**Tim Burton's The Nightmare Before Christmas** Tim Burton,2013-09-17 Celebrate 20 years of nightmares with this picturebook version of the classic film, written and drawn by Tim Burton and now featuring word-for-word narration by Christopher Lee! In this beloved picture book that could only come from the visionary mind of author and illustrator TIM BURTON, we meet Jack Skellington-- a well-intentioned inhabitant of Halloweenland. Jack is bored of ""the scaring, the terror, the fright....tired of being something that goes bump in the night"". And so, in an effort to bring to joy to his town, Jack kidnaps Santa and takes his place as the jolly old elf. But instead of bringing joy to the world Jack, who is a little more than a grinning skeleton, brings fear by delivering creepy toys and riding a sleigh carried by skeletal reindeer. Only through a number of things going horribly wrong does Jack learn the true meaning of Christmas.

*If Anything Happens I Love You* Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from "above" as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

*Expressive Anatomy for Comics and Narrative: Principles and Practices from the Legendary Cartoonist* Will Eisner,2008-08-17 The final volume of Will Eisner's celebrated instructional trilogy explores the critical principle of body grammar in comics storytelling. Designed and outlined by Will Eisner before his death in 2005, this posthumous masterwork, the third and final book in the Will Eisner Instructional Series, finally reveals the secrets of Eisner's own techniques and theories of movement, body mechanics, facial expressions, and posture: the key components of graphic storytelling. From his earliest comics, including the celebrated *Spirit*, to his pioneering graphic novels, Eisner understood that the proper use of anatomy is crucial to effective storytelling. His control over the mechanical and intuitive skills necessary for its application set him apart among comics artists, and his principles of body grammar have proven invaluable to legions of students in overcoming what is perhaps the most challenging aspect of creating comics. Buttressed by dozens of illustrations, which display Eisner's mastery of expression, both subtle and overt, *Expressive Anatomy for Comics and*

Narrative will benefit comics fans, students, and teachers and is destined to become the essential primer on the craft.

Pulp Art Book Joni Harbeck,2010 Pulp Art Book--the multi-media collaboration between photographer Neil Krug and model Joni Harbeck--has become a virtual sensation online, and is now the subject of the artists' first monograph. Pulp Art Book: Volume One is an LP-sized hardcover book, split into several vignettes ranging from a spaghetti western theme to a Bonnie and Clyde revival and to the struggles of a 1950s housewife. These series tell the story of each character, and will be expanded in subsequent volumes. The inspiration for the pulp theme comes from the artists' collective appreciation of societal life and the artistic expressions of the 1960s and 70s. Old LP jackets, Giallo posters, vintage book covers, and B-movie cinema themes have defined their taste for this project. Initially they set out to capture something simple and sexy; as the shoots progressed, however, natural story lines emerged. The resulting work captures the smell of those decades and expresses them in a fresh way--Publisher's Web site.
