Paper Wonderland Michelle Romo, 2010-04-20 Get ready to go on the paper adventure of a lifetime in Paper Wonderland! From the moment you step foot in the Neighborhood, you'll meet new friends to accompany you on your travels. Go hiking through the Forest with woodland creatures, and then relax with a dip in the Ocean. Trade your beach towel for a safari hat and go on a Jungle excursion that will have you swinging from the trees! Finally, return to the Big City to take in some fabulous sights. So sweet they make your teeth hurt, Michelle Romo's characters are begging to be brought to life with just scissors and tape. Besides adorable animals and people, the collection also includes a pirate ghost, a toaster oven, cute mustaches you can wear and much, much more! Come on! Grab your scissors and tape and let's visit Paper Wonderland! This book includes: 32 paper toy templates to cut out and build Downloadable PDFs of each paper toy template Step-by-step photographic instructions to make each toy Beautiful illustrations, colorful patterns and lots of fun!

Homies: A David Gonzales Retrospective David Gonzales, 2016-12-21 Cruise on a trip through my memories of drawing lowriders and tees, of creating Homies for the last thirty-five years. A pictorial narrative of one artist following his dreams... Created by David Gonzales, the Homies first appeared as an underground comic strip that debuted in Lowrider Magazine in 1978, a reflection of his friends and lifestyle. At first a group of tightly knit Chicano buddies from East Los Angeles, the Homies expanded their crew to over 300 characters from all different cultures, genres, and even species. In an inner-city world plagued by poverty and oppression, they formed a strong, binding cultural support system that enabled them to overcome

negativity and turn to laughter and good times as an antidote for reality. Homies erupted as a mainstream sensation in 1994 when trend-savvy retailer Hot Topic offered Homies shirts for sale, rapidly becoming popular with the youth market. Following on the heels of a successful T-shirt run, Homies was licensed for figurines in the vending machine toy industry, where all sales records were broken, with over 150 million figurines sold worldwide. The licensing program soon spread to products such as action figures, remote-control and die-cast cars, notebooks, posters, plush, Halloween masks, video games, music, and more, carried by specialty and mass retailers everywhere. History of the Homies is a triumphant celebration of the turbulent times, remarkable artistry, and youthful street culture of a pop culture phenomenon, including hundreds of pictures and a complete guide to Homies figurines.

Crafts for Everyone: Plastic craft. Applied design. Textile art. Paper craft Louis Vest Newkirk, La Vada Zutter, 1950

HIP-HOP RAISED ME Vol 1 Jessica Chiha,2020-04

Good Toys, Bad Toys Andrew McClary,2015-02-18 In early America, most children had only a few toys and parents received advice from family and friends on the best ways to make and use toys. By the early 1900s the Industrial Revolution was producing a new world of toys and giving more parents the wealth to buy them. Mass media also sang the praises of these new factory-made, store-bought toys, but that began to change as early as the mid-1900s when the mass media was used to inform parents of the many dangers of children's toys. Many encourage violence, sexism, racism, and some are actually unsafe and unhealthy. The development of children's toys from early America to the present time and the shifting opinions of them expressed by parents and the mass media throughout this time are the main subjects of this book. The first section discusses the many problems with toys, while the second puts these problems in historical perspective. How have these problems changed, and are still changing today? Might today's toys be about to enter a time when they will be better than ever? The third section argues that many media toy watchers are biased toward the negative, giving toys more of a black eye than they deserve, and considers the challenges that face today's parents as they try to choose the best toys for their children.

Toys and American Culture Sharon M. Scott,2009-12-09 Tracing developments in toy making and marketing across the evolving landscape of the 20th century, this encyclopedia is a comprehensive reference guide to America's most popular playthings and the culture to which

they belong. From the origins of favorite playthings to their associations with events and activities, the study of a nation's toys reveals the hopes, goals, values, and priorities of its people. Toys have influenced the science, art, and religion of the United States, and have contributed to the development of business, politics, and medicine. Toys and American Culture: An Encyclopedia documents America's shifting cultural values as they are embedded within and transmitted by the nation's favorite playthings.

