through the new, uncharted political landscape of our world. White captures and explains what America means---and what it means to be an American---in the twenty-first century. ---Mark Shields, nationally syndicated columnist and political commentator for PBS NewsHour John White has always caught important trends in American politics that others missed. With his shrewd analysis of why Barack Obama won, he's done it again. ---E. J. Dionne, Jr., Senior Fellow, Brookings Institution, and University Professor in the Foundations of Democracy and Culture at Georgetown University The election of Barack Obama to the presidency marks a conclusive end to the Reagan era, writes John Kenneth White in *Barack Obama's America*. Reagan symbolized a 1950s and 1960s America, largely white and suburban,

with married couples and kids at home, who attended church more often than not. Obama's election marks a new era, the author writes. Whites will be a minority by 2042. Marriage is at an all-time low. Cohabitation has increased from a half-million couples in 1960 to more than 5 million in 2000 to even more this year. Gay marriages and civil unions are redefining what it means to be a family. And organized religions are suffering, even as Americans continue to think of themselves as a religious people. Obama's inauguration was a defining moment in the political destiny of this country, based largely on demographic shifts, as described in Barack Obama's America. John Kenneth White is Professor of Politics at the Catholic University of America in Washington, D.C. Cover image: Out of many, we are one: Dare to Hope: Faces from 2008 Obama Rallies by Anne C. **Slasher** Chuck Wendig, Rick Chillot, Jess Hartley, Howard Wood Ingham, Prof Mike Lee, Matthew McFarland, Travis Stout, 2008-10-22

The Films of John Carpenter John Kenneth Muir, 2015-09-15 The films of John Carpenter cover a tremendous range and yet all bear his clear personal stamp. From the horrifying (Halloween) to the touching (Starman) to the controversial (The Thing) to the comic (Big Trouble in Little China), his films reflect a unique approach to filmmaking and singular views of humanity and American culture. This analysis of Carpenter's films

includes a historical overview of his career, and in-depth entries on each of his films, from 1975's *Dark Star* to 1998's *Vampires*. Complete cast and production information is provided for each. The book also covers those films written and produced by Carpenter, such as *Halloween II* and *Black Moon Rising*, as well as Carpenter's work for television. Appendices are included on films Carpenter was offered but turned down, the slasher films that followed in the wake of the highly-successful *Halloween*, the actors and characters who make repeated appearances in Carpenter's films, and ratings for Carpenter's work. Notes, bibliography, and index are included.

*Horror Noire* Robin R. Means Coleman, 2013-03 From *King Kong* to *Candyman*, the boundary-pushing genre of the horror film has always been a site for provocative explorations of race in American popular culture. In *Horror Noire: Blacks in American Horror Films from 1890's to Present*, Robin R. Means Coleman traces the history of notable characterizations of blackness in horror cinema, and examines key levels of black participation on screen and behind the camera. She argues that horror offers a representational space for black people to challenge the more negative, or racist, images seen in other media outlets, and to portray greater diversity within the concept of blackness itself. *Horror Noire* presents a unique social history of blacks in America through changing images in horror films. Throughout the text, the reader is encouraged to unpack the genre's racialized imagery, as well as the narratives that make up popular culture's commentary on race. Offering a comprehensive chronological survey of the genre, this book addresses a full range of black horror films, including mainstream Hollywood fare, as well as art-house films, Blaxploitation films, direct-to-DVD films, and

the emerging U.S./hip-hop culture-inspired Nigerian Nollywood Black horror films. *Horror Noire* is, thus, essential reading for anyone seeking to understand how fears and anxieties about race and race relations are made manifest, and often challenged, on the silver screen.

*Uncovering Stranger Things* Kevin J. Wetmore, Jr., 2018-04-12 The Duffer Brothers' award-winning *Stranger Things* exploded onto the pop culture scene in 2016. The Netflix original series revels in a nostalgic view of 1980s America while darkly portraying the cynical aspects of the period. This collection of 23 new essays explores how the show reduces, reuses and recycles '80s pop culture--from the films of Spielberg, Carpenter and Hughes to punk and synthwave music to *Dungeons & Dragons*--and how it shapes our understanding of the decade through distorted memory. Contributors discuss gender and sexual orientation; the politics, psychology and educational policies of the day; and how the ultimate upper-class teen idol of the Reagan era became *Stranger Things*' middle-aged blue-collar heroine.

*The Word Rhythm Dictionary* Timothy Polashek, 2014-04-18 This new kind of dictionary reflects the use of "rhythm rhymes" by rappers, poets, and songwriters of today. Users can look up words to find collections of words that have the same rhythm as the original and are useable in ways that are familiar to us in everything from vers libre poetry to the lyrics and music of Bob Dylan and hip hop groups.

