Dani Cavallaro

Manga Vision Sarah E. Pasfield-Neofitou, Cathy Sell, 2016 *Manga Vision* examines cultural and communicative aspects of Japanese comics, drawing together scholars from Japan, Australia and Europe working in areas as diverse as cultural studies, linguistics, education, music, art, anthropology, and translation, to explore the influence of manga in Japan and worldwide via translation, OEL manga and fan engagement. The volume includes a mix of theoretical, methodological, empirical and professional practice-based chapters, examining manga from both academic and artistic perspectives. *Manga Vision* also provides the reader with a multimedia experience, featuring original artwork by Australian manga artist Queenie Chan, cosplay photographs, and an online supplement offering musical compositions inspired by manga, and downloadable manga-related teaching resources.

Magic as Metaphor in Anime Dani Cavallaro, 2010-03-08 Since its inception as an art form, anime has engaged with themes, symbols and narrative strategies drawn from the realm of magic. In recent years, the medium has increasingly turned to magic specifically as a metaphor for a wide range of cultural, philosophical and psychological concerns. This book first examines a range of Eastern and Western approaches to magic in anime, addressing magical thinking as an overarching concept which unites numerous titles despite their generic and tonal diversity. It then explores the collusion of anime and magic with reference to specific topics. A

close study of cardinal titles is complemented by allusions to ancillary productions in order to situate the medium's fascination with magic within an appropriately broad historical context.

Japanese Visual Culture Mark W.

MacWilliams, 2014-12-18 Born of Japan's cultural encounter with Western entertainment media, manga (comic books or graphic novels) and anime (animated films) are two of the most universally recognized forms of contemporary mass culture. Because they tell stories through visual imagery, they vault over language barriers. Well suited to electronic transmission and distributed by Japan's globalized culture industry, they have become a powerful force in both the mediascape and the marketplace. This volume brings together an international group of scholars from many specialties to probe the richness and subtleties of these deceptively simple cultural forms. The contributors explore the historical, cultural, sociological, and religious dimensions of manga and anime, and examine specific sub-genres, artists, and stylistics. The book also addresses such topics as spirituality, the use of visual culture by Japanese new religious movements, Japanese Goth, nostalgia and Japanese pop, cute (kawaii) subculture and comics for girls, and more. With illustrations throughout, it is a rich source for all scholars and fans of manga and anime as well as students of contemporary mass culture or Japanese culture and civilization.

Manga's Cultural Crossroads Jaqueline

Berndt, Bettina Kümmerling-Meibauer, 2014-03-14
Focusing on the art and literary form of manga,

this volume examines the intercultural exchanges that have shaped manga during the twentieth century and how manga's culturalization is related to its globalization. Through contributions from leading scholars in the fields of comics and Japanese culture, it describes manga culture in two ways: as a fundamentally hybrid culture comprised of both subcultures and transcultures, and as an aesthetic culture which has eluded modernist notions of art, originality, and authorship. The latter is demonstrated in a special focus on the best-selling manga franchise, NARUTO.

The Rough Guide to Manga Jason S.

Yadao, 2009-10-01 *The Rough Guide to Manga* is the ultimate handbook offering a comprehensive overview of one of the most fashionable genre's in today's popular culture. The guide features the manga story: from manga's twelfth-century roots to the rise of English-language manga with profiles of influential creators like Leiji Matsumoto and CLAMP as well as publishers to look out for. You'll find an overview of manga's unique styles, techniques and genres decoded as well as a canon of fifty must-read manga, including the iconic *Astro Boy*, global hits *Fruits Basket* and *Battle Royale*, plus less well-known works like *Please Save My Earth*. *The Rough Guide to Manga* demystifies unfamiliar terms and genres for newcomers whilst offering manga fans plenty of new recommendations including listings for manga magazines and websites along with a glossary of terms. Crammed with illustrations, and including a section on the anime connection, this is must-have

Manga for beginners and enthusiasts alike.

Shōjo Across Media Jaqueline Berndt, Kazumi Nagaike, Fusami Ogi, 2019-02-22 Since the 2000s, the Japanese word *shōjo* has gained global currency, accompanying the transcultural spread of other popular Japanese media such as manga and anime. The term refers to both a character type specifically, as well as commercial genres marketed to female audiences more generally. Through its diverse chapters this edited collection introduces the two main currents of *shōjo* research: on the one hand, historical investigations of Japan's modern girl culture and its representations, informed by Japanese-studies and gender-studies concerns; on the other hand, explorations of the transcultural performativity of *shōjo* as a crafted concept and affect-prone code, shaped by media studies, genre theory, and fan-culture research. While acknowledging that *shōjo* has mediated multiple discourses throughout the twentieth century—discourses on Japan and its modernity, consumption and consumerism, non-hegemonic gender, and also technology—this volume shifts the focus to *shōjo* mediations, stretching from media by and for actual girls, to *shōjo* as media. As a result, the Japan-derived concept, while still situated, begins to offer possibilities for broader conceptualizations of girlness within the contemporary global digital mediascape.

