Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of

original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Paul Klee 1939 Paul Klee,Dawn Ades,Richard Tuttle,2021-06-22 The year before he died, in what was one of the most difficult yet prolific periods of his life, Paul Klee created some of his most surprising and innovative works. In 1939, the year before his death from a long illness and against a backdrop of

sociopolitical turmoil and the outbreak of World War II, Klee worked with a vigor and inventiveness that rivaled even the most productive periods of his youth. This book illuminates the artist's response to his personal difficulties and the era's broader realities through imagery that is tirelessly inventive—by turns political, solemn, playful, humorous, and poetic. The works featured testify to Klee's restless drive to experiment with form and material. His use of adhesive, grease, oil, chalk, and watercolor, among other media, resulted in surfaces that are not only visually striking, but also highly tactile and original. Not unlike a diary, the drawings are often meditative reflections on the pains and pleasures of life—their titles, among them Monsters in readiness and Struggles with himself, signal Klee's frame of mind. Renowned art historian Dawn Ades looks at this group of paintings and drawings in the context of their time and as indicative of a pivotal moment in art history. Moved by this late period of Klee's oeuvre, American artist Richard Tuttle responds to specific works in the form of dialogical poems. This stunning publication highlights the novelty and ingenuity of Klee's late works, which deeply affected the generation of artists—including Anni Albers, Jean Dubuffet, Mark Tobey, and Zao Wou-Ki—that emerged after World War II and continues to captivate artists and viewers alike today