Alphabetically arranged entries trace developments in toy making and toy marketing across the evolving landscape of 20th-century America. In addition to discussing the history of America's most influential toys, the book contains specific entries on the individuals, organizations, companies, and publications that gave shape to America's culture of play from 1900 to 2000. Toys from the two decades that frame the 20th century are also included, as bridges to the fascinating past—and the inspiring future—of American toys.

Paper Toys and how to Make Them Fritz Koch,1907

Paper in My Pocket from Both Sides of the Fence

Tyrone Whichard,2011-03-18 The reason for this book is to show the world both sides of the fence and if you dont get that what I mean is to show you both sides of life. I came from the hood, but I never thought one way. I was always shown both sides of the fence so I was taught at 9 years old to get the money as fast as they make it.

All Things Paper Ann Martin,2013-05-21 Make decorative, simple do-it-yourself projects with this friendly guide to paper crafting. You and your family will love to spend hours making beautiful paper art, jewelry, and decorations with All Things Paper. This easy paper crafts book comes with simple-to-follow instructions and detailed photos that show you how to create colorful and impressive

art objects to display at home—many of which have practical uses. It is a great book for experienced paper craft hobbyists looking for new ideas or for new folders who want to learn paper crafts from experts. Projects in this papercrafting book include: Candle Luminaries Citrus Slice Coasters Mysterious Stationery Box Everyday Tote Bag Silver Orb Pendant Fine Paper Yarn Necklace Wedding Cake Card Perfect Journey Journal And many more... All the projects in this book are designed by noted paper crafters like Benjamin John Coleman, Patricia Zapata, and Richela Fabian Morgan. They have all been creating amazing objects with paper for many years. Whether you're a beginner or have been paper crafting for many years, you're bound to find something you'll love in All Things Paper. Soon you will be on your way to creating your own designs and paper art.

Routledge Handbook of Chicana/o Studies Francisco A. Lomelí,Denise A. Segura,Elyette Benjamin-Labarthe,2018-08-06 The Routledge Handbook of Chicana/o Studies is a unique interdisciplinary resource for students, libraries, and researchers interested in the largest and most rapidly growing racial-ethnic community in the United States and elsewhere which can either be identified as Chicano, Latino, Hispanic, or Mexican-American. Structured around seven comprehensive themes, the volume is for students of American studies, the Social Sciences, and the Humanities. The volume is organized around seven critical domains in Chicana/o Studies: Chicana/o History and Social Movements Borderlands, Global Migrations, Employment, and Citizenship Cultural Production in Global and Local Settings Chicana/o Identities Schooling, Language, and

Literacy Violence, Resistance, and Empowerment
International Perspectives The Handbook will stress the importance of the historical origins of the Chicana/o Studies field. Starting from myth of origins, Aztlán, alleged cradle of the Chicana/o people lately substantiated by the findings of archaeology and anthropology, over Spanish/Indigenous relations until the present time. Essays will explore cultural and linguistic hybridism and showcase artistic practices (visual arts, music, and dance) through popular (folklore) or high culture achievements (museums, installations) highlighting the growth of a critical perspective grounded on key theoretical formulations including borderlands theories, intersectionalities, critical race theory, and cultural analysis.

Homer's Odyssey Gwen Cooper, 2009-08-25 ONCE IN NINE LIVES, SOMETHING EXTRAORDINARY HAPPENS. The last thing Gwen Cooper wanted was another cat. She already had two, not to mention a phenomenally underpaying job and a recently broken heart. Then Gwen's veterinarian called with a story about a three-week-old eyeless kitten who'd been abandoned. It was love at first sight. Everyone warned that Homer would always be an "underachiever." But the kitten nobody believed in quickly grew into a three-pound dynamo with a giant heart who eagerly made friends with every human who crossed his path. Homer scaled seven-foot bookcases with ease, survived being trapped alone for days after 9/11 in an apartment near the World Trade Center, and even saved Gwen's life when he chased off an intruder who broke into their home in the middle of the night. But it was Homer's unswerving loyalty, his infinite capacity for love, and his joy in the face of all obstacles that transformed Gwen's life. And by the time she met the man she would marry, she realized that Homer had taught her the most valuable

lesson of all: Love isn't something you see with your eyes.
BONUS: This edition contains a new afterword and an excerpt from Gwen Cooper's Love Saves the Day.

