Tales from the Haunted Mansion Vol. 1: The Fearsome Foursome Amicus Arcane, 2016-07-19 Welcome, foolish mortals, to Disney Press' spookiest chapter book series yet: Tales from the Haunted Mansion! Based on the attractions from the Disney Parks, each new book tells the story of one of the Haunted Mansion's 999 ghosts. With eerie illustrations throughout and a beautiful three-piece cloth cover, the books are designed to look like they came straight from the library in the Haunted Mansion. Tales from the Haunted Mansion is a fun, spooky ride, just like the attraction from the Disney Parks. And if readers are familiar with the ride, they'll see elements of it throughout the entire story, from items straight of the Mansion (are those pictures stretching?) to lyrics from the narration that is heard in each Doom Buggy. In this bone-chilling book, you will hear the terrifying tales of the Fearsome Foursome--four kids who look to out-scare each other. But just wait until they hear my spooky stories. Who am I? I am Amicus Arcane, your librarian and host. Your Ghost Host. So read on... if you dare!

Papertoy Monsters Brian Castleforte, 2010-12-29 A breakthrough paper-folding book for kids—paper airplanes meet Origami meets Pokemon. Papertoys, the Internet phenomenon that's hot among graphic designers and illustrators around the world, now comes to kids in the coolest new book. Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), Papertoy Monsters offers 50 fiendishly original die-cut designs that are ready to pop out, fold, and glue. The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the deepest depths of your school bag. Plus Zeke, the monster under your bed, Nom Nom, eater of cities, and Grumpy Gramps, the hairy grandpa monster with his very own moustache collection.

The Haunted Mansion Jason Surrell, 2015-08-11 WELCOME, FOOLISH MORTALS, to the Haunted Mansion, one of the most popular attractions in the history of Disney theme parks. The Haunted Mansion: Imagineering a Disney Classic explores how the attraction's 999 happy haunts were brought to life. Rare early concept sketches, detailed architectural drawings, and stunning still photography illustrate the Mansion's evolution as it was designed and built at each Magic Kingdom park around the world—including Mystic Manor at Hong Kong Disneyland. Our tour begins here with a twistedly thorough third edition. Based on the retired title *The Haunted Mansion: From the Magic Kingdom to the Movies*, this newly updated volume confirms or debunks longstanding urban legends, shares fascinating behind-the-screams stories, and reveals how concepts move from inspiration to reality. Readers will discover the latest show enhancements to this classic attraction and find even more artwork depicting the happy haunting grounds in California and Florida as well as Tokyo, Paris, and now Hong Kong. This is one book you'll be dying to have on your shelf!

Look Ma, "Hands" on Poetry Adele L. Steiner, 2008-05 The workshops in Look Ma, Hands on Poetry are designed to help teachers and poets familiarize elementary through high school students with a variety of creative and fun ways to engage their imaginations and write poetry. They do so by encouraging teachers and students to explore, together, the art of poetry; i.e., the art of employing the five senses to capture experience in language. The workshops also introduce young writers to a wide range of poets and the poetic techniques and styles that they have incorporated in their writing. As a result when students complete a series of workshops from this book, they will know how to write a poem. They may enjoy reading more poetry, too, because they will have a solid understanding of how poetry works. Finally, there are exciting ideas in Look Ma, Hands, on Poetry for ways in which young writers can exhibit and perform their poetry. The workshops in this book run from 45-60 minutes with the time divided into three segments. In the first, the teacher reads and discusses poems that are examples of the types of poetry students will be writing. In the second, the teacher introduces the writing assignment and has students begin writing. Finally, students who finish poems are invited to share them in the remaining class time. Because poetry is the art of capturing experience in language, the workshops are structured around sight, smell, taste, touch, and sound. Each of the workshops in the first five chapters is geared toward exploring one of these senses, and the two later chapters contain workshops that require students to use all five to write their poems. As a result, workshops from each chapter may be used individually or in sequence to create one or two week poetry units that teachers and students can enjoy. Workshops in the book include the Sleight-of-Hand and Animal Mask Workshops wherein students use metaphor, simile, and personification to create imagery in poems. They use music and musical instruments to help them create sound and rhythm in the Native American, Chant, and Rap Workshops, and then they literally play with words to write Bingo and Multiple Voice Poems. Young people have opportunities to express their feelings through poetry in the Blues, Love Potion, and Ode Workshops; and finally, they use their five senses simultaneously when writing Bubble and Rainbow Poems and when they interpret paintings, sculpture, and music in Echphrastic Poems. The book's final section presents creative ideas for poetry readings, books, and displays. Suggestions for readings include the Poetry Cafe, which can incorporate any of the Coffee House, Tea Room, 1950's Diner, and/or Greco-Roman Garden venues discussed in this section. Student poetry books and chapbooks complete with student art and photos are described here, too, along with plans for poetry rainbows, sidewalks, mobiles, and poetry word collections.

Playing with Forms Eduardo Duran,2019-09-24 With a backpack, a young engineer travels the world seeking to enhance his education and gain insight into the world at large and the human condition. His quest for knowledge takes him beyond the visible world and into a world of quantum connections, non-physical beings, and a story of history that isn't teachable in the classroom. Working with spiritual leaders and channelers as a source of knowledge, he weaves the story of his travels into the story of the source and nature of humanity, of Earth, and the cosmos. Eduardo left everything he had and started to travel the world alone, using only a backpack, and staying with local people. In some parts of the world, he traveled without using any money at all. After visiting almost every country of the world and talking to many people, he discovered the nature of humanity and a hidden, ancient history of the world. He met people who shared this knowledge. After several spiritual experiences, he met higher dimensional beings who helped him to deepen his understanding. He describes what he found in simple, straightforward language, making it easy to understand. You will find interesting stories from all over the world, impressive information from ancient civilizations, religions, history, psychology, physics, medicine, politics, and how it's all related to our modern world. But most importantly, how to use it in your daily life. He explains how powerful our thoughts are, and how we experience our reality through mental images that he calls forms.
