*Anagram Solver* Bloomsbury Publishing,2009-01-01 Anagram Solver is the essential guide to cracking all types of quiz and crossword featuring anagrams. Containing over 200,000 words and phrases, Anagram Solver includes plural noun forms, palindromes, idioms, first names and all parts of speech. *Balefires* David Drake,2007-04-01 Balefires is the long-awaited collection of David Drake's weird and fantastic fiction. Before Drake was a best-selling author of military science fiction, he was a prolific writer of horror and fantasy short fiction. Balefires collects some of his earliest professional sales (including his first sale to Arkham House.) In addition, Balefires brings together many stories set in the worlds of his fantasy novels (Ranks of Bronze, Lord of the Isles, etc.) and contains original fiction. More than just a collection of stories, Balefires features extensive story notes that chronicle the development of the writing career of one of the science fiction's most popular writers, and provides detailed snapshots of the larger than life editors, publishers and writers that Drake has worked with throughout his career. Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a New York Times bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors.

*Interpreter of Maladies* Jhumpa Lahiri,1999 In nine stories imbued with the sensual details of Indian culture, Lahiri charts the emotional journeys of characters seeking love beyond the barriers of

nations and generations.

**Tetrascroll** R. Buckminster Fuller, 1982-06-15 A series of twenty-one original triangular lithographs (with narrative captions) which may be displayed in a helical scroll of linked tetrahedra. They were executed during the years 1975 and 1976 under the guiding light of Tatyana Grosman (to whom Fuller had been introduced by Edwin Schlossberg) at her ULAE print workshop in West Islip, Long Island. In something of a publishing innovation this trade book was brought out concurrently with a limited edition of the signed original lithographs. Michael Denny was the editorial impresario at St. Martin's and Ronald Feldman Fine Arts handled the exhibition of the lithographs. Fuller composed the Tetrascroll between the publication of *Synergetics* in 1975 and *Synergetics 2* in 1979. He had been frustrated by the rigid structure of the synergetics books which, despite certain advantages, he felt robbed the work of spontaneity and narrative force. To compensate for this Fuller worked feverishly on the Tetrascroll as a free-form obbligato to the synergetics books. He explained to me at the time, The empirical, the scientific way to present the argument of synergetics is the way I am doing it in *Goldilocks*. Description by Ed Applewhite, courtesy of The Estate of Buckminster Fuller
