Halloween Murray Leeder, 2015-02-17 The 1970s represented an unusually productive and innovative period for the horror film, and John Carpenter's *Halloween* (1978) is the film that capped that golden age - and some say ruined it, by ushering in the era of the slasher film. Considered a paradigm of low-budget ingenuity, its story of a seemingly unremarkable middle-American town becoming the site of violence on October 31 struck a chord within audiences. The film became a surprise hit that gave rise to a lucrative franchise, and it remains a perennial favourite. Much of its success stems from the simple but strong constructions of its three central characters: brainy, introverted teenager Laurie Strode, a late bloomer compared to her more outgoing friends, Dr. Loomis, the driven, obsessive psychiatrist, and Michael Myers, the inexplicable, ghostlike masked killer. Film scholar Murray Leeder offers a bold and provocative study of Carpenter's film, which hopes to expose qualities that are sometime effaced by its sequels and remakes. It explores *Halloween* as an unexpected ghost film, and examines such subjects as its construction of the teenager, and the relationship of *Halloween* the film to *Halloween* the holiday, and Michael Myers's brand of pure evil. It is a fascinating read for scholars and fans alike.

The Telltale Lilac Bush and Other West Virginia Ghost Tales Ruth Ann Musick, 2010-09-12 West Virginia boasts an unusually rich heritage of ghost tales. Originally West Virginians told these hundred stories not for idle amusement but to report supernatural experiences that defied ordinary human explanation. From jealous rivals and ghostly children to murdered kinsmen and omens of death, these tales reflect the inner lives—the hopes, beliefs, and fears—of a people. Like all folklore, these tales reveal much of the history of the region: its isolation and violence, the passions and bloodshed of the Civil War era, the hardships of miners and railroad laborers, and the lingering vitality of Old World traditions.

La Llorona Joe Hayes, 2004 A retelling, in parallel English and Spanish text, of the traditional tale told in the Southwest and in Mexico of how the beautiful Maria became a ghost.

Haunting Experiences Diane Goldstein, Sylvia Grider, Jeannie Banks Thomas, 2007-09-15 Ghosts and other supernatural phenomena are widely represented throughout modern culture. They can be found in any number of entertainment, commercial, and other contexts, but popular media or commodified representations of ghosts can be quite different from the beliefs people hold about them, based on tradition or direct experience. Personal belief and cultural tradition on the one hand, and popular and commercial representation on the other, nevertheless continually feed each other. They frequently share space in how people think about the supernatural. In *Haunting Experiences*, three well-known folklorists seek to broaden the discussion of ghost lore by examining it from a variety of angles in various modern contexts. Diane E. Goldstein, Sylvia Ann Grider, and Jeannie Banks Thomas take ghosts seriously, as they draw on contemporary scholarship that emphasizes both the basis of belief in experience (rather than mere fantasy) and the usefulness of ghost stories. They look closely at the narrative role of such lore in matters such as socialization and gender. And they unravel the complex mix of mass media, commodification, and popular culture that today puts old spirits into new contexts.

I Know Why the Caged Bird Sings Maya Angelou, 2010-07-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know*

Why the Caged Bird Sings will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

Made to Stick Chip Heath, Dan Heath, 2007-01-02 NEW YORK TIMES BESTSELLER • The instant classic about why some ideas thrive, why others die, and how to make your ideas stick. "Anyone interested in influencing others—to buy, to vote, to learn, to diet, to give to charity or to start a revolution—can learn from this book."—The Washington Post Mark Twain once observed, "A lie can get halfway around the world before the truth can even get its boots on." His observation rings true: Urban legends, conspiracy theories, and bogus news stories circulate effortlessly. Meanwhile, people with important ideas—entrepreneurs, teachers, politicians, and journalists—struggle to make them "stick." In *Made to Stick*, Chip and Dan Heath reveal the anatomy of ideas that stick and explain ways to make ideas stickier, such as applying the human scale principle, using the Velcro Theory of Memory, and creating curiosity gaps. Along the way, we discover that sticky messages of all kinds—from the infamous "kidney theft ring" hoax to a coach's lessons on sportsmanship to a vision for a new product at Sony—draw their power from the same six traits. *Made to Stick* will transform the way you communicate. It's a fast-paced tour of success stories (and failures): the Nobel Prize-winning scientist who drank a glass of bacteria to prove a point about stomach ulcers; the charities who make use of the Mother Teresa Effect; the elementary-school teacher whose simulation actually prevented racial prejudice. Provocative, eye-opening, and often surprisingly funny, *Made to Stick* shows us the vital principles of winning ideas—and tells us how we can apply these rules to making our own messages stick.

