The twenty-sixth century. Humanity has expanded beyond Earth’s system to hundreds of planets that colonists now call home. But the United Earth Government and the United Nations Space Command is struggling to control this vast empire. After exhausting all strategies to keep seething colonial insurrections from exploding into a full-blown interplanetary civil war, the UNSC has one last hope. At the Office of Naval Intelligence, Dr. Catherine Halsey has been hard at work on a top-secret program that could bring an end to the conflict...and it starts with seventy-five children, among them a six-year-old boy named John. And Halsey could never guess that this child will eventually become the final hope against an even greater peril engulfing the galaxy—the inexorable confrontation with a theocratic military alliance of alien races known as the Covenant. This is the electrifying origin story of Spartan John-117—the Master Chief—and of his legendary, unstoppable heroism in leading the resistance against humanity’s possible extinction.

Together with his AI companion Cortana and the last remaining Spartans, the galaxy-spanning fight rages on two fronts following the destruction of the human military stronghold Reach by Covenant forces and the mysterious artificial ringworld known as “Halo” at the hands of the Master Chief. One faction—a squad of Spartans lead by Blue Team’s Fred-104 and Kelly-087—is trapped on the glassed surface of Reach, the only planet they’ve ever known as home. And beneath this ruined world, Dr. Catherine Halsey has discovered an ancient secret...one that could alter the course of the war. Meanwhile, the Master Chief and Cortana lead a second group toward a gathering of Covenant warships, as the United Nations Space Command’s worst nightmare has finally come true: the Covenant has discovered the location of Earth and is forming a massive fleet to utterly destroy it, as well as all who oppose the indomitable will of the Prophets...

Halo: Ghosts of Onyx Eric Nylund,2019-01-01 The New York Times bestseller—part of the expanded universe based on the award-winning video game series Halo! The twenty-sixth century. Once considered clandestine, the Spartan-II program has now gone public. Tales of armored super-soldiers fending off thousands of Covenant attacks have become the stuff of legend. While the Master Chief defends a besieged Earth, and the myriad factions of the Covenant continue their crusade to eliminate humanity, an ultra-secret cell of the Office of Naval Intelligence known as “Section Three” devises a plan to buy the UNSC vital time. It will need hundreds of willing soldiers, though—and one more Spartan—to get the job done. The planet Onyx is virtually abandoned and the perfect place to set this new plan in motion. But when the Master Chief destroys Halo, something is triggered deep within Onyx: Ancient Forerunner technology stirs, and fleets of UNSC and Covenant vessels race to claim it and change the course of the Human-Covenant War. But this reawakened and ancient force may have plans of its own...

Halo: The Flood William C. Dietz,2019-01-01 The bestselling adaptation of the iconic video game Halo: Combat Evolved featuring the Master Chief—part of the expanded universe based on the award-winning video game series! 2552. Having barely escaped the final battle for Reach against the vast alien alliance known as the Covenant, the crew of the Pillar of Autumn, including Spartan John-117—the Master Chief—and his AI companion Cortana, is forced to make a desperate escape into slipspace. But their destination brings them to an ancient mystery and an even greater struggle. In this far-flung corner of the universe floats a magnificently massive, artificial ringworld. The crew’s only hope of survival is to crash-land on its surface and take the battle opposing the Covenant to the ground. But they soon discover that this enigmatic ringworld is much more than it seems. Built one hundred thousand years ago by a long-lost civilization known as the Forerunners, this “Halo” is worshipped by the Covenant—a sacred artifact they hope will complete their religious quest for supposed transcendence, and they will stop at nothing to control it. Engaging in fierce combat, Master Chief and Cortana will go deep into the Halo construct and uncover its dark secret and true purpose—even as a monstrous and far more vicious enemy than the Covenant emerges to threaten all sentient life on Halo and the galaxy beyond...

Halo: The Cole Protocol Tobias S. Buckell,2019-01-01 The New York Times bestseller—part of the expanded universe based on the award-winning video game series Halo! 2535. It is the first, desperate days of the Human-Covenant War, and the United Nations Space Command has enacted “the Cole Protocol” to safeguard Earth and its inner colonies from discovery by its merciless alien foe. Many are called upon to rid the galaxy of lingering navigation data that could potentially reveal the location of Earth and ensure the destruction of humanity. Among those tasked with eliminating any trace of such dangerous information is Navy Lieutenant Jacob Keyes—now saddled with a top-secret mission by the Office of Naval Intelligence...one that will take him to a corner of the galaxy where nothing is as it seems. Out beyond the Outer Colonies lies the planet Hesiod, a gas giant surrounded by a vast asteroid belt. As the Covenant continues to glass the human-occupied planets near Hesiod, many of the survivors, aided by a stronghold of human insurrectionists, are fleeing to the asteroids for

refuge. They have transformed the tumbling satellites into a tenuous yet ingenious settlement known as the Rubble—and have come face-to-face with a Covenant settlement of Kig-Yar...yet somehow survived. News of this unlikely treaty has spread to the warring factions. Luckily for the UNSC, this uneasy alliance is in the path of the Spartan Gray Team, a three-person renegade squad whose simple task is to wreak havoc from behind enemy lines in any way they see fit. But the Prophets have also sent their very best—an ambitious and ruthless Elite whose quest for nobility and rank is matched only by his brutality...

The Guardian of the Threshold Rudolf Steiner,2004 The Third Mystery Drama brings the First and Second to a conclusion in certain respects, and the original viewers saw them as a trilogy. The first steps into an actual seeing of one's Karma were presented in the Second Drama, and now the integration of what was seen has to be brought about. For indeed, seeing into the spiritual world is not like seeing a landscape where it is clearly before one's eyes; rather it is more like seeing into a microscope or space telescope, totally new things appear which one does not know how to categorize or in the case of the spiritual world, to find a relation to. Not only outer visible aspects have to be integrated though, also new feelings, but especially new moral attitudes have to be integrated. Through conscientious hard work, Johannes has created a new book about spiritual knowledge, but just because of this, his own spiritual knowledge has grown and he can now encounter another side of himself not recognized previously. This knowledge now warns him what he is about to do is incorrect, so he turns away from the success he might have had giving out the book. Just this then lets him see what he really lacks in terms of spiritual insight and where this does actually lie for him. So he seeks Theodora's light. That seeking in turn, with Maria's help, brings him to the discovery of his own light. Strader experiences the powerful illuminating nature of Theodora's light directly, and it changes his whole life. But then through the loss of that light, after something new has been established within him, it causes him to seek help from Johannes, following Benedictus's guidance. This in turn brings him into a direct experience of the strongest side of his own inner nature and what he has actually developed in his previous lives. Such an insight gives him his own inner self-confidence in what he has to contribute to the others, to mankind. The Karmic knot that binds these individuals together can be brought to a higher stage of development, a stage where these individuals are prepared to help each other help themselves, and where a social work may be undertaken which will also be in harmony with the spiritual forces in the world.
