The JHipster Mini-Book Matt Raible,2016-11-25 The things you need to do to set up a new software project can be daunting. First, you have to select the back-end framework to create your API, choose your database, set up security, and choose your build tool. Then you have to choose the tools to create your front end: select a UI framework, configure a build tool, set up Sass processing, configure your browser to auto-refresh when you make changes, and configure the client and server so they work in unison. If you're building a new application using Spring Boot and Angular, you can save days by using JHipster. JHipster generates a complete and modern web app, unifying: - A high-performance and robust Java stack on the server side with Spring Boot - A sleek, modern, mobile-first front-end with Angular and Bootstrap - A robust microservice architecture with the JHipster Registry, Netflix OSS, the ELK stack, and Docker - A powerful workflow to build your application with Yeoman, Webpack, and Maven/Gradle

Belgian Cafe Culture Hb Regula Ysewijn,2021-11-09 * A nostalgic look at the most beautiful traditional cafes in Belgium and the stories they harborNorth or South, the soul of Belgium is in its cafés. I don't know of any book that captures their soul more beautifully and accurately than this one. - Joe Stange, CAMRA's Good Beer Guide Belgium This book is an ode to Belgium's traditional beer cafés, to their landlords and -ladies, and to the regular customers who have become part of the interior. It is also a plea to handle the café patrimony of Belgium with the greatest care. Because we have been taking these little cafés for granted for far too long and now their existence has become fragile, despite the fact that they are an important part of our social and cultural heritage. Regula Ysewijn is a Belgian culinary historian, writer, and photographer. She focuses on food and social history or Britain and the Low countries and consults for organisations such as the UK's National Trust, TV programmes and museums. Ysewijn is the author of six books among which: *Pride and Pudding* and *Oats in the North, Wheat From the South* have received international acclaim. She is also a judge on the Flemish version of the Great British Bake Off. For this book Regula visited 45 traditional cafés in Belgium. From the oldest café in the country (it opened in 1515) to the oldest Belgian café landlady, Juliette, who is 96. She visited cafés with beautiful Art Deco interiors, and cafés with the charm and warmth of a living room. In each of these establishments she talked to the landlords and -ladies and to the people who have become part or the soul of these cafés, and she managed to capture all of this in beautiful, touching photographs.

Drawing Futures Bob Sheil,Frédéric Migayrou,Luke Pearson,Laura Allen,2016-11-11 Drawing Futures brings together international designers and

artists for speculations in contemporary drawing for art and architecture. Despite numerous developments in technological manufacture and computational design that provide new grounds for designers, the act of drawing still plays a central role as a vehicle for speculation. There is a rich and long history of drawing tied to innovations in technology as well as to revolutions in our philosophical understanding of the world. In reflection of a society now underpinned by computational networks and interfaces allowing hitherto unprecedented views of the world, the changing status of the drawing and its representation as a political act demands a platform for reflection and innovation. Drawing Futures will present a compendium of projects, writings and interviews that critically reassess the act of drawing and where its future may lie. Drawing Futures focuses on the discussion of how the field of drawing may expand synchronously alongside technological and computational developments. The book coincides with an international conference of the same name, taking place at The Bartlett School of Architecture, UCL, in November 2016. Bringing together practitioners from many creative fields, the book discusses how drawing is changing in relation to new technologies for the production and dissemination of ideas.

Social Innovations in the Urban Context Taco Brandsen, Sandro Cattacin, Adalbert Evers, Annette Zimmer, 2016-04-05 This book addresses the practice of social innovation, which is currently very much in the public eye. New ideas and approaches are needed to tackle the severe and wicked problems with which contemporary societies are struggling. Especially in times of economic crisis, social innovation is regarded as one of the crucial elements needed to move forward. Our knowledge of its dynamics has significantly progressed, thanks to an abundance of studies on social innovation both general and sector-specific. However, despite the valuable research conducted over the past years, the systematic analysis of social innovation is still contested and incomplete. The questions asked in the book will be the following: 1. What is the nature of social innovations? 2. What patterns can be identified in social innovations emerging at the local level? 3. How is the emergence and spread of social innovations related to urban governance? More precisely, which conditions and arrangements facilitate and hinder social innovation? We explore these questions using different types of data and methods, and studying different contexts. In particular, we focus on innovations that aim at solving problems of the young unemployed, single parents and migrants. This analysis is based on original research carried out in the period 2010-2013 in the framework of a European project with a specific empirical research strategy. Research was carried out in 20 cities in 10 different European countries.

Dead Feminists Chandler O'Leary, Jessica Spring, 2016-10-11 A national bestseller, this lushly illustrated book is an inclusive celebration of inspiring

women who transformed the world and created social change. *Dead Feminists* is a gorgeously illustrated letterpress-inspired book showcasing feminist history with a vision for a better future. Based on the beloved letterpress poster series of the same name, this book brings feminist history to life, profiling 27 unforgettable forebears of the modern women's movement such as Eleanor Roosevelt, Gwendolyn Brooks, Rachel Carson, and more. Across eras and industries, passions and geographies, this collection of diverse, progressive, and perseverant women faced what looked like insurmountable odds and yet, still, they persisted. *Dead Feminists*, which features a foreword by Jill Lepore, author of *The Secret History of Wonder Woman*, is an illuminating and innovative reminder that women can be extraordinary agents of change. The future is female, but in many ways so is the past. *Dead Feminists* takes feminist inspiration to a new level of artistry and shows how ordinary and extraordinary women have made a difference throughout history (and how you can too). Featured Feminists: Adina De Zavala Alice Paul Annie Oakley Babe Zaharias Eleanor Roosevelt Elizabeth Cady Stanton Elizabeth Zimmerman Emma Goldman Fatima al-Fihri Gwendolyn Brooks Harriet Tubman Imogen Cunningham Jane Mecom Marie Curie Queen Lili'uokalani Rachel Carson Rywka Lipszyc Sadako Sasaki Sappho Sarojini Naidu Shirley Chisholm Thea Foss Virginia Woolf Washington State Suffragists

