Halo: The Fall of Reach Eric Nylund, 2019-01-01 The New York Times bestselling origin story of the Master Chief—part of the expanded universe based on the award-winning video game series Halo! The twenty-sixth century. Humanity has expanded beyond Earth's system to hundreds of planets that colonists now call home. But the United Earth Government and the United Nations Space Command is struggling to control this vast empire. After exhausting all strategies to keep seething colonial insurrections from exploding into a full-blown interplanetary civil war, the UNSC has one last hope. At the Office of Naval Intelligence, Dr. Catherine Halsey has been hard at work on a top-secret program that could bring an end to the conflict...and it starts with seventy-five children, among them a six-year-old boy named John. And Halsey could never guess that this child will eventually become the final hope against an even greater peril engulfing the galaxy—the inexorable confrontation with a theocratic military alliance of alien races known as the Covenant. This is the electrifying origin story of Spartan John-117—the Master Chief—and of his legendary, unstoppable heroism in leading the resistance against humanity's possible extinction.

Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and

constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

The Humble Warlock Omar Daniels, 2022-03-31 The story begins with Jason and Vera. A young witch and warlock with an insatiable appetite for folly. Together they wisk away their victims in satisfy

themselves, all through the night. Next is the story of Victor, a young Vampire whose long-lost girlfriend returns to haunt him, and his brethren, as they continue to survive undetected by the human world. After that is a dish of candy. Taffy is known to make people disappear and Gavin likes keeping his enemies at bay. Together they hatch a plan to get rid of those adversaries he rather not tolerate. Those and the following stories are the tales of the Humble Warlock. An ancient soul, he watches over the Earth, as he assimilates the worst, while he gains insight into the woes of mankind. The Humble Warlock is a collection of short stories I composed when this journey first began. I had a lot of ideas surge forth within a short time while in the midst of grappling with and regaining a hold of this craft. Most of the stories are retellings of well-known tales, oldies but goodies, along with a peppering of some more modern stories. I composed, edited (over an excruciating long period of time), and designed the cover for this piece of work as well as developed the interior design. It is somewhat brief, because at the time, my goal was to start a series with this title. I've since had to move on from this particular form but may return later if my luck gets a little better. If you like horror, sci-fi, fantasy tech, or old-fashioned space opera, or anything in between, then you'll probably get a kick out of the Humble Warlock. Omar Daniels

Daemons in their thousands flock the sky, and none other than Warmaster Abaddon leads the attack. With the Death Guard and Black Legion arrayed against them, the Catachans appear to be doomed, until salvation arrives in the form of the entire Dark Angels Chapter, led by Master Azrael and a host of heroes. Flesh Tearers Andy Smillie, 2016-02-09 Formed in the aftermath of the Horus Heresy, the Flesh Tearers, veterans of the Blood Angels Legion now cast adrift, gather behind their leader, Chapter Master Amit, and set out to forge their own destiny. None of the scions of Sanguinius are as bloody or wrathful as the Flesh Tearers. The fury of this Chapter, scorned by the Blood Angels and many of their successors, is legendary. Within them, the Black Rage is made manifest, a curse on the Imperium and its enemies. In the uncertain years following the end of the Great Heresy, it fell to Amit to lead this benighted Chapter. Upon his shoulders lay a heavy burden, for to prevent their own self-annihilation,

the Flesh Tearers must not only fight their many foes but their very nature itself.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
