Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

The Wish Nicholas Sparks,2021-09-28 What if the person you needed most, turned up when you least expected them? The international #1 bestselling author of The Notebook, Nicholas Sparks is back with his most epic story yet Maggie hasn't told this story in years. More than two decades ago, she fell in love. She was sixteen and far from home, waiting to give her baby up for adoption. Bryce showed Maggie how to take photographs and he didn't judge her for the way her belly swelled under her jumper. They had the perfect first kiss. Theirs was a once-in-a-lifetime kind of love. Now, as Maggie sits by the Christmas tree in her gallery telling her story, surrounded by the photographs that made her famous - the photographs Bryce never saw - her new gallery assistant asks her a question. If she had one wish, what would she wish for this Christmas? Maggie always thought she knew the answer to that question. But before she can say 'I'd go back to that winter with Bryce', she stops herself. It is all she has ever wanted but suddenly here, on this dark night under the twinkling stars, there is something else she wants. She wants to find her baby. A heart-wrenching and uplifting story about discovery and loss, The Wish is a reminder that time with those precious to us is the greatest gift of all. * Praise for Nicholas Sparks: 'This one won't leave a dry eye' Daily Mirror 'A fiercely romantic and touching tale' Heat 'An A-grade romantic read' OK! 'Pulls at the heartstrings' Sunday Times 'An absorbing page-turner' Daily Mail

Origami Puzzles Marc Kirschenbaum,2013-02-02 Some puzzles work very well as origami models - all of these works are based on existing puzzle designs. Providing the opportunity to fold your own pieces makes the geometric relationships of the pieces more apparent, but not necessarily easier to solve. Every effort was made to have the pieces for these puzzles begin with the same sized square.