Air Force Gator Dan Ryckert, 2012-11-13 With a storied military pedigree and unmatched war record, Air Force Gator achieved worldwide fame and legendary status among his peers. After

falling into a years-long depression fueled by booze and pills, the alligator pilot is inspired to clean up his act and return to action after the tragic events of September 11th. When a former partner goes off the grid and threatens to shake the foundations of the United States, Air Force Gator is forced to return from the Middle East to face him head-on. Can Air Force Gator stop his old partner Gustav, or will the dastardly crocodile's plan for a reptilian revolution succeed?

The Sixth Station Linda Stasi, 2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious

relic stained with the sacred blood of Christ Himself.

Introducing Japanese Popular Culture Alisa Freedman, Toby Slade, 2018-01-02 Specifically designed for use on a range of undergraduate and graduate courses, *Introducing Japanese Popular Culture* is a comprehensive textbook offering an up-to-date overview of a wide variety of media forms. It uses particular case studies as a way into examining the broader themes in Japanese culture and provides a thorough analysis of the historical and contemporary trends that have shaped artistic production, as well as, politics, society, and economics. As a result, more than being a time capsule of influential trends, this book teaches enduring lessons about how popular culture reflects the societies that produce and consume it. With contributions from an international team of scholars, representing a range of disciplines from history and anthropology to art history and media studies, the book's sections include: Television Videogames Music Popular Cinema Anime Manga Popular Literature Fashion Contemporary Art Written in an accessible style by a stellar line-up of international contributors, this textbook will be essential reading for students of Japanese culture and society, Asian media and popular culture, and Asian Studies in general.

Sissy Dreams: From Boyfriend to Girlfriend Paul Zante, Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

Apocalypse Jacques Ellul, 2020-05-05 “There has never been a book provoking more delirium, foolishness and irrational movements, without any relationship to Jesus Christ [than the Book of Revelation].” –Jacques Ellul, Introduction Known for his trenchant critique of modernity and of those Christians who celebrate their captivity to it, Ellul here cuts to the heart of the theological intention of the Book of Revelation, and thereby reveals the liberating gospel in all its offensiveness. Neither an exhaustive commentary nor a work of historical-exegetical analysis, *Apocalypse* is a provocative, independent interpretation. Ellul seeks to rescue Revelation from the reassuring and orthodox banality to which commentators often reduce it. The goal is to perceive the totality of the book in its movement and structure. “Architecture in movement” is the key to understanding Revelation’s puzzling but simple message. This edition also comes with a new foreword by Jacob Marques Rollison who provides an essential aid for guiding readers through Ellul’s thorough engagement with Revelation.

Boys Love Manga and Beyond Mark McLelland, Kazumi Nagaike, Katsuhiko Suganuma, James Welker, 2015-01-28 *Boys Love Manga and Beyond* looks at a range of literary, artistic and other cultural products that celebrate the beauty of adolescent boys and young men. In Japan, depiction of the “beautiful boy” has long been a romantic and sexualized trope for both sexes and commands a high degree of cultural visibility today across a range of genres from pop music to animation. In recent decades, “Boys Love” (or simply BL) has emerged as a

mainstream genre in manga, anime, and games for girls and young women. This genre was first developed in Japan in the early 1970s by a group of female artists who went on to establish themselves as major figures in Japan's manga industry. By the late 1970s many amateur women fans were getting involved in the BL phenomenon by creating and self-publishing homoerotic parodies of established male manga characters and popular media figures. The popularity of these fan-made products, sold and circulated at huge conventions, has led to an increase in the number of commercial titles available. Today, a wide range of products produced both by professionals and amateurs are brought together under the general rubric of "boys love," and are rapidly gaining an audience throughout Asia and globally. This collection provides the first comprehensive overview in English of the BL phenomenon in Japan, its history and various subgenres and introduces translations of some key Japanese scholarship not otherwise available. Some chapters detail the historical and cultural contexts that helped BL emerge as a significant part of girls' culture in Japan. Others offer important case studies of BL production, consumption, and circulation and explain why BL has become a controversial topic in contemporary Japan.

Straight from the Heart Jennifer S.

