Introductory Grammar of Amharic Wolf Leslau,2000 This book closes the gap for beginners who want to study the Amharic language and had difficulties in finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's *Traite de langue amharique* (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists. The grammar that comes closest to the concept of a beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give examples and does not introduce the student to the intricacies of the language.The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

A Different Home Kelly DeGarmo,John DeGarmo,2014-01-21 A sensitive picture book to help ease the anxieties of foster children aged 4 to 10 entering placement. In *A Different Home*, Jessie tells us her story of being placed in foster care. At first she is worried and has lots of questions. The new home is not like her old home -- she has a different bedroom, different clothes, and there's different food for breakfast. She also misses her family. When Jim and Debbie, her foster parents, answer her questions she begins to feel better and see that this different home is kind of nice. Written in simple language and fully illustrated in color, this storybook is designed to help children in care, or moving into care, to settle in and answer some of the questions they may have. Accompanied by notes for adults on how to use the story with children, it will be a useful book for foster parents and caseworkers, as well as social workers, teachers and anyone else working with children in foster care.

A Call to Duty David Weber,Timothy Zahn,2014-09-16 Growing up, Travis Uriah Long yearned for order and discipline in his life . . . the two things his neglectful mother couldn't or wouldn't provide. So when Travis enlisted in the Royal Manticoran Navy, he thought he'd finally found the structure he'd always wanted so desperately. But life in the RMN isn't exactly what he expected. Boot camp is rough and frustrating; his first ship assignment lax and disorderly; and with the Star Kingdom of Manticore still recovering from a devastating plague, the Navy is possibly on the edge of budgetary extinction. The Star Kingdom is a minor nation among the worlds of the Diaspora, its closest neighbors weeks or months away, with little in the way of resources. With only modest interstellar trade, no foreign contacts to speak of, a plague-ravaged economy to rebuild, and no enemies looming at the hyper limit, there are factions in Parliament who want nothing more than to scrap the Navy and shift its resources and manpower elsewhere. But those factions are mistaken. The universe is not a safe place. Travis Long is about to find that out. At the publisher's request, this title is sold without DRM (Digital Rights Management). About *A Call to Duty*: A new series set in the universe of Webers popular heroine Honor Harrington gets off to a solid start. . . . Cowriters Zahn and Weber do an excellent job alluding to events known to longtime fans. . . . [T]his astronomical adventure is filled with . . . intrigue and political drama. *Publishers Weekly* About the Honor Harrington series: _Weber combines realistic, engaging characters with intelligent technological projection and a deep understanding of military bureaucracy in this long-awaited Honor Harrington novel~Fans of this venerable space opera will rejoice to see Honor back in action.Ó *Publishers Weekly* _ . . everything you could want in a heroine ~. Excellent ~ plenty of action.Ó *Science Fiction Age* _Brilliant! Brilliant! Brilliant!Ó *Anne McCaffrey* _Compelling combat combined with engaging characters for a great space opera adventure.Ó *Locus* _Weber combines realistic, engaging characters with intelligent technological projection . . . Fans of this venerable space opera will rejoice . . .Ó *Publishers Weekly* About Timothy Zahn: _Zahn keeps the story moving at a breakneck pace, maintaining excitement.Ó¾*Publishers Weekly* [Y]ou can count on Timothy Zahn for three things: clean, sparse prose; good pacing; and great action scenes. The first book in the Cobra War series hits all those marks in admirable style and makes for a quick, entertaining sci-fi novel. ¾*Blogcritics* _[Conqueror's Heritage] is another finely wrought space adventure . . . [with] social, political and emotional complications, all of which Zahn treats with his usual skill.Ó¾*Booklist* _Zahn paints every detail [in *Angelmass*] with gleamy realism . . . scientific dialogue that streams with starship hardware and military trooper talk . . . immensely appealing.Ó¾*Kirkus Review*

Battle for Britain Peter Dennis,2016 In this series renowned historical illustrator Peter Dennis breathes life into the 19th Century paper soldier and invites the reader to re-fight the wars that surged across the nation of Britain. All the artwork needed to make historically- accurate armies is presented in a source-book format, copyright free for personal use. In this first title, the Horse, Foot and Dragoons of King and Parliament, along with period buildings can be made, using traditional skills with scissors and glue. Simple 'one sheet' rules by veteran wargamer Andy Callan enable the maker to stage battles limited only by the size of the player's available table-space.

Hills of Sacrifice Michael P. Slater,2000 Detailed account of the 5th Regimental Combat Team in the Koren War. Includes a comprehensive list of 5th RCT unit casualties and Korean Ex-Prisoners of War. Indexed for easy referencing. Foreword written by Ltgen Alpha Bowser, G-3, 1st Marine Division, Korea 1950-1951. Much of the information in this book about the Korean War has never before been published. Hills of Sacrifice is a magnificent history of 'Hawaii's own', the 5th RCT during the Korean War. It will be widely read, and deserves to be. -- Governor Benjamin J. Cayetano, State of Hawaii At last, after 49 years, the best and most definitive book on infantry combat at the bayonet level in Korea. It grips the reader into the firestorm, fury, terror and grief of it all. Hills of Sacrifice is deeply researched, grimly detailed, personalized historiography of battlefield infantry action by American 'grunts' fighting determined North Korean and Chinese soldiers. This superb book is not for the faint-hearted. Graphic descriptions of the bloody details of close-in grunt infantry battle and the love of soldiers for one another. -- LTGEN Harold G. Moore A hell of a read! Hills of Sacrifice explodes like a hand grenade and is riveting combat reportage. It's the most detailed account of the bloody Korean War that I have read. The reader is there in the trenches, with the Grunts, stopping massed attacks or storming enemy held hills. The 5th RCT was a great regiment, with top leaders, brave warriors, and this remarkable book captures their gallantry and sacrifice dead on target. A must read for anyone wanting to know the Grunt's heroic story from the Korean War and how a gallant regiment became the Fire Brigad of the KoreanWar. -- COL

The Book as Art Krystyna Wasserman,Breslauer Professor of Bibliographical Studies at the Graduate School of Education & Information Studies Johanna Drucker,Johanna Drucker,National Museum of Women in the Arts (U.S.),2007 Artists' books have emerged over the last 25 years as the quintessential contemporary art form, addressing subjects as diverse as poetry and politics, incorporating a full spectrum of artistic media and bookmaking methods, and taking every conceivable form. Female painters, sculptors, calligraphers, and printmakers, as well a growing community of hobbyists, have played a primary role in developing this new mode of artistic expression. The Book as Art presents more than 100 of the most engaging women's artist books created by major fine artists such as Meret Oppenheim, May Stevens, Kara Walker, and Renee Stout and distinguished book artists such as Susan King, Ruth Laxson, Claire Van Vliet, and Julie Chen. Culled from over 800 unique or limited-edition volumes held by the National Museum of Women in the Arts, these books explore the form as a container for ideas. Descriptions of the works are accompanied by colorful illustrations and reflections by their makers, along with essays by leading scholars and a lively introduction by the most famous book artist in our culture, best-selling author Audrey Niffenegger. The exquisitely crafted objects in the The Book as Art are sure to provoke unexpected and surprising conclusions about what constitutes a book. The Book as Art accompanies the exhibition of the same name at the Museum of Women in the Arts in Washington, D.C., beginning in October 2006.
