From creating flag books and fishbones, to blizzards and nesting boxes, you'll gain an invaluable insight into the work of two skilled artists with this fun read! With the help of their thorough instructions and simple illustrations, you'll be on your way to becoming a pro paper crafter in no time at all – Sew magazine A wonderful insight into the work of a truly skilled artist – PaperCrafter The renowned and influential book artist Hedi Kyle shows you step-by-step how to create her unique designs using folding techniques in *The Art of the Fold*. Bookbinding and paper craft projects include flag books, blizzard books, the fishbone fold, and nesting boxes. Written by the doyenne of artists' books, Hedi Kyle, *The Art of the Fold* is a wonderful insight into the work of a truly skilled artist. Hedi will show you how to bind a book and fold paper to create over 35 of her cut-fold book designs. The book is beautifully illustrated with Hedi's finished works of art. An excerpt from the book: 'I can still remember the thrill I experienced when my first folded book structure emerged from my fingers – how eager I was to

explore its possibilities and to share it with whoever was interested. The Flag Book, as I now call it, is a simple accordion and has interlocking pages oriented in opposite directions. Little did I know that this simple structure would have legs and be the catalyst for the next forty-plus years of thinking about and making books. The common perception of the book today is fairly straightforward: a series of pages organized around a spine and protected on either side by two covers. This format allows for easy access, storage and retrieval of information. Yet what happens when the book is stripped away of centuries of preconceptions and is allowed to reveal something else: playfulness, utility, invention? Expanding the notion of the book is what the structures in the following chapters of *The Art of the Fold* attempt to do. Exploring its tactile, sculptural form, primarily through folding methods, the book as a structural object is celebrated while content is considered in a new and unconventional way. My range in this medium has always been broad. In part this is due to my introduction to the world of bookbinding and some chance encounters. In the 1970s in New York City, the art and craft of hand bookbinding and papermaking were experiencing an unprecedented revival. I was fortunate to arrive in the city at just this moment. With an art-school background and an impulse to make things, I was naturally drawn to pursue this new opportunity. The Center for Book Arts, the famous forerunner of so many centers yet to come, was located in a small storefront just down the street from where I lived on the Lower East Side of Manhattan. Under the direction of founder Richard Minsky, it had a radical mission: to push concept, materials, printing and making of artist books in a new direction. When Richard dared me to teach at the Center one evening a week, I was hooked. My career as a book conservator and a book artist has now spanned over 45 years. As head

conservator at the American Philosophical Society in Philadelphia, I've had the opportunity to handle some of the rarest volumes and manuscripts in the world. I have also dealt with decrepit books, torn maps and countless curiosities discovered in stacks and archives. All were endless sources for ideas and provided a springboard for a departure from tradition. Leading book–arts workshops around the world and a 25 year tenure teaching in the graduate program for Book Arts and Printmaking at the University of the Arts in Philadelphia have shown me, in retrospect, that the more I taught, t

**Mother Hubbard's Christmas** John O'Brien,1996 The author gives his own holiday twist to the traditional Mother Goose rhyme.

A Christmas Tree Illustrated Charles Dickens,2020-09-10 Perhaps best described as Dickens's ``other" Christmas story, this is an elderly narrator's reminiscence of holidays past, each incident inspired by the gifts and toys that decorate the traditional tree. There is a range of appeal in the story itself, from snug memories of beloved toys to the passing along of eerie stories surrounding various childhood haunts. Ingpen renders the story quite accessible by focusing on objects of the period mentioned in the text, and by filtering the memory aspects of the telling through soft sweeps of paint. All ages.

*Knit the Nativity* Jan Messent, 2012-08-01 This hugely successful Christmas favourite has been completely reworked for modern knitters. The pieces have all been knitted in today's yarns, taking advantage of the variety of sparkling and novelty yarns now available, and the nativity scene has been recreated and photographed using Jan Messent's excellent patterns and instructions. The nativity scene is small enough to be manageable yet large enough for many people to have a hand in its making, from the older, more experienced knitter to the youngest beginner; there is even a yarn wrapping activity for young fingers (the making of the stable wall), making this the perfect project for a school, church, knitting group, family or community. The materials needed are simple and

inexpensive; the knitted figures and items are assembled using box card, and the patterns allow for individual interpretation in the yarn and stitch patterns. The knitting patterns are clearly presented and there is plenty of advice on all the knitting processes. Full patterns, diagrams and drawings show how to make the stable and stars, Mary, Joseph, the infant and manger, an ox, donkey and sheep, shepherds, an angel, children and wise men. Knit and assemble your own beautiful nativity scene to be enjoyed for years to come.