Prough, 2010-11-16 Manga is the backbone of Japanese popular culture, influencing everything from television, movies, and video games to novels, art, and theater. Shōjo manga (girls' comics) has been seminal to the genre as a whole

and especially formative for Japanese girls' culture throughout the postwar era. In *Straight from the Heart*, Jennifer Prough examines the shojo manga industry as a site of cultural storytelling, illuminating the ways that issues of mass media, gender, production, and consumption are involved in the process of creating shojo manga. With their glittery pastel covers and focus on human relationships and romance, shojo manga are thoroughly marked by gender—as indeed are almost all manga titles, magazines, and publishing divisions. Drawing on two years of fieldwork on the production of shojo manga, Prough analyzes shojo manga texts and their magazine contexts to explain their distinctive appeal, probe the gendered dynamics inherent in their creation, and demonstrate the feedback system that links producers and consumers in a continuous cycle of affective labor. Each chapter focuses on one facet of shojo manga production (stories, format, personnel, industry dynamics), providing engaging insights into this popular medium. Tacking between story development, interactive magazine features, and relationships between male editors and female artists, Prough examines the concrete ways in which shojo manga reflect, refract, and fabricate constructions of gender, consumption, and intimacy. *Straight from the Heart* thus weaves together issues of production and consumption, human relations, and gender to explain the unique world of shojo manga and to interpret its dramatic cultural and economic success on a national—and increasingly global—scale.

Yvain Chretien de Troyes, Chrétien (de

Troyes),1987-09-10 A twelfth-century poem by the creator of the Arthurian romance describes the courageous exploits and triumphs of a brave lord who tries to win back his deserted wife's love

DOLIS Maki Kusumoto,2006-11-07 First published in Japan in 1998 by Shodensha Publishing Co., Ltd.

Mechademia 6 Frenchy Lunning,2011-11-03 Manga and anime inspire a wide range of creative activities for fans: blogging and contributing to databases, making elaborate cosplay costumes, producing dôjinshi (amateur) manga and scanlations, and engaging in fansubbing and DIY animation. Indeed, fans can no longer be considered passive consumers of popular culture easily duped by corporations and their industrial-capitalist ideologies. They are now more accurately described as users, in whose hands cultural commodities can provide instant gratification but also need to be understood as creative spaces that can be inhabited, modified, and enhanced. User Enhanced, the sixth volume of the Mechademia series, examines the implications of this transformation from consumer to creator. Why do manga characters lend themselves so readily to user enhancement? What are the limitations on fan creativity? Are fans simply adding value to corporate properties with their enhancements? And can the productivity and creativity of user activities be transformed into genuine cultural enrichment and social engagement? Through explorations of the vitality of manga characters, the formal and structural open-endedness of manga, the role of sexuality and desire in manga and anime fandom, the evolution of the Lolita fashion

subculture, the contemporary social critique embodied in manga like Helpman! and Ikigami, and gamer behavior within computer games, User Enhanced suggests that commodity enhancement may lead as easily to disengagement and isolation as to interaction, connection, and empowerment. Contributors: Brian Bergstrom; Lisa Blauersouth; Aden Evens, Dartmouth College; Andrea Horbinski; Itô Gô, Tokyo Polytechnic U; Paul Jackson; Yuka Kanno; Shion Kono, Sophia U, Tokyo; Thomas Lamarre, McGill U; Christine L. Fandom Unbound Mizuko Ito, Daisuke Okabe, Izumi Tsuji, 2012-02-28 In recent years, otaku culture has emerged as one of Japan's major cultural exports and as a genuinely transnational phenomenon. This timely volume investigates how this once marginalized popular culture has come to play a major role in Japan's identity at home and abroad. In the American context, the word otaku is best translated as "geek"—an ardent fan with highly specialized knowledge and interests. But it is associated especially with fans of specific Japan-based cultural genres, including anime, manga, and video games. Most important of all, as this collection shows, is the way otaku culture represents a newly participatory fan culture in

which fans not only organize around niche interests but produce and distribute their own media content. In this collection of essays, Japanese and American scholars offer richly detailed descriptions of how this once stigmatized Japanese youth culture created its own alternative markets and cultural products such as fan fiction, comics, costumes, and remixes, becoming a major international force that can challenge the dominance of commercial media. By exploring the rich variety of otaku culture from multiple perspectives, this groundbreaking collection provides fascinating insights into the present and future of cultural production and distribution in the digital age.

Serving in Silence Margarethe Cammermeyer, Chris Fisher, 1995 A nurse with a distinguished military career chronicles her life and discusses her decision to challenge the official position on homosexuality

Happiness 6 Shuzo Oshimi, 2017-12-19 A supernatural story of sexual awakening, growing up, and suburban vampirism, Happiness follows a dorky boy who is attacked by a girl in an alley. She sucks his blood and gives him a choice: life or death. He chooses life, but finds himself nearly overwhelmed by a new thirst and a fascination with the necks of his classmates... Praise for Flowers of Evil: A shockingly readable story that vividly--one might even say queasily--evokes the fear and confusion of discovering one's own sexuality. Recommended. -The Manga Critic A page-turning tale of sordid middle school blackmail. -Otaku USA Magazine By loving this

manga I recognize what a sick and twisted individual I have become. While I can still say that I am not truly deviant, Flowers of Evil is a great reminder of my own thirst for power and my own personal corruption. -Otaku Champloo