The Children's Friend ,1912

The Old Truck Jerome Pumphrey, Jarrett

Pumphrey, 2020-01-07 A young girl turns her imagination into action in this beautifully crafted and intricately designed debut picture book. When is an old truck something more? On a small, bustling farm, a resilient and steadfast pickup works tirelessly alongside the family that lives there, and becomes a part of the dreams and ambitions of the family's young daughter. After long days and years of hard work leave the old truck rusting in the weeds, it's time for the girl to roll up her sleeves. Soon she is running her own busy farm, and in the midst of all the repairing and restoring, it may be time to bring her faithful childhood companion back to life. With an eye-catching retro design and cleverly nuanced illustrations, *The Old Truck* celebrates the rewards of determination and the value of imagination.

A Room Without Toys Suzanne Person, 2008-12-29 A

Room Without Toys is essentially the story of Victoria Windsor, beautiful and brilliantly gifted star of the London stage and apparently a woman to be envied. Yet when we go behind the velvet curtain which would ordinarily separate the actress from her audience, we find the reality of her life to be quite different. From a childhood which with one touching exception is a lonely one, we follow her through the frustration of endless auditions to the years of growing theatrical renown-years which at the same time are ironically the emptiest of her life-and finally to her meeting with the one man able to awaken her to her full potential, both as a human being and as a woman. The theme of all this is stated in the title for through much of Victoria's life,

she is indeed like a child in a room without toys. Many different elements combine to make this a compelling and yet highly readable novel. 1) A strong central character equally as fascinating as any of the real life actresses who has recently felt the urge to tell all in an autobiography. 2) The elegance and charm of its London setting-London with its theatres, its parks, its pubs, its centuries old association with the majesty of the British crown. 3) The glimpse it provides of the backstage world of the theatre-a world most people would otherwise never see. *A Room Without Toys* is more, however, than merely the whole constituted of these parts which are, after all, only things of the surface and the novel goes much deeper than that. Will a child starved for love and caring grow into an emotionally crippled adult for whom normal, interpersonal relationships are all but impossible? It is this vital psychological issue which the work attempts to explore as slowly Victoria Windsor learns to believe in herself, learns to trust and most important of all, learns to love.

Mass-Produced Original Paintings, the Psychology of Art, and an Everyday Aesthetics Martin S. Lindauer, 2020-10-20
This book examines the contribution of mass-produced original painting to the psychology of art, psychological aesthetics, and art criticism. Mass-produced paintings are an inexpensive, accessible, ubiquitous, and hand-painted popular art by anonymous artists or teams. Sold in an array of outlets, ranging from flea markets to shopping centers to cruise ships, they decorate hotels, offices, and homes. Addressed is their neglect in current scholarship in favor of a nearly exclusive investigation of the high arts and their audiences, as represented by museum paintings. Lindauer contextualizes his analysis by tracing the historical origins of this type of painting, popular art in general, and their evolutionary trajectory, exploring issues including: the

impact of art and artists' creativity on viewers; the overemphasis on originality and name recognition; what is art and who can be called an artist; and the extension of aesthetics to include an everyday kind. The book concludes with directions for future research in the popular and traditional arts, the psychology of art, and, more broadly, the ties that transcend barriers between science, the arts, and the humanities. It will appeal to students and scholars from across the fields of psychology, sociology, philosophy, art history, and cultural, media and communication studies.
