Sophie's World Jostein Gaarder,2007-03-20 One day Sophie comes home from school to find two questions in her mail: Who are you? and Where does the world come from? Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

Psychic Self-Defense Dion Fortune,2021-12-12 **Psychic Self-Defense** Dion Fortune - **Psychic Self-Defense** is one of the best guides to detection and defence against psychic attack from one of the leading occult writers of the 20th century. After finding herself the subject of a powerful psychic attack in the 1930's, famed British occultist Dion Fortune wrote this detailed instruction manual on protecting oneself from paranormal attack. This classic psychic self-defence guide explains how to understand the signs of a psychic attack, vampirism, hauntings, and methods of defence. Everything you need to know about the methods, motives, and physical aspects of a psychic attack and how to overcome it is here, along with a look at the role psychic elements play in mental illness and how to recognise them.

Paper Towns John Green,2013 Quentin Jacobson has spent a lifetime loving Margo Roth Spiegelman from afar. So when she cracks open a window and climbs into his life - dressed like a ninja and summoning him for an ingenious campaign of revenge - he follows. After their all-nighter ends, Q arrives at school to discover that Margo has disappeared.

One Little Spark! Marty Sklar,2015-09-01 We've all read about the experts: the artists, the scientists, the engineers—that special group of people known as Imagineers for The Walt Disney Company. But who are they? How did they join the team? What is it like to spend a day in their shoes? Disney Legend Marty Sklar wants to give back to fans and answer these burning questions. When Marty was president of Walt Disney Imagineering, he created a list of principles and ideals for the team, aptly named Mickey's Ten Commandments. Using this code of standards as his organizational flow, Marty provides readers with insights and advice from himself and dozens of hands-on Imagineers from around the globe. It's a true insider's look like no

other!

Kingdom Keepers (Volume 1) Ridley Pearson,2020-04-14 Five young teens tapped as models for theme park “guides” (using a new hologram technology developed by the Disney Imagineers) find themselves pitted against Disney villains and witches that threaten both the future of Walt Disney World and the stability of the world outside its walls. Featuring a new cover design and additional content!

I Know Why the Caged Bird Sings Maya Angelou,2010-07-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou’s debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local “powhitetrash.” At eight years old and back at her mother’s side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors (“I met and fell in love with William Shakespeare”) will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. “*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity.”—James Baldwin From the Paperback edition.

No Logo Naomi Klein,2000-01-15 What corporations fear most are consumers who ask questions. Naomi Klein offers us the arguments with which to take on the superbrands. Billy Bragg from the bookjacket.

Tales from the Haunted Mansion Vol. 1: The Fearsome Foursome Amicus Arcane,2016-07-19 Welcome, foolish mortals, to Disney Press' spookiest chapter book series yet: *Tales from the Haunted Mansion*! Based on the attractions from the Disney Parks, each new book tells the story of one of the Haunted Mansion's 999 ghosts. With eerie illustrations throughout and a beautiful three-piece cloth cover, the books are designed to look like they came straight from the library in the Haunted Mansion. *Tales from the Haunted Mansion* is a fun, spooky ride, just like the attraction from the Disney Parks. And if readers are familiar with the ride, they'll see elements of it throughout the entire story, from items straight of the Mansion (are those pictures stretching?) to lyrics from the narration that is heard in each Doom Buggy. In this bone-chilling book, you will hear the terrifying tales of the Fearsome

Foursome--four kids who look to out-scare each other. But just wait until they hear my spooky stories. Who am I? I am Amicus Arcane, your librarian and host. Your Ghost Host. So read on... if you dare!

Democracy and Education John Dewey,1916 John Dewey's *Democracy and Education* addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916, *Democracy and Education* is regarded as the seminal work on public education by one of the most important scholars of the century.

Signs and Symbols Adrian Frutiger,1998 Discusses the elements of a sign, and looks at pictograms, alphabets, calligraphy, monograms, text type, numerical signs, symbols, and trademarks.

Inventing Disneyland Alastair Dallas,2018-12 Meet the cadre of six men who imagined and described the specifics of Walt Disney's vision for a new kind of family entertainment park--the men of WED Enterprises, who began the process of inventing Disneyland. Enter the bustling 'Disneyland Plans Room' at Walt Disney's custom-designed studio. Disney drew upon the talents of tinkerers and hobbyists, artists, writers, engineers, architects, builders, and--especially--Hollywood art directors to realize his dream. See the site transformed from moonscape to wonderland and struggle along with the park's management as they rush headlong toward an opening day that seems impossible to achieve. Based on years of original research and interviews, this is the true but unauthorized story--complete with vintage photos--of just what it took to invent the happiest place on earth and make Walt Disney's dream come true--Back cover.

Designing Disney John Hench, 2009-01-06 Designing Disney sets into history and puts into context the extraordinary contributions of the late John Hench, who, at the age of 94, still came into his office at Imagineering each day. His principles of theme park design, character design, and use of color made him a legendary figure, not only for Disney fans but also for students and aficionados of architecture, engineering, and design. Designing Disney reveals the magic behind John's great discoveries and documents his groundbreaking in several key areas: "Design Philosophy" examines the values, attitudes, aesthetics, and logic that went into the original concepts for Disney theme parks. In "The Art of the Show" and "The Art of Color," Hench reveals the essence of what makes the parks work so well. And in "The Art of Character," he lets the reader in on the how and why of the Disney characters' inherent popularity—their timeless human traits, archetypal shape and gestures that suggest these qualities graphically, and their emotional resonance in our lives.

A Cultural History of the Disneyland Theme Parks Sabrina Mittermeier, 2021-01-15 The writing is academic, but it is not inaccessible. It will have wide disciplinary appeal within academia, as tourism studies cross into a variety of fields including history, American studies, fandom studies, performance studies and cultural studies. It will be invaluable to those working in the field of theme park scholarship and the study of Disney theme parks, theme parks in general and related areas like world's expositions and spaces of the consumer and lifestyle worlds. It will also be of interest to Disney fans, those who have visited any of the parks or are interested to know more about the parks and their cultural situation and context.
