Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

A Flicker of Hope Julia Cook,2018-12-04 HOPE is our children's window for a better tomorrow. In terms of resilience and well-being, hope is a critically important predictor of success. This creative story from the best-selling author of My Mouth is a Volcano!, and Bubble Gum Brain, reminds children that dark clouds can be temporary and asking for help is always okay. We all have times when we need to borrow a little hope from someone else.

When your clouds get too dark, and too heavy to push away, Reach out and ask, Can I borrow some light? I'm having a really bad day. It's always okay to admit to yourself, I just can't do it today. Everyone needs somebody sometimes, to help them find their way. Sometimes the dark clouds overhead seem too heavy and you feel like giving up. Little candle knows all about this. Bad grades, blasted on social media, worried about making the team, and wondering who her real friends are so many hard things to deal with! All she can see is darkness. But her story begins to change when someone notices she needs a boost of hope. As little candle is reminded she has purpose and her own unique gifts, and that she isn't the only one with dark clouds, her dim light begins to shine brighter. This hopeful story emphasizes for children (and adults) the many different ways to ask for help, and their ability to be a hope builder for others, too.
