Papertoy Monsters Brian Castleforte, 2010-12-29 A breakthrough paper-folding book for kids—paper airplanes meet Origami meets Pokemon. Papertoys, the Internet phenomenon that's hot among graphic designers and illustrators around the world, now comes to kids in the coolest new book. Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), Papertoy Monsters

The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the deepest depths of your school bag. Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys,

sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Cyclomancy, the Secret of Psychic Power Control

Frank Rudolph Young, 1966 1001 true magic techniques for achieving your heart's desire... magic that should bring you new health, new happiness, new prosperity. For Cyclomancy, as Mr. Young states, clearly proves that magic does exist and shows you how - without so much as lifting a finger - incredible results may be achieved. To give you just a brief sample, Mr. Young states that this book shows how you may... - Move objects without touching them; - Hear a conversation going on anywhere, any time; - Travel any place with your Astral Body and gain first-hand information unobtainable by any other means; - Roll back your age and find yourself young again; - Make others see only what you tell them they see; - Materialize objects out of thin air. Mr. Young points out that Cyclomancy (another name for White Magic) is simply the use of certain hidden powers that we all possess. Powers given to us long before books were invented. Forgotten powers. For example, like most people you probably don't remember how to move objects without touching them. But you possess the power to do it. Powers like X Ray Vision, Astral Projection. Hypnotic Mental Attraction and Power Hearing, to name just a few. And yet these magic powers are not difficult to use at all. On the contrary, they require no manual dexterity, no expensive equipment of any time. Just read the instructions

and do the exercises, says Mr. Young, and you should awaken astonishing powers you never dreamed possible. What kinds of Powers. Powers like these: The power to know what people look like before you even see them; The power to reduce and stay slim without starvation; The Power to slow down or halt the aging process so that you may actually live many years longer; The power to weaken a dangerously defiant person with the Psychic Harpoon; The power to compel someone who ignores you romantically to notice you with keen interest; The power to send and receive messages through space - across a room, a city, or a continent - to anyone, anytime.
