The Gas Vans Santiago Alvarez,2011-09-19

The Gas Vans Santiago Álvarez (Writer of *The gas vans*), Pierre Marais, 2016 During WWII, German forces are claimed to have used trucks to kill tens of thousands of people by means of exhaust gases. This book is the first to critically investigate all the accessible evidence about this topic. The anomalies exposed by this study raise doubts about the historical reality of these infamous gas vans.

The Einsatzgruppen Or Murder Commandos John Mendelsohn, Donald S. Detwiler, 1982 Volume 10, *The Holocaust: Selected Documents in Eighteen Volumes*. Introduction by Professor Willard A. Fletcher, History Department, University of Delaware. Soviet Jews were executed by gassing vehicles or by shooting in groups ranging from a few individuals to thousands of men, women and children. The perpetrators of these mass murders, who allegedly killed a million people following the Nazi invasion of the Soviet Union, were organized in four special task forces called Einsatzgruppen. Some of the major activities documented in this volume are the mass killings at Babi Yar near Kiev, the Christmas massacre at Simferopol, attempts to destroy all traces of the executions by exhuming and burning the bodies, as well as the disguising of the killings as anti-partisan activities. Descriptions of the killings generally stem from those who committed the crimes. Contains 32 documents of source materials, carefully chosen from the thousands preserved at the U.S. National Archives. A detailed table of contents lists and provides the source for each document. The volumes in the series are organized topically: PLANNING AND PREPARATION 1. Legalizing the Holocaust: The Early Phase, 1933-1939 2. Legalizing the Holocaust: The Later Phase, 1939-1943 3. The Crystal Night Pogrom 4. Propaganda and Aryanization, 1938-1944 5. Jewish Emigration from 1933 to the Evian Conference of 1938 6. Jewish Emigration 1938-1940: Rublee Negotiations and the Intergovernmental Committee 7. Jewish Emigration: The S.S. St. Louis Affair and Other Cases THE KILLING OF THE JEWS 8. Deportation of the Jews to the East: Stettin, 1940, to Hungary, 1944 9. Medical Experiments on Jewish Inmates of Concentration Camps 10. The Einsatzgruppen or Murder Commandos 11. The Wannsee Protocol and a 1944 Report on Auschwitz by the Office of Strategic Services 12. The Final Solution in the Extermination Camps and the Aftermath 13. The Judicial System and the Jews in Nazi Germany RESCUE ATTEMPTS 14. Relief and Rescue of Jews from Nazi Oppression, 1943-1945 15. Relief in Hungary and the Failure of the Joel Brand Mission 16. Chelmno Carlo Mattogno, 2017 The world's premier Revisionist scholar, Carlo Mattogno, focuses his microscope on Chelmno, the infamous German-run death camp located in Poland. It was here that huge masses of Jewish prisoners were rounded up and mercilessly gassed in so-called gas vans or shot (claims vary from 10,000 to 1.3 million victims). Or so say the court historians, most of whom have never set foot near the remains of the camp. Mattogno, however, has examined reams of wartime documents and conducted on-site investigations at the Chelmno camp and in the neighboring countryside. The resulting book challenges the conventional account of what went on inside Chelmno. Mattogno covers the subject from every angle, undermining the orthodox claims about the camp with an overwhelming body of evidence. Eyewitness statements, gas wagons as extermination weapons, forensics reports, coroners' reports, archeological excavations, the crematoria, building plans, official U.S. reports, German documents, evacuation efforts—all come under Mattogno's scrutiny. Here are the uncensored facts about Chelmno, not the propaganda. This is a complementary volume to Santiago Alvarez's book on The Gas Vans. Both books were edited in parallel to make sure they are consistent with each other and are not repetitive. Second, slightly revised edition of 2017.

European Pack for Visiting Auschwitz-Birkenau Memorial and Museum Alicja Białycka, 2010-01-01 Taking groups of students To The Auschwitz-Birkenau Memorial and Museum is a heavy responsibility, but it is a major contribution to citizenship if it fosters understanding of what Auschwitz stands for, particularly when the last survivors are at the end of their lives. It comes with certain risks, however. This pack is designed for teachers wishing to organise student visits to authentic places of remembrance, and for the guides, academics and others who work every day with young people at Auschwitz. There is nothing magical about visiting an authentic place of remembrance, and it calls for a carefully thought-out approach. To avoid the risk of inappropriate reactions or the failure to benefit from a large investment in travel and accommodation, considerable preparation and discussion is necessary before the visit and serious reflection afterwards. Teachers must prepare students for a form of learning they may never have met before. This pack offers insights into the complexities of human behaviour so that students can have a better understanding of what it means to be a citizen. How are they concerned by what happened at Auschwitz? Is the unprecedented process of exclusion that was practised in the Holocaust still going on in Europe today? In what sense is it different from present-day racism and anti-Semitism? The young people who visit Auschwitz in the next few years will

be witnesses of the last witnesses, links in the chain of memory. Their generation will be the last to hear the survivors speaking on the spot. The Council of Europe, The Polish Ministry of Education And The Auschwitz-Birkenau Memorial and Museum are jointly sponsoring this project aimed at preventing crimes against humanity through Holocaust remembrance teaching.

