The Order Has Been Carried Out Alessandro Portelli, 2016-06-01 On March 24, 1944, Nazi occupation forces in Rome killed 335 unarmed civilians in retaliation for a partisan attack the day before. Portelli has crafted an eloquent, multi-voiced oral history of the massacre, of its background and its aftermath. The moving stories of the victims, the women and children who survived and carried on, the partisans who fought the Nazis, and the common people who lived through the tragedies of the war together paint a many-hued portrait of one of the world's most richly historical cities. *The Order Has Been Carried Out* powerfully relates the struggles for freedom under Fascism and Nazism, the battles for memory in post-war democracy, and the meanings of death and grief in modern society.

*Dead Island* Mark Morris, 2011-09-08 What will you do? How far will you go? What will you become? Welcome to Banoi, a tropical island where you can leave the stresses of the world behind... Welcome to the Royal Palms Resort - which offers its guests from around the world the ultimate in luxury and relaxation... Welcome to the holiday paradise where your dreams should come true...but where a nightmare is about to begin.... Because a mysterious epidemic has suddenly, and without warning, broken out across the island. The local islanders, hotel guests and workers alike are struck down - only to rise again, craving the flesh and the blood of the still living. For four of the holidaymakers and a handful of others scattered around Banoi who are seemingly unaffected by the plague, they must face the awful, terrifying reality of a zombie apocalypse. Now there is only one thing left to do: survive. Welcome to Dead Island... a paradise to die for.

Guns of Special Forces 2001 - 2015 Leigh Neville, 2016-03 In the years since 9/11 Special Forces of many nations have been in almost constant action in covert, high risk operations around the globe. These include the two long conflicts in Iraq and Afghanistan, fighting nationalist insurgents and jihadist terrorists, as well as other lesser known operations. The weapons used by SF are a constant source of interest and speculation, as are SF training, methods and vehicles. The armories of these elite units have developed rapidly to meet their demands and the ever more sophisticated threat. They include for example suppressed piston-driven carbines, programmable grenade launchers that airburst behind hidden enemy and sniper rifles of extreme accuracy and range. This highly researched book gives the reader a privileged insight into this secret world exploring the custom-built weapons that operators carry on capture/kill missions in the 21st Century.

**Achtung-Panzer!** Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
