**Pirate Cinema** Cory Doctorow, 2012-10-02 From the  
New York Times bestselling author of Little  
Brother, Cory Doctorow, comes Pirate Cinema, a new  
tale of a brilliant hacker runaway who finds  
himself standing up to tyranny. Trent McCauley is  
sixteen, brilliant, and obsessed with one thing:  
making movies on his computer by reassembling  
footage from popular films he downloads from the  
net. In the dystopian near-future Britain where  
Trent is growing up, this is more illegal than  
ever; the punishment for being caught three times  
is that your entire household's access to the  
internet is cut off for a year, with no appeal.  
Trent's too clever for that too happen. Except it  
does, and it nearly destroys his family. Shamed  
and shattered, Trent runs away to London, where he  
slowly learns the ways of staying alive on the  
streets. This brings him in touch with a demimonde

of artists and activists who are trying to fight a new bill that will criminalize even more harmless internet creativity, making felons of millions of British citizens at a stroke. Things look bad. Parliament is in power of a few wealthy media conglomerates. But the powers-that-be haven't entirely reckoned with the power of a gripping movie to change people's minds.... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

### **The Secret of Our Success** Joseph

Henrich, 2017-10-17 How our collective intelligence has helped us to evolve and prosper Humans are a puzzling species. On the one hand, we struggle to survive on our own in the wild, often failing to overcome even basic challenges, like obtaining food, building shelters, or avoiding predators. On the other hand, human groups have produced ingenious technologies, sophisticated languages, and complex institutions that have permitted us to successfully expand into a vast range of diverse environments. What has enabled us to dominate the globe, more than any other species, while remaining virtually helpless as lone individuals? This book shows that the secret of our success lies not in our innate intelligence, but in our collective brains—on the ability of human groups to socially interconnect and learn from one another over generations. Drawing insights from lost European explorers, clever chimpanzees, mobile hunter-gatherers, neuroscientific findings, ancient bones, and the human genome, Joseph Henrich demonstrates how our collective brains

have propelled our species' genetic evolution and shaped our biology. Our early capacities for learning from others produced many cultural innovations, such as fire, cooking, water containers, plant knowledge, and projectile weapons, which in turn drove the expansion of our brains and altered our physiology, anatomy, and psychology in crucial ways. Later on, some collective brains generated and recombined powerful concepts, such as the lever, wheel, screw, and writing, while also creating the institutions that continue to alter our motivations and perceptions. Henrich shows how our genetics and biology are inextricably interwoven with cultural evolution, and how culture-gene interactions launched our species on an extraordinary evolutionary trajectory. Tracking clues from our ancient past to the present, *The Secret of Our Success* explores how the evolution of both our cultural and social natures produce a collective intelligence that explains both our species' immense success and the origins of human uniqueness.

Someone Comes to Town, Someone Leaves Town Cory Doctorow, 2018-05-22 The repackaged trade paperback of Cory Doctorow's miraculous novel of family history, Internet connectivity, and magical secrets—now with a new cover! Alan is a middle-aged entrepreneur who moves to a bohemian neighborhood of Toronto. Living next door is a young woman who reveals to him that she has wings—which grow back after each attempt to cut them off. Alan understands. He himself has a secret or two. His father is a mountain, his

mother is a washing machine, and among his brothers are sets of Russian nesting dolls. Now two of the three dolls are on his doorstep, starving, because their innermost member has vanished. It appears that Davey, another brother who Alan and his siblings killed years ago, may have returned, bent on revenge. Under the circumstances it seems only reasonable for Alan to join a scheme to blanket Toronto with free wireless Internet, spearheaded by a brilliant technopunk who builds miracles from scavenged parts. But Alan's past won't leave him alone—and Davey isn't the only one gunning for him and his friends. Whipsawing between the preposterous, the amazing, and the deeply felt, *Someone Comes to Town, Someone Leaves Town* is unlike any novel you have ever read.