Understanding Willing Participants, Volume 2 Nestar Russell, 2018-12-27 Horrified by the Holocaust, social psychologist Stanley Milgram wondered if he could recreate the Holocaust in the laboratory setting. Unabated for more than half a century, his (in)famous results have continued to intrigue scholars. Based on unpublished archival data from Milgram's personal collection, volume one of this two-volume set introduces readers to a behind the scenes account showing how during Milgram's unpublished pilot studies he step-by-step invented his official experimental procedure—how he gradually learnt to transform most ordinary people into willing inflictors of harm. The open access volume two then illustrates how certain innovators within the Nazi regime used the very same Milgram-like learning techniques that with increasing effectiveness gradually enabled them to also transform most ordinary people into increasingly capable executioners of other men, women, and children. Volume two effectively attempts to capture how step-by-step these Nazi innovators attempted to transform the Führer's wish of a Jewish-free Europe into a frightening reality. By the books' end the reader will gain an insight into how the seemingly undoable can become increasingly doable.

Last Stop Auschwitz Eddy de Wind, 2020-01-21 Written in Auschwitz itself and translated for the first time ever into English, this one-of-a-kind, minute-by-minute true account is a crucial historical testament to a Holocaust survivor's fight for his life at the largest extermination camp in Nazi Germany. We know that there is only one ending to this, only one liberation from this barbed wire hell: death. -- Eddy de Wind In 1943, amidst the start of German occupation, Eddy de Wind worked as a doctor at Westerbork, a Dutch transit camp. His mother had been taken to this camp by Nazis but Eddy was assured by the Jewish Council she would be freed in exchange for his labor. He later found out she'd already been transferred to Auschwitz. While at Westerbork, he fell in love with a woman named Friedel and they married. One year later, they were transported to Auschwitz. Upon arrival, Friedel and Eddy were separated -- Eddy forced to work as a medical assistant in one barrack, Friedel at the mercy of Nazi experimentation in a nearby block. Sneaking moments with his beloved and communicating whenever they could, Eddy longed for the day he could be free with Friedel . . . Written in the camp itself in the weeks following the Red Army's liberation of the camp, Last Stop Auschwitz is the raw, true account of Eddy's experiences at Auschwitz. In stunningly poetic prose, he provides

unparalleled access to the horrors he faced in the concentration camp. Including photos from Eddy's life before, during, and after the Holocaust, this poignant memoir is at once a moving love story, a detailed portrayal of the atrocities of Auschwitz, and an intelligent consideration of the kind of behavior -- both good and evil -- people are capable of. Never before published in English, this book is a vital and enduring document: a testament to the strength of the human spirit, and a warning against the depths we can sink to when prejudice is given power.

The Young Victims of the Nazi Regime Simone Gigliotti, Monica Tempian, 2016-05-05 During the Nazi regime many children and young people in Europe found their lives uprooted by Nazi policies, resulting in their relocation around the globe. *The Young Victims of the Nazi Regime* represents the diversity of their experiences, covering a range of non-European perspectives on the Second World War and aspects of memory. This book is unique in that it places the experiences of children and youth in a transnational context, shifting the conversation of displacement and refuge to countries that have remained under-examined in a comparative context. Featuring essays from an international range of experts, this book analyses the key themes in three sections: the migration of children to countries including England, Canada, Australia, New Zealand, Kenya, and Brazil; the experiences of young people who remained in Nazi Europe and became victims of war, displacement and deportation; and finally the challenges of rebuilding lives and representing traumas in the aftermath of war. In its comparisons between Jewish and non-Jewish experiences and how these intersected and diverged, it revisits debates about cultural genocide through the separation of families and communities, as well as contributing new perspectives on forced labour, families and the Holocaust, and Germans as war victims.