Schools of Thought Rexford Brown, 1993-08-10 As a result of his visits to classrooms across the nation, Brown has compiled an engaging, thought-provoking collection of classroom vignettes which show the ways in which national, state, and local school politics translate into changed classroom practices. Captures the breadth, depth, and urgency of education reform.--Bill Clinton.

Silent Hill Bernard Perron, 2012-01-03 *Silent Hill: The Terror Engine*, the second of the two inaugural studies in the Landmark Video Games series from series editors Mark J. P. Wolf and Bernard Perron, is both a close analysis of the first three *Silent Hill* games and a general look at the whole series. *Silent Hill*, with its first title released in 1999, is one of the most influential of the horror video game series. Perron situates the games within the survival horror genre, both by looking at the history of the genre and by comparing *Silent Hill* with such important forerunners as *Alone in the Dark* and *Resident Evil*. Taking a transmedia approach and underlining the designer's cinematic and literary influences, he uses the narrative structure; the techniques of imagery, sound, and music employed; the game mechanics; and the fiction, artifact, and gameplay emotions elicited by the games to explore the specific fears survival horror games are designed to provoke and how the experience as a whole has made the *Silent Hill* series one of the major landmarks of video game history.

People Who Eat Darkness Richard Lloyd Parry,2012-05-22 Lucie Blackman—tall, blond, twenty-one years old—stepped out into the vastness of Tokyo in the summer of 2000, and disappeared forever. The following winter, her dismembered remains were found buried in a seaside cave. Richard Lloyd Parry, an award-winning foreign correspondent, covered Lucie's disappearance and followed the massive search for her, the long investigation, and the even longer trial. Over ten years, he earned the trust of her family and friends, won unique access to the Japanese detectives and Japan's convoluted legal system, and delved deep into the mind of the man accused of the crime, Joji Obara, described by the judge as unprecedented and extremely evil. The result is a book at once thrilling and revelatory, *In Cold Blood* for our times (Chris Cleave, author of *Incendiary* and *Little Bee*). Promise Not to Tell Jennifer McMahon,2009-03-17 “McMahon unfurls a whirlwind of suspense...Combining murder mystery and coming-of-age tale with supernatural elements, this taut novel is above all a reflection on the haunting power of memory.” -Entertainment Weekly A woman's past and present collide in terrifying ways in this explosive debut by New York Times bestselling author Jennifer McMahon. Forty-one-year-old school nurse Kate Cypher has returned home to rural Vermont to care for her mother, who's afflicted with Alzheimer's. On the night she arrives, a young girl is murdered—a horrific crime that eerily mirrors another from Kate's childhood. Three decades earlier, her dirt-poor friend Del—shunned and derided by classmates as Potato Girl—was brutally slain. Del's killer was never found, while the victim has since achieved immortality in local legends and ghost stories. Now, as this new murder investigation draws Kate irresistibly in, her past and present collide in terrifying, unexpected ways. Because nothing is quite what it seems . . . and the grim specters of her youth are far from forgotten. More than just a murder mystery, Jennifer McMahon's extraordinary debut novel, *Promise Not to Tell*, is a story of friendship and family, devotion and betrayal—tautly written, deeply

insightful, beautifully evocative, and utterly unforgettable.
