Harry Potter J K Rowling,J. K. Rowling,Fantastic stories,2015-05-25 Following another deeply troubled year at Hogwarts, described in *Harry Potter and the Half-Blood Prince*, at the end of which Dumbledore is killed by the ever-deceptive Severus Snape, Harry begins the final volume of the series in hiding. When the spell that has kept him safe until his seventeenth birthday expires, he and his helpers are immediately attacked by Voldemort, suffering casualties. Unable to return to Hogwarts, Harry is forced to go on the run with Ron and Hermione, hunting desperately for the horcruxes that contain fragments of Voldemort's soul and thus maintain his invulnerability. The search for the horcruxes is complicated when Harry learns of the existence of another set of magical objects-the deathly hallows-which might also be vital to the settlement of the final battle. Voldemort is unable to give his complete attention to the quest to kill Harry because he is searching for one of the hallows: an undefeatable wand. Uncertain as to whether to give priority to the remaining horcruxes or the hallows, Harry continues to evade death, albeit narrowly, until he is forced to return to Hogwarts in order to complete his search. The castle housing Hogwarts Academy then becomes the last fortress holding out against Voldemort's rise to power, subject to intensive siege and violent bombardment. The remnants of Dumbledore's Army and the Order of the Phoenix mount a heroic defense of Hogwarts in the attempt to win Harry enough time to finish his quest, suffering heavy casualties in the process. The conflict reaches the limit of desperation when it becomes evident that Harry harbors one of the fragments of Voldemort's soul in his own flesh. It appears that Harry cannot kill his enemy without sacrificing himself in the process, but that sacrifice might also make Voldemort invincible.

Harry Potter British,2016-01-18 Harry Potter and the Deathly Hallows is the seventh and final novel of the Harry Potter series, written by British author J. K. Rowling. The book was released on 21 July 2007 by Bloomsbury Publishing in the United Kingdom, in the United States by Scholastic, and in Canada by Raincoast Books, ending the series that began in 1997 with the publication of Harry Potter and the Philosopher's Stone. The novel chronicles the events directly following Harry Potter and the Half-Blood Prince (2005), and the final confrontation between the wizards Harry Potter and Lord Voldemort. Rowling finished writing Harry Potter and the Deathly Hallows in January 2007. Before its release, Bloomsbury reportedly spent 10 million to keep the book's contents safe before its release date. American publisher Arthur Levine refused any copies of the novel to be released in advance for press review, although two reviews were submitted early. Shortly before release, photos of all 759 pages of the U.S. edition were leaked and transcribed, leading Scholastic to look for the source that had leaked it. Released globally in 93 countries, Deathly Hallows broke sales records as the fastest-selling book ever, a record it still held in 2012.[3] It sold 15 million copies in the first 24 hours following its release, including more than 11 million in the U.S. and UK alone. The previous record, 9 million in its first day, had been held by Harry Potter and the Half-Blood Prince. The novel has also been translated into over 120 languages.