**Detransition, Baby** Torrey Peters, 2021-01-12  
NATIONAL BESTSELLER • The lives of three women—transgender and cisgender—collide after an unexpected pregnancy forces them to confront their deepest desires in “one of the most celebrated novels of the year” (Time) “Reading this novel is like holding a live wire in your hand.”—Vulture  
Named one of the Best Books of the Year by more than twenty publications, including The New York Times Book Review, Entertainment Weekly, NPR, Time, Vogue, Esquire, Vulture, and Autostraddle  
PEN/Hemingway Award Winner • Finalist for the Lambda Literary Award, the National Book Critics Circle Award, and the Gotham Book Prize • Longlisted for The Women’s Prize • Roxane Gay’s Audacious Book Club Pick • New York Times Editors’ Choice  
Reese almost had it all: a loving

relationship with Amy, an apartment in New York City, a job she didn't hate. She had scraped together what previous generations of trans women could only dream of: a life of mundane, bourgeois comforts. The only thing missing was a child. But then her girlfriend, Amy, detransitioned and became Ames, and everything fell apart. Now Reese is caught in a self-destructive pattern: avoiding her loneliness by sleeping with married men. Ames isn't happy either. He thought detransitioning to live as a man would make life easier, but that decision cost him his relationship with Reese—and losing her meant losing his only family. Even though their romance is over, he longs to find a way back to her. When Ames's boss and lover, Katrina, reveals that she's pregnant with his baby—and that she's not sure whether she wants to keep it—Ames wonders if this is the chance he's been waiting for. Could the three of them form some kind of unconventional family—and raise the baby together? This provocative debut is about what happens at the emotional, messy, vulnerable corners of womanhood that platitudes and good intentions can't reach. Torrey Peters brilliantly and fearlessly navigates the most dangerous taboos around gender, sex, and relationships, gifting us a thrillingly original, witty, and deeply moving novel.

### **Vampire Legends in Contemporary American Culture**

William Patrick Day, 2014-07-11 While vampire stories have been part of popular culture since the beginning of the nineteenth century, it has been in recent decades that they have become a central part of American culture. Vampire Legends

in Contemporary American Culture looks at how vampire stories -- from Bram Stoker's Dracula to Blacula, from Bela Lugosi's films to Love at First Bite -- have become part of our ongoing debate about what it means to be human. William Patrick Day looks at how writers and filmmakers as diverse as Anne Rice and Andy Warhol present the vampire as an archetype of human identity, as well as how many post-modern vampire stories reflect our fear and attraction to stories of addiction and violence. He argues that contemporary stories use the character of Dracula to explore modern values, and that stories of vampire slayers, such as the popular television series Buffy the Vampire Slayer, integrate current feminist ideas and the image of the Vietnam veteran into a new heroic version of the vampire story.

**Star Wars Paper Models** Bill Scollon, 2021-10-26  
This keepsake book includes pieces to build 25 detailed paper models of Star Wars vehicles from across all 9 episodes of the Skywalker saga! Each model also has a corresponding trading card that includes captivating information about each vehicle. This combination model kit and keepsake book will take you on an adventure through the entire Skywalker saga. Inside, you'll find beautifully illustrated and highly detailed punch-out pieces and step-by-step instructions for constructing 25 iconic Star Wars vehicles, including the Millennium Falcon, a TIE fighter, and an X-wing. A collectible keepsake fact book contains fascinating story synopses and vehicle details, so you'll discover little-known tidbits about each vehicle as you build the models. Each

vehicle also comes with a collectible trading card. Star Wars fans across the spectrum will enjoy assembling and displaying this collection of replica vehicles from a galaxy far, far away.

*The Solace of Leaving Early* Haven

Kimmel, 2002-07-23 Using small-town life as a springboard to explore the loftiest of ideas, Haven Kimmel's irresistibly smart and generous first novel is at once a romance and a haunting meditation on grief and faith. Langston Braverman returns to Haddington, Indiana (pop. 3,062) after walking out on an academic career that has equipped her for little but lording it over other people. Amos Townsend is trying to minister to a congregation that would prefer simple affirmations to his esoteric brand of theology. What draws these difficult—if not impossible—people together are two wounded little girls who call themselves Immaculata and Epiphany. They are the daughters of Langston's childhood friend and the witnesses to her murder. And their need for love is so urgent that neither Langston nor Amos can resist it, though they do their best to resist each other. Deftly walking the tightrope between tragedy and comedy, *The Solace of Leaving Early* is a joyous story about finding one's better self through accepting the shortcomings of others.

