Dogs in Origami Nick Robinson, 2019-05-15 No two dogs are the same, and this winsome collection of canine origami models offers a fun-filled variety of pooches, each with a distinctive personality. Twenty original designs include such familiar breeds as a hound, a bulldog, and an Alsatian as well as plenty of lovable mutts. As with most origami projects, these figures allow for a virtually limitless number of variations — with a little tweaking, you can customize your origami dogs to give them unique characteristics. Along with step-by-step directions, easy-to-follow diagrams, and links to video tutorials, each model features a full-color image of the finished dog. Projects are rated according to difficulty by means of a one-to-five paw rating, and a brief introductory chapter explains folding techniques and suggestions for how to choose the most appropriate origami paper. In addition to your own pack of playful pups, you can create charming handmade gifts for friends and family.

Superfun Dog Crafts Jane Yates, 2018-07-15 If you ask a dog owner what their dog's favorite toy is, chances are they'll know it right away. Whether they love to catch tennis balls or snuggle a stuffed toy, dogs love to play. In this book, dog owners can find more than 10 dog-related crafts, including a fleece rope toy and stuffed heart for their pup to play with. Age-appropriate steps guide readers through each fun and easy craft, including a dog photo frame and a toy box for their furry friend.

Dogs in Origami John Montroll, 2017-11-15 Suitable for folders of intermediate to advanced skills, the book presents step-by-step instructions and full-color photographs for more than two dozen breeds ranging from the familiar to the more exotic.

How to Make Tiny Paper Mache Dogs Jonni Good, 2014-05 The author makes it easy for you to create a tiny paper mache dog of your own. You only need a few basic tools and some materials that you may already have lying around the house. The only thing you may need to purchase is a few feet of aluminum wire for the armature -- or use some wire you already have on hand. First, choose a pattern from the 27 breeds included in the book. Then build your armature by bending the wires, using the pattern for a guide. This makes sure that your finished sculpture will have the right proportions for your breed. Add a few bits of crumpled aluminum foil to round out the forms, with the pattern guiding you, and then twist and bend your little dog into any position you desire. With these simple steps it's easy to create a lively original sculpture of your own design. When your armature is

finished, the author shows you how to make the two layers of paper mache as smooth as you want it to be. You can add wrinkles, fur, happy mouths and other details after the paper mache is dry. If you would like to paint your dog, you can use the author's recipe for an inexpensive home-made gesso to add interesting textures. Then the author gives you suggestions for painting your sculpture, including an easy way to paint brindled spots, how to give an all-white dog an interesting coat, how to emphasize heavily-textured fur with acrylic glazing liquid, and more. The author is a well-known paper mache artist who has written several popular books on the subject. She also writes tutorials and creates videos for her blog, at UltimatePaperMache.com.

Paper Pups Hiroshi Hayakawa, 2013 Cute crafts and adorable dogs--what could be more irresistible? From a Golden Retriever and French Bulldog to the beloved mutt, these 35 paper pups are appealing and fun to create. They're made using kirigami, an art similar to origami: just photocopy the full-size templates and follow the simple steps to transform a flat shape into a dimensional animal! In addition to the dogs, accessories include a fire hydrant, doghouse, and a collection of collars to adorn your paper pet.

Amazing Paper Pets Rob Ives, 2010 There's room in everyone's house and heart for a paper pet. Here's something special for every child (and adult) who's ever dreamed of owning a kangaroo, gorilla, or goat: a collection of six paper pets that ACTUALLY MOVE. Making them is as easy as 1, 2, 3. Just: Press out the pieces. Follow the simple folding and gluing instructions to assemble. Turn the handle and see them go! There's even a place to write your pet's name. And best of all--no howling or meowing, no cleanup, and no walking or feeding required! WATCH.... - The gorilla beat his chest - The chickens peck - The

kangaroo hop - The dog bark” - The goat shake his head - The cat walk