American Holocaust David E. Stannard, 1993-11-18 For four hundred years--from the first Spanish assaults against the Arawak people of Hispaniola in the 1490s to the U.S. Army's massacre of Sioux Indians at Wounded Knee in the 1890s--the indigenous inhabitants of North and South America endured an unending firestorm of violence. During that time the native population of the Western Hemisphere declined by as many as 100 million people. Indeed, as historian David E. Stannard argues in this stunning new book, the European and white American destruction of the native peoples of the Americas was the most massive act of genocide in the history of the world. Stannard begins with a portrait of the enormous richness and diversity of life in the Americas prior to Columbus's fateful voyage in 1492. He then follows the path of genocide from the Indies to Mexico and Central and South America, then north to Florida, Virginia, and New England, and finally out across the Great Plains and

Southwest to California and the North Pacific Coast. Stannard reveals that wherever Europeans or white Americans went, the native people were caught between imported plagues and barbarous atrocities, typically resulting in the annihilation of 95 percent of their populations. What kind of people, he asks, do such horrendous things to others? His highly provocative answer: Christians. Digging deeply into ancient European and Christian attitudes toward sex, race, and war, he finds the cultural ground well prepared by the end of the Middle Ages for the centuries-long genocide campaign that Europeans and their descendants launched--and in places continue to wage--against the New World's original inhabitants. Advancing a thesis that is sure to create much controversy, Stannard contends that the perpetrators of the American Holocaust drew on the same ideological wellspring as did the later architects of the Nazi Holocaust. It is an ideology that remains dangerously alive today, he adds, and one that in recent years has surfaced in American justifications for large-scale military intervention in Southeast Asia and the Middle East. At once sweeping in scope and meticulously detailed, *American Holocaust* is a work of impassioned scholarship that is certain to ignite intense historical and moral debate.

KL Nikolaus Wachsmann, 2015-04-14 The award-winning author of *Hitler's Prisons* presents an unprecedented, integrated account of the Nazi concentration camps from their inception in 1933 through their demise in the spring of 1945.

The Patagonian Hare Claude Lanzmann, 2015-06-01 The unforgettable memoir of 70 years of contemporary and personal history from the great French filmmaker, journalist and intellectual Claude Lanzmann Born to a Jewish family in Paris, 1925, Lanzmann's first encounter with radicalism was as part of the Resistance during the Nazi occupation. He and his father were soldiers of the underground until the end of the war, smuggling arms and making raids on the German army. After the liberation of France, he studied philosophy at the Sorbonne, making money as a student in surprising ways (by dressing as a priest and collecting donations, and stealing philosophy books from bookshops). It was in Paris however, that he met Jean-Paul Sartre and Simone de Beauvoir. It was a life-changing meeting. The young man began an affair with the older de Beauvoir that would last for seven years. He became the editor of Sartre's political-literary journal, *Les Temps Modernes*—a position which he holds to this day—and came to know the most important literary and philosophical figures of postwar France. And all this before he was 30 years old. Written in precise, rich prose of rare beauty, organized—like human recollection itself—in interconnected fragments that eschew conventional chronology, and describing in detail the making of his seminal film *Shoah*, *The Patagonian Hare*

becomes a work of art, more significant, more ambitious than mere memoir. In it, Lanzmann has created a love song to life balanced by the eye of a true auteur.

Hitler's American Model James Q. Whitman, 2017-02-14 How American race law provided a blueprint for Nazi Germany Nazism triumphed in Germany during the high era of Jim Crow laws in the United States. Did the American regime of racial oppression in any way inspire the Nazis? The unsettling answer is yes. In *Hitler's American Model*, James Whitman presents a detailed investigation of the American impact on the notorious Nuremberg Laws, the centerpiece anti-Jewish legislation of the Nazi regime. Contrary to those who have insisted that there was no meaningful connection between American and German racial repression, Whitman demonstrates that the Nazis took a real, sustained, significant, and revealing interest in American race policies. As Whitman shows, the Nuremberg Laws were crafted in an atmosphere of considerable attention to the precedents American race laws had to offer. German praise for American practices, already found in Hitler's *Mein Kampf*, was continuous throughout the early 1930s, and the most radical Nazi lawyers were eager advocates of the use of American models. But while Jim Crow segregation was one aspect of American law that appealed to Nazi radicals, it was not the most consequential one. Rather, both American citizenship and antimiscegenation laws proved directly relevant to the two principal Nuremberg Laws—the Citizenship Law and the Blood Law. Whitman looks at the ultimate, ugly irony that when Nazis rejected American practices, it was sometimes not because they found them too enlightened, but too harsh. Indelibly linking American race laws to the shaping of Nazi policies in Germany, *Hitler's American Model* upends understandings of America's influence on racist practices in the wider world.