Of Green Illusions Clifton Lopez,

*My New Gender Workbook* Kate Bornstein, 2013-08-06

This updated edition of Bornstein's formative *My Gender Workbook* (1997) provides an invigorating introduction to contemporary theory around gender, sexuality, and power. The original is a classic of modern transgender theory and literature and,

alongside Bornstein's other work, has influenced an entire generation of trans writers and artists. This revised and expanded edition extends that legacy, offering an accessible foundation for examining gender in the reader's life and in the broader culture while arguing for the dismantling of all forms of oppression. For fans of the original, Bornstein's new material merits a fresh read...--Publishers Weekly, starred review

Cultural theorists have written loads of smart but difficult-to-fathom texts on gender theory, but most fail to provide a hands-on, accessible guide for those trying to sort out their own sexual identities. In *My Gender Workbook*, transgender activist Kate Bornstein brings theory down to Earth and provides a practical approach to living with or without a gender. Bornstein starts from the premise that there are not just two genders performed in today's world, but countless genders lumped under the two-gender framework. Using a unique, deceptively simple and always entertaining workbook format, complete with quizzes, exercises, and puzzles, Bornstein gently but firmly guides readers toward discovering their own unique gender identity. Since its first publication in 1997, *My Gender Workbook* has been challenging, encouraging, questioning, and helping those trying to figure out how to become a real man, a real woman, or something else entirely. In this exciting new edition of her classic text, Bornstein re-examines gender in light of issues like race, class, sexuality, and language. With new quizzes, new puzzles, new exercises, and plenty of Kate's playful and provocative style, *My New Gender*

Workbook promises to help a new generation create their own unique place on the gender spectrum.

*Sell Like Crazy* Sabri Suby, 2019-01-30 In this groundbreaking book, Sabri Suby, the founder of Australia's #1 fastest growing digital marketing agency, reveals his exclusive step-by-step formula for growing the sales of any business, in any market or niche! The 8 phase 'secret selling system' detailed in this book has been deployed in over 167 industries and is responsible for generating over \$400 million dollars in sales. This isn't like any business or marketing book you've ever read. There's no fluff or filler - just battle-hardened tactics that are working right now to rapidly grow sales. Use these timeless principles to rapidly and dramatically grow the sales for your business and crush your competition into a fine powder.

Afrofuturism Ytasha L. Womack, 2013-10-01 2014 Locus Awards Finalist, Nonfiction Category In this hip, accessible primer to the music, literature, and art of Afrofuturism, author Ytasha Womack introduces readers to the burgeoning community of artists creating Afrofuturist works, the innovators from the past, and the wide range of subjects they explore. From the sci-fi literature of Samuel Delany, Octavia Butler, and N. K. Jemisin to the musical cosmos of Sun Ra, George Clinton, and the Black Eyed Peas' will.i.am, to the visual and multimedia artists inspired by African Dogon myths and Egyptian deities, the book's topics range from the alien experience of blacks in America to the wake up cry that peppers sci-fi literature, sermons, and activism. With a

twofold aim to entertain and enlighten, Afrofuturists strive to break down racial, ethnic, and social limitations to empower and free individuals to be themselves.

*Los Angeles Magazine*, 2003-11 *Los Angeles* magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of 1961, *Los Angeles* magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

**Easy Pumpkin Carving** Colleen Dorsey, 2020-10-01 Create the best jack-o-lantern on the block with this handy guide. Get tips and tricks for spooktacular pumpkin carving, with innovative techniques, inspirational color photos, and 12 ready-to-use carving patterns.

*The Village Voice Film Guide* Village Voice, 2010-12-15 For decades the Village Voice set the benchmark for passionate, critical, and unique film coverage. Including reviews by some of America's most respected critics, *The Village Voice Film Guide* compiles spirited landmark reviews of the Voice's selection of the 150 greatest films ever made. Collecting some of the best writing on film ever put on paper, this is a perfect book for film buffs.