The Places Where Community Is Practiced Anna Steigemann, 2019-02-25 In this open access publication, the social cohesion of urban neighborhoods and their residents is examined, which is often viewed as vulnerable since increased mobility, individualization, wider socio-economic and demographic changes have fundamentally altered the basis for everyday social interaction in urban neighborhoods. Anna Steigemann gives scholarly attention to the concrete places where neighborly interactions still take place and to how these interactions affect local community building. She illuminates and explores the ordinary everyday interactions and social practices in and around shops and gastronomic facilities on a shopping street in Berlin-Neukölln, revealing how these businesses are important places where community is practiced, but also why they are increasingly threatened by commercial and residential gentrification.

The Uninhabitable Earth David Wallace-Wells, 2019-02-19 #1 NEW YORK TIMES BESTSELLER • “The Uninhabitable Earth hits you like a comet, with an overflow of insanely lyrical prose about our pending Armageddon.”—Andrew Solomon, author of *The Noonday Demon* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New Yorker • The New York Times Book Review • Time • NPR • The Economist • The Paris Review • Toronto

Star • GQ • The Times Literary Supplement • The New York Public Library • Kirkus Reviews It is worse, much worse, than you think. If your anxiety about global warming is dominated by fears of sea-level rise, you are barely scratching the surface of what terrors are possible—food shortages, refugee emergencies, climate wars and economic devastation. An “epoch-defining book” (The Guardian) and “this generation’s Silent Spring” (The Washington Post), *The Uninhabitable Earth* is both a travelogue of the near future and a meditation on how that future will look to those living through it—the ways that warming promises to transform global politics, the meaning of technology and nature in the modern world, the sustainability of capitalism and the trajectory of human progress. *The Uninhabitable Earth* is also an impassioned call to action. For just as the world was brought to the brink of catastrophe within the span of a lifetime, the responsibility to avoid it now belongs to a single generation—today’s.

LONGLISTED FOR THE PEN/E.O. WILSON LITERARY SCIENCE WRITING AWARD “The Uninhabitable Earth is the most terrifying book I have ever read. Its subject is climate change, and its method is scientific, but its mode is Old Testament. The book is a meticulously documented, white-knuckled tour through the cascading catastrophes that will soon engulf our warming planet.”—Farhad Manjoo, *The New York Times* “Riveting. . . . Some readers will find Mr. Wallace-Wells’s outline of possible futures alarmist. He is indeed alarmed. You should be, too.”—*The Economist* “Potent and evocative. . . . Wallace-Wells has resolved to offer something other than the standard narrative of climate change. . . . He avoids the ‘eerily banal language of climatology’ in favor of lush, rolling prose.”—Jennifer Szalai, *The New York Times* “The book has potential to be this generation’s Silent Spring.”—*The Washington Post* “The Uninhabitable Earth, which has become a best seller, taps into the underlying emotion of the day: fear. . . . I encourage people to read this book.”—Alan Weisman, *The New York Review of Books*

The Death of Expertise Tom Nichols, 2024 In the early 1990s, a small group of AIDS denialists, including a University of California professor named Peter Duesberg, argued against virtually the entire medical establishment's consensus that the human immunodeficiency virus (HIV) was the cause of Acquired Immune Deficiency Syndrome. Science thrives on such counterintuitive challenges, but there was no evidence for Duesberg's beliefs, which turned out to be baseless. Once researchers found HIV, doctors and public health officials were able to save countless lives through measures aimed at preventing its transmission--

Someone Comes to Town, Someone Leaves Town Cory Doctorow,2018-05-22 The repackaged trade paperback of Cory Doctorow's miraculous novel of family history, Internet connectivity, and magical secrets—now with a new cover! Alan is a middle-aged entrepreneur who moves to a bohemian neighborhood of Toronto. Living next door is a young woman who reveals to him that she has wings—which grow back after each attempt to cut them off. Alan understands. He himself has a secret or two. His father is a mountain, his mother is a washing machine, and among his brothers are sets of Russian nesting dolls. Now two of the three dolls are on his doorstep, starving, because their innermost member has vanished. It appears that Davey, another brother who Alan and his siblings killed years ago, may have returned, bent on revenge. Under the circumstances it seems only reasonable for Alan to join a scheme to blanket Toronto with free wireless Internet, spearheaded by a brilliant technopunk who builds miracles from scavenged parts.

But Alan's past won't leave him alone—and Davey isn't the only one gunning for him and his friends. Whipsawing between the preposterous, the amazing, and the deeply felt, *Someone Comes to Town, Someone Leaves Town* is unlike any novel you have ever read.
