C. S. Lewis, Mary Collier

Big Appetites Christopher Boffoli, 2013-09-10

Welcome to a world where little people have big personalities. A world that's upside down and yet weirdly, wonderfully real. A world where Lilliputian thieves poach strawberry seeds. Where it takes a guy with a jackhammer to pop open pistachios. Where skaters fall into a crack in the crème brûlée, and teddy bear cookies congregate with evil intent. Marrying inspired photographs of real food and tiny people with equally inspired captions, photographer Christopher Boffoli creates a smart, funny, quirky vision of what it means to play with your food. The scenes are hilarious and outlandish— a farmer shovels a pasture full of cow pies, aka chocolate chips; hikers pause at a rest stop to take in a magical mushroom forest. And the captions surprise with their cleverness and emotional truth. Of the proudly gesticulating little chef amid the macarons: "Right on cue, Philippe stepped up to take all of the credit." Of the tiny bather up to her chin in waves of blue Jell-O: "In her continuing search for a husband, Gladys decided it was best to put herself in situations where she needed to be rescued." Of the broad-shouldered technician spreading condiments on a hot dog: "Gary always uses too much mustard. But no one can say so. It's a union thing." Happiness, hope, adventure, pride, love, greed, menace, solitude—it's our world, seen through a singularly unique and funny lens, in more than 100 scenes from breakfast through dessert.

English Pastoral James Rebanks, 2021-09-02
As a boy, James Rebanks's grandfather taught him to work the land the old way. Their family farm in the Lake District hills was part of an ancient landscape- a patchwork of crops and meadows, of pastures grazed with livestock, and hedgerows teeming with wildlife. And yet, by the time James inherited the farm, it was barely recognisable. The men and women had vanished from the fields; the old stone barns had crumbled; the skies had emptied of birds and their wind-blown song. *English Pastoral* is the story of an inheritance- one that affects us all. It tells of how rural landscapes around the world were brought close to collapse, and the age-old rhythms of work,

weather, community and wild things were lost. And yet this elegy from the Lake District fells is also a song of hope- how, guided by the past, one farmer began to salvage a tiny corner of England that was now his, doing his best to restore the life that had vanished and to leave a legacy for the future. This is a book about what it means to have love and pride in a place, and how, against all the odds, it may still be possible to build a new pastoral- not a utopia, but somewhere decent for us all.

A retelling of the original story is also included so that children can re-create the adventures of The Lion, the Witch and the Wardrobe. This is a wonderful introduction to the magical world of Narnia.

Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the

hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), Papertoy Monsters offers 50 fiendishly original die-cut designs that are ready to pop out, fold, and glue. The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the deepest depths of your school bag. Plus Zeke, the monster under your bed, Nom Nom, eater of cities, and Grumpy Gramps, the hairy grandpa monster with his very own moustache collection.

Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