**Spotted** Crissy Calhoun, 2009 The bestselling Gossip Girl book series catapulted into pop culture's stratosphere when it was adapted for television. Spotted takes readers through the first two seasons of the popular, award-winning show episode by episode. Calhoun dives below the surface plotlines to detail the cultural references, fashion, music and morality on the show. With biographies of the cast and creators, a comparison to its teen soap and literary predecessors and a look at the adaptation process from book to screen, this is a must-have accessory for any Gossip Girl fan.

*Columbia Pictures* Bernard F. Dick, 2021-10-19 Drawing on previously untapped archival materials including letters, interviews, and more, Bernard F. Dick traces the history of Columbia Pictures, from its beginnings as the CBC Film Sales Company, through the regimes of Harry Cohn and his successors, and ending with a vivid portrait of today's corporate Hollywood. The book offers unique perspectives on the careers of Rita Hayworth and Judy Holliday, a discussion of Columbia's unique brands of screwball comedy and film noir, and analyses of such classics as *The Awful Truth*, *Born Yesterday*, and *From Here to Eternity*. Following the author's highly readable studio chronicle are fourteen original essays by leading film scholars that follow Columbia's emergence from Poverty Row status to world class, and the stars, films, genres, writers, producers, and directors responsible for its transformation. A new essay on Quentin Tarantino's *Once Upon a Time...in Hollywood* rounds out the collection and

brings this seminal studio history into the 21st century. Amply illustrated with film stills and photos of stars and studio heads, Columbia Pictures is the first book to integrate history with criticism of a single studio, and is ideal for film lovers and scholars alike.

Native Americans on Film M. Elise Marubbio, Eric L. Buffalohead, 2013-02-22 "An essential book for courses on Native film, indigenous media, not to mention more general courses . . . A very impressive and useful collection." –Randolph Lewis, author of *Navajo Talking Picture* The film industry and mainstream popular culture are notorious for promoting stereotypical images of Native Americans: the noble and ignoble savage, the pronoun-challenged sidekick, the ruthless warrior, the female drudge, the princess, the sexualized maiden, the drunk, and others. Over the years, Indigenous filmmakers have both challenged these representations and moved past them, offering their own distinct forms of cinematic expression. *Native Americans on Film* draws inspiration from the Indigenous film movement, bringing filmmakers into an intertextual conversation with academics from a variety of disciplines. The resulting dialogue opens a myriad of possibilities for engaging students with ongoing debates: What is Indigenous film? Who is an Indigenous filmmaker? What are Native filmmakers saying about Indigenous film and their own work? This thought-provoking text offers theoretical approaches to understanding Native cinema, includes pedagogical strategies for teaching particular films, and validates the

different voices, approaches, and worldviews that emerge across the movement. "Accomplished scholars in the emerging field of Native film studies, Marubbio and Buffalohead . . . focus clearly on the needs of this field. They do scholars and students of Native film a great service by reprinting four seminal and provocative essays."

—James Ruppert, author of *Meditation in Contemporary Native American Literature*

"Succeed[s] in depicting the complexities in study, teaching, and creating Native film . . . Regardless of an individual's level of knowledge and expertise in Native film, *Native Americans on Film* is a valuable read for anyone interested in this topic." —*Studies in American Indian Literatures*

**Popular Culture** Imre Szeman, Susie

O'Brien, 2017-09-05 *Popular Culture: A User's Guide*, International Edition ventures beyond the history of pop culture to give readers the vocabulary and tools to address and analyze the contemporary cultural landscape that surrounds them. Moves beyond the history of pop culture to give students the vocabulary and tools to analyze popular culture suitable for the study of popular culture across a range of disciplines, from literary theory and cultural studies to philosophy and sociology. Covers a broad range of important topics including the underlying socioeconomic structures that affect media, the politics of pop culture, the role of consumers, subcultures and countercultures, and the construction of social reality. Examines the ways in which individuals and societies act as consumers and agents of popular

culture