Confronting the "Good Death" Michael S. Bryant, 2017-10-01 Years before Hitler unleashed the “Final Solution” to annihilate European Jews, he began a lesser-known campaign to eradicate the mentally ill, which facilitated the gassing and lethal injection of as many as 270,000 people and set a precedent for the mass murder of civilians. In *Confronting the “Good Death”* Michael Bryant analyzes the U.S. government and West German judiciary’s attempt to punish the euthanasia killers after the war. The first author to address the impact of geopolitics on the courts’ representation of Nazi euthanasia, Bryant argues that international power relationships wreaked havoc on the prosecutions. Drawing on primary sources, this provocative investigation of the Nazi campaign against the mentally ill and the postwar quest for justice will interest general readers and provide critical information for

scholars of Holocaust studies, legal history, and human rights. Support for this publication was generously provided by the Eugene M. Kayden Fund at the University of Colorado.

Eyewitness Auschwitz Filip Müller,1999-08-24 Filip Müller came to Auschwitz with one of the earliest transports from Slovakia in April 1942 and began working in the gassing installations and crematoria in May. He was still alive when the gassings ceased in November 1944. He saw millions come and disappear; by sheer luck he survived. Müller is neither a historian nor a psychologist; he is a source—one of the few prisoners who saw the Jewish people die and lived to tell about it. *Eyewitness Auschwitz* is one of the key documents of the Holocaust.

Anne Frank Anne Frank,1997 Thirteen year old Anne Frank, with her parents and sister and four other people, went into hiding in the sealed-off building in 1942, when the Nazi invaders intensified their persecution of Jews. For two years they remained safe. In August 1944 they were betrayed. Anne's diary was found, and it reveals her life and her spirit.

Mein Kampf Adolf Hitler,2024-02-26 Madman, tyrant, animal—history has given Adolf Hitler many names. In *Mein Kampf* (My Struggle), often called the Nazi bible, Hitler describes his life, frustrations, ideals, and dreams. Born to an impoverished couple in a small town in Austria, the young Adolf grew up with the fervent desire to become a painter. The death of his parents and outright rejection from art schools in Vienna forced him into underpaid work as a laborer. During the First World War, Hitler served in the infantry and was decorated for bravery. After the war, he became actively involved with socialist political groups and quickly rose to power, establishing himself as Chairman of the National Socialist German Worker's party. In 1924, Hitler led a coalition of nationalist groups in a bid to overthrow the Bavarian government in Munich. The infamous Munich Beer-hall putsch was unsuccessful, and Hitler was arrested. During the nine months he was in prison, an embittered and frustrated Hitler dictated a personal manifesto to his loyal follower Rudolph Hess. He vented his sentiments against communism and the Jewish people in this document, which was to become *Mein Kampf*, the controversial book that is seen as the blue-print for Hitler's political and military campaign. In *Mein Kampf*, Hitler describes his strategy for rebuilding Germany and conquering Europe. It is a glimpse into the mind of a man who destabilized world peace and pursued the genocide now known as the Holocaust.

The Holocaust and European Societies Frank Bajohr,Andrea Löw,2016-11-30 This book explores the Holocaust as a social process. Although the mass murder of European Jews was essentially the result of political-ideological decisions made by the Nazi state leadership, the events of the Holocaust

were also part of a social dynamic. All European societies experienced developments that led to the social exclusion, persecution and murder of the continent's Jews. This volume therefore questions Raul Hilberg's category of the 'bystander'. In societies where the political order expects citizens to endorse the exclusion of particular groups in the population, there cannot be any completely uninvolved bystanders. Instead, this book examines the multifarious forms of social action and behaviour connected with the Holocaust. It focuses on institutions and persons, helpers, co-perpetrators, facilitators and spectators, beneficiaries and profiteers, as well as Jewish victims and Jewish organisations trying to cope with the dynamics of exclusion and persecution.

Refugee Alan Gratz, 2017-07-25 The award-winning, #1 New York Times bestselling novel from Alan Gratz tells the timely--and timeless--story of three different kids seeking refuge. A New York Times bestseller! JOSEF is a Jewish boy living in 1930s Nazi Germany. With the threat of concentration camps looming, he and his family board a ship bound for the other side of the world... ISABEL is a Cuban girl in 1994. With riots and unrest plaguing her country, she and her family set out on a raft, hoping to find safety in America... MAHMOUD is a Syrian boy in 2015. With his homeland torn apart by violence and destruction, he and his family begin a long trek toward Europe... All three kids go on harrowing journeys in search of refuge. All will face unimaginable dangers -- from drownings to bombings to betrayals. But there is always the hope of tomorrow. And although Josef, Isabel, and Mahmoud are separated by continents and decades, shocking connections will tie their stories together in the end. As powerful and poignant as it is action-packed and page-turning, this highly acclaimed novel has been on the New York Times bestseller list for more than four years and continues to change readers' lives with its meaningful takes on survival, courage, and the quest for home.