**The Daily Union History of Atlantic City and County, New Jersey** John F. Hall, 1900

**The Rabbi and the Hit Man** Arthur J.

Magida, 2004-05-11 A fascinating true-crime narrative about the first rabbi ever accused of murder and what the case says about the role of clergy in America. On the evening of November 1, 1994, Rabbi Fred Neulander returned home to find his wife, Carol, facedown on the living room floor, blood everywhere. He called for help, but it was too late. Two trials and eight years later, the founder of the largest reform synagogue in southern New Jersey became the first rabbi ever convicted of murder and sentenced to life in prison. In a gripping examination of the misuses of the pulpit and the self-delusions of power, Arthur J. Magida paints a devastating portrait of a manipulative man who used his position of trust in the temple to attract several mistresses -- and to befriend a lonely recovering alcoholic, whom he convinced to kill his wife for the good of Israel. *The Rabbi and the Hit Man* straddles the juncture of faith and trust, and confronts

issues of sex, narcissism, arrogance, and adultery. It is the definitive account of a charismatic clergyman who paid the ultimate price for ignoring his own words of wisdom: We live at any moment with our total past ... What we do will stay with us forever.

**The Mammoth Book of Halloween Stories** Stephen Jones, 2018-09-18 Twenty-six terrifying tales set on the scariest night of the year! Treat yourself to some very tricky stories! Halloween . . . All Hallows' Eve . . . Samhain . . . Día de los Muertos . . . the Day the Dead Come Back . . . When the barriers between the worlds are at their weakest—when ghosts, goblins, and grisly things can cross over into our dimension—then for a single night each year the natural becomes the supernatural, the normal becomes the paranormal, and nobody is safe from their most intimate and terrifying fears. The Mammoth Book of Halloween Stories brings you a dark feast of frightening fiction by some of the most successful and respected horror writers working today, including Ramsey Campbell, Neil Gaiman, Joe R. Lansdale, Helen Marshall, Richard Christian Matheson, Robert Shearman, Robert Silverberg, Angela Slatter, Steve Rasnic Tem, and many more, along with a very special contribution by award-winning poet Jane Yolen. Here you will encounter witches, ghosts, monsters, psychos, demonic nuns, and even Death himself in this spooky selection of stories set on the night when evil walks the earth . . .

**The Narrative of Arthur Gordon Pym of Nantucket** Edgar Allan Poe, 2013-08-13 When Edgar Allan Poe's only novella was first published in 1838, the reviews were slow in coming and dismissive when they arrived. The book's failure left Poe in such dire financial straits that he even accepted a job at one of the magazines that had panned it. But The Narrative of Arthur Gordon Pym of Nantucket has

since become one of his most influential works: Baudelaire translated it, Paul Theroux read it out loud to Jorge Luis Borges, Jules Verne wrote a sequel to it, H. P. Lovecraft drew on it in creating his own tales of the Antarctic . . . Ostensibly, it's a classic adventure story about a young boy who runs away to sea and encounters all the classic scenarios: mutinies, storms, shipwrecks, ravenous sharks, hostile natives. And Poe drew on many contemporary accounts of exploration in the South Seas to give his story a sense of verisimilitude. But there are far deeper currents at work in the book than mere adventure: elements of the supernatural as they near the South Pole, evocations of the protagonists' experiences at sea that rival Poe's best tales of horror, and a disturbing ending that continues to stir debate.

**Eternal Troubadour** Justin Martell, 2016-02-09 As Bing Crosby once put it, Tiny Tim represents 'one of the most phenomenal success stories in show business'. In 1968, after years of playing dive bars and lesbian cabarets on the Greenwich Village scene, rubbing shoulders with the likes of Bob Dylan and Lenny Bruce, the forty-something falsetto-voiced, ukulele-playing Tiny Tim landed a recording contract with Sinatra's Reprise label and an appearance on NBC's *Laugh-In*. The resulting album, *God Bless Tiny Tim*, and its single, 'Tip-toe Thru' The Tulips With Me', catapulted him to the highest levels of fame. Soon, Tiny was playing to huge audiences in the USA and Europe, while his marriage to the seventeen-year-old 'Miss' Vicki was broadcast on *The Tonight Show* in front of an audience of fifty million. Before long, however, his star began to fade. Miss Vicki left him, his earnings evaporated, and the mainstream turned its back on him. He would spend the rest of his life trying to revive his career, with many of those attempts taking a turn toward the absurd.

But while he is often characterized as an oddball curio, Tiny Tim was a master interpreter and student of early American popular song, and his story is one of Shakespearean tragedy framed around a bizarre yet loveable public persona. Here, drawing on dozens of new interviews, never-before-seen diaries, and years of original research, author Justin Martell brings that story to life with the first serious biography of one of the most fascinating yet misunderstood figures in popular music.

**Twelve Years a Slave** Solomon Northup, 2024-01-04  
Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the

US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

### **The 1990s Teen Horror Cycle** Alexandra

West, 2018-05-25 Many critics and fans refer to the 1990s as the decade that horror forgot, with few notable entries in the genre. Yet horror went mainstream in the '90s by speaking to the anxieties of American youth during one of the country's most prosperous eras. No longer were films made on low budgets and dependent on devotees for success. Horror found its way onto magazine covers, fashion ads and CD soundtrack covers. Girl power feminism and a growing distaste for consumerism defined an audience that both embraced and rejected the commercial appeal of these films. This in-depth study examines the youth subculture and politics of the era, focusing on such films as *Buffy the Vampire Slayer* (1992), *Scream* (1996), *I Know What You Did Last Summer* (1997), *Idle Hands* (1999) and *Cherry Falls* (2000).
